### **The Walls Around Us** Nova Ren Suma, 2014-12-12

SPECIAL PREVIEW! "Ori's dead because of what happened out behind the theater, in the tunnel made out of trees. She's dead because she got sent to that place upstate, locked up with those monsters. And she got sent there because of me." *The Walls Around Us* is a ghostly story of suspense told in two voices--one still living and one long dead. On the outside, there's Violet, an eighteen-year-old dancer days away from the life of her dreams when something threatens to expose the shocking truth of her achievement. On the inside, within the walls of a girls' juvenile detention center, there's Amber, locked up for so long she can't imagine freedom. Tying these two worlds together is Orianna, who holds the key to unlocking all the girls' darkest mysteries. We hear Amber's story and Violet's, and through them Orianna's, first from one angle, then from another, until gradually we begin to get the whole picture--which is not necessarily the one that either Amber or Violet wants us to see. Nova Ren Suma tells a supernatural tale of guilt and innocence, and what happens when one is mistaken for the other. Praise for *Imaginary Girls*: "A surreal and dreamy world where magical thinking

is carried to a chilling extreme.” —Publishers Weekly, starred review Praise for 17 & Gone: “Suma’s exquisite sentence-level writing and fine eye for creepy detail are in abundant evidence.” —Kirkus Reviews

**A School in Ren Village** Hongchang Si, 2018-05-08 By adopting oral history and fieldwork methods and exploring historical data, this book chronologically depicts the development of the schools and education in a village in North China over a century. The book reveals how education and school life in the rural village are being impacted not only by its own history and traditions, but also by external powers; more specifically, the development of rural schools is influenced by the tensions between Chinese and Western culture, between history and reality, between countryside and cities, and between national and local powers. In essence, villagers’ educational experience is actually a battlefield for school education and local tradition – the children’s lives are dominated by school education, leaving local traditions few opportunities to exert an influence. The study also discusses how school education and local traditions have influenced villagers’ social mobility, a topic that has rarely been studied in previous literature. In summary, rural schools have been developing within an interactive network composed of various actors. With the fading of national power since the 1980s, local rural actors have enjoyed a much more liberal social and political space and thus now play a more active role in rural education. Presenting a microcosm that reflects the historical development of rural education in China, the book is a valuable resource for researchers in the field of rural education, educational history, and educational anthropology, as well as for readers interested in rural education in China.

Teacher Educator International Professional

Development as Ren Laura Blythe Liu, 2015-05-26 Teacher-educator international professional development involves personal and professional, research- and practice-oriented, and pragmatic and aesthetic growth. This text encourages teacher educators to explore this work as Ren, or benevolent human beings, in cultivating global professional communities. As faculties engage in Ren as a vital 21st century form of development, new insights may emerge for how to revive and apply this concept in our changing global society. This text begins by discussing evolving concepts of achievement in an era of globalization, contrasting comparative conquest with global notions of relational integrity. Evolving aspects of achievement in 21st century China are also included. The text goes on to explore aspects of 21st century teacher quality and professional development, before presenting a theoretical framework for the international professional development of teacher education faculties as a process of becoming professional individuals, research-based practitioners, and aesthetic engineers. Narrative inquiry, including the aesthetic approach employed in this text, is described as the research method used to explore the development of 15 faculty participants in this text's case study of one teacher education research center at a Chinese university. Findings from the author's two-year immersion at the research site involve three overarching "complementary contrasts," or "tensions held in balance," across the 15 faculties in this study. These tensions included harmonizing (1) community and individuality, (2) adaptability and expression, and (3) authority and compassion. The findings are discussed in light of the original theoretical framework for teacher-educator international professional development by integrating participant interviews, research publications, and further observations into current academic discourse.

The text concludes by offering implications for teacher-education practice, research, and policy for China, and other countries including the U.S., and suggests how the findings connect to global academic discourses on teacher-educator professional development across international settings.

