Peter Mersky

F-8 and RF-8 Crusader in Detail and Scale Bert Kinzey,2019-04-11 Detail & Scale produced its first book on the F-8 Crusader in 1988, and it was one of the most successful titles in the Detail & Scale Series. This new work, F-8 & RF-8 Crusader in Detail & Scale, brings our original work forward 31 years, enriched with much new content, more photos, mostly in color, and the addition of dozens of illustrations and full color profiles. The photographic collections of some of the very best aviation photographers have been opened to Detail & Scale, and several recognized experts have also contributed to this new book, resulting in a new, more comprehensive, and much larger publication on the Crusader.The book begins with a comprehensive developmental and operational history of the Crusader, a jet fighter that achieved a number of firsts and went a long way towards bringing Naval carrier-based fighters to a level equal to and in some cases surpassing that of land-based fighters. This is followed by a chapter covering every variant of the Crusader produced for the U. S. Navy and Marines, from the prototypes, all of the F-8A/B/C/D/E variants and their upgraded versions after the remanufacture program, the two-seat TF-8A, both the original and remanufactured versions of the RF-8 photo reconnaissance variant, and the XF8U-3 prototype, often considered the best aircraft ever cancelled. Chapters on the F-8s used by NASA in advanced flight research and the Crusaders used by the French Navy and the Philippine Air Force follow.An area of wholly new content is contained in a chapter on the Crusader in the Vietnam War. A summary of how the Navy and Marines used the F-8 and RF-8 in Vietnam is provided, including a listing of every fighter squadron that flew the Crusader in combat. A comprehensive table lists all of the F-8 carrier deployments carried out by the Navy fighter squadrons as well as the Marine squadrons that flew out of Da Nang Air Base, South Vietnam. The chapter concludes with color photographs and full color profiles of all nineteen F-8s responsible for the confirmed destruction of MiGs in air combat.A comprehensive chapter on Crusader Details, long the hallmark of the Detail & Scale brand, follows. This chapter contains nine sections covering the cockpit, windscreen and canopy, fuselage, landing gear, wings, tail, engine, armament, and ECM equipment details. Complete coverage of almost every square inch of the various variants of the Crusader is provided through 136 high resolution photographs and illustrations (123 in full color).As with all Detail & Scale books, the final chapter covers the scale models of the Crusader, from the early kits that are now only collector's items, to the gamut of kits that have been available for the past half-century. The standard modeling scales of 1/144th, 1/72nd, 1/48th, and 1/32nd are treated as separate sections and the available models in are reviewed.F-8 & RF-8 Crusader in Detail & Scale is an extensively detailed look at the F-8 Crusader, with more color photos of this iconic Navy fighter than any other book ever published. This print edition features 105 pages, 259 high resolution photographs (239 in color), 25 full color profiles and 19 Illustrations.

RF-8 Crusader Units over Cuba and Vietnam Peter Mersky,2012-11-20 Although the Crusader was built first and foremost as a Navy interceptor, as has often been the tradition with US fighters, a photo-reconnaissance variant was also produced by Vought. The photo-bird's first operational test came in the autumn of 1962 when its overflights of Cuba alerted the world to the likely presence of medium-range ballistic missiles on the Caribbean island. The recce Crusader's next action came during the long years of the Vietnam War. This volume is the second of two in the Combat Aircraft series devoted to the Crusader, the first title (again by Peter Mersky) having covered the F-8 fighter variants, and their MiG-killing exploits, during the Vietnam War.

F-8 Crusader in Detail & Scale Bert Kinzey,1988

Vought's F-8 Crusader Steve Ginter,1988-01-01 The photos in this edition are black and white. First published in 1988, the RF-8 book is one of four volumes on the famous F-8 Crusader series. The Supersonic PhotoSader first appeared in December 1956. Ultimately 144 aircraft were produced and were operated by both the Navy and Marines. They were in continuous operations as Dets. on fleet carriers from 1957-1982 and continued on in the Reserves through 1984. In 1962 the RF-8 became famous during Operation Blue Moon when VMJ-2 and VFP-62 Crusaders documented the Cuban Missile Crisis by taking over 160,000 photos while logging over a 100 flight hours. The book covers the squadron histories of the RF-8 squadrons and its usage in Vietnam.

Eyes of the Fleet Over Vietnam Kenneth V. Jack,2021-11-10 This military study of the air war in Vietnam offers a vividly detailed examination of the critical role played by unarmed photo recon aircraft. While photo reconnaissance was a critical factor in the Vietnam War, its methods and operations remained a classified secret for many years. In *Eyes of the Fleet Over Vietnam*, veteran and historian Kenneth V. Jack sheds light on the subject by examining the role of the unarmed supersonic RF-8A/G photo-Crusader throughout the war, as well as the part played by its F-8 and F-4 escort fighters. The historical narrative is brought to life through vivid first-hand details of dangerous missions over Laos and North Vietnam. Jack pieces together a detailed chronology of photo recon in the Vietnam War between 1964 and 1972, describing all types of missions, including several Crusader vs. MiG dogfights and multiple RF-8 shootdowns with their associated, dramatic rescues. The narrative focuses on Navy Photo Squadron VFP-63, but also dedicates chapters to VFP-62 and Marine VMCJ-1.

F-8 Crusader Units of the Vietnam War Peter Mersky,2012-11-20 Known to its pilots as the 'last of the gunfighters' due to its quartet of Colt-Browning Mk 12 20 mm cannon, the F-8 Crusader was numerically the most populous fighter in the US Navy at the start of America's involvement in the Vietnam conflict in 1964 – some 482 F-8C/D/Es equipped 17 frontline units. It enjoyed great success against North Vietnamese Mig-17s and Mig-21s during the Rolling Thunder campaign of 1965-68, officially downing 18 jets, which represented 53 per cent of all Mig claims lodged by Navy squadrons during this period.

In a global taken by screens and the ceaseless chatter of quick conversation, the melodic beauty and psychological symphony created by the published word usually fade into the back ground, eclipsed by the relentless noise and distractions that permeate our lives. However, set within the pages of **Rf 8** a stunning literary treasure filled with fresh emotions, lies an immersive symphony waiting to be embraced. Constructed by a wonderful composer of language, this captivating masterpiece conducts readers on an emotional trip, skillfully unraveling the hidden songs and profound affect resonating within each cautiously constructed phrase. Within the depths with this touching examination, we shall investigate the book is key harmonies, analyze their enthralling writing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