Ren's Treasure Diana J. Drake, 2022-07-20 The sudden death of her mother brings a sad, scared and angry Ren Adair to live with her eccentric Aunt Bar (Bear), a bibliophile and historian, in a cottage on Raven's Cove near Vancouver, British Columbia. There, the twelve year old Ren finds a riddle in her great grandmother's camphor chest that sends her and her new friend, Bean, on a quest to find Smuggler Jones' long-lost treasure. Hounded by a dangerous villain, the Snake Man, Ren and Bean set out to decipher a series of hidden clues. The story that lies behind these six riddles takes the children on an exciting adventure; one that involves sacred Indigenous sites, mysterious islands, a derelict and haunted power station and secret caves. "More than anything else, Ren, we are story people. Stories tell us who we are and who we want to be. And the good ones last because they're true." What does the Keeper of the Dream Stone mean when she calls Ren a "warrior"? Will Ren and Bean find Jonesy's fortune before the Snake Man? What else will they discover in the hidden cave of Say Nuth Kway, the two-headed serpent? For anyone who has struggled with loss this is a story about the healing power of hope. ### **The Letter to Ren An and Sima Qian's Legacy**

Stephen Durrant,Wai-yee Li,Michael Nylan,Hans van Ess,2016-04-18 Sima Qian (first century BCE), the author of *Record of the Historian* (Shiji), is China's earliest and best-known historian, and his "Letter to Ren An" is the most famous letter in Chinese history. In the letter, Sima Qian explains his decision to finish his life's work, the first comprehensive history of China, instead of honorably committing suicide following his castration for "deceiving the emperor." In the twentieth and twenty-first centuries, some scholars have queried the authenticity of the letter. Is it a genuine piece of writing by Sima Qian or an early work

of literary impersonation? The Letter to Ren An and Sima Qian's Legacy provides a full translation of the letter and uses different methods to explore issues in textual history. It also shows how ideas about friendship, loyalty, factionalism, and authorship encoded in the letter have far-reaching implications for the study of China.

**The Girl & Her Ren** Pepper Winters, 2018-06-05 The Final Conclusion to Ren and Della's Story. "What do you do when you write down all your secrets? No...that's not enough. What do you do when you write down all your secrets and the one person who should never read them does? I'll tell you what you do. You hope." REN Ren didn't know the meaning of love until he took Della for his own. To begin with, he hated her, but as the months bled into years, he learned the opposite of hate, dedicating his life to giving her everything. Every sacrifice, every gift, he gave wholeheartedly. But then love turned to lust and ruined everything. DELLA I was stupid to write down my secrets,

but I'd been stupid before, so it was nothing new. I couldn't blame him, hate him, fix him. I tried to move on without him. But no matter what I did, I couldn't seem to delete the secrets I'd written. Until something happened. Until he came back and read my stupid secrets. And nothing was the same after that.

*Ren and Della Boxed Set* Pepper Winters, 2018-10-29  
From New York Times Bestseller, Pepper Winters, comes her most poignant tale yet. This edition contains both books: THE BOY & HIS RIBBON and THE GIRL & HER REN. The complete RIBBON DUET. “What do you do when you meet your soul mate? No wait...that’s too easy. What do you do when you meet your soul mate and have to spend a lifetime loving him in secret? I’ll tell you what you do. You lie.” REN Ren was eight when he learned that love doesn’t exist—that the one person who was supposed to adore him only cared how much he was worth. His mother sold him and for two years, he lived in terror. But then...he ran. He thought he’d run on his own. Turned out, he took something of theirs by accident and it became the one thing he never wanted and the only thing he ever needed. DELLA I was young when I fell in love with him, when he switched from my world to my everything. My parents bought him for cheap labour, just like they had with many other kids, and he had the scars to prove it. At the start, he hated me, and I could understand why. For years he was my worst enemy, fiercest protector, and dearest friend. But by the end...he loved me. The only problem was, he loved me in an entirely different way to the way I loved him. And slowly, my secret drove us apart. ★6 Stars! The boy and his Ribbon... From Honto Jin to Bensheng Ren Shih-jung

Tzeng,2009-05-16 This book attempts to use numerous volumes of mostly unpublished diaries for examining issues of Taiwanese identity. Using the diaries of two Taiwanese intellectuals, the author examines how the Taiwanese national consciousness emerged and was reconstructed under the Japanese and Chinese Nationalist rule between 1920 and 1955, suggesting that a multi-dimensional Taiwanese national consciousness was created in the 1920s. Nevertheless, between 1937 and 1945, it was reconstructed by the imperial war mobilization. It then underwent a further reconstruction during and after the regime change from Japan to China, leading to the emergence of the bensheng ren (native Taiwanese) consciousness. The emerging international Cold War environment enabled the creation of a de facto independent state based on Taiwan-size governance, which had an impact on shaping the bensheng ren identity.
