Japan's Motorcycle Wars Jeffrey W. Alexander,2009-01-01 For decades the crown jewels of Japan's postwar manufacturing industry, motorcycles remain one of Japan's top exports. Japan's Motorcycle Wars assesses the historical development and societal impact of the motorcycle industry, from the influence of motor sports on vehicle sales in the early 1900s to the postwar developments that led to the massive wave of motorization sweeping the Asia-Pacific region today. Jeffrey Alexander brings a wealth of information to light, providing English translations of transcripts, industry publications, and company histories that have until now been available only in Japanese. By exploring the industry as a whole, he reveals that Japan's motorcycle industry was characterized not by communitarian success but by misplaced loyalties, technical disasters, and brutal competition.

The Palgrave Handbook of Sound Design and Music in Screen Media Liz Greene,Danijela Kulezic-Wilson,2016-12-14 This book bridges the existing gap between film sound and film music studies by bringing together scholars from both disciplines who challenge the constraints of their subject areas by thinking about integrated approaches to the soundtrack. As the boundaries between

scoring and sound design in contemporary cinema have become increasingly blurred, both film music and film sound studies have responded by expanding their range of topics and the scope of their analysis beyond those traditionally addressed. The running theme of the book is the disintegration of boundaries, which permeates discussions about industry, labour, technology, aesthetics and audiovisual spectatorship. The collaborative nature of screen media is addressed not only in scholarly chapters but also through interviews with key practitioners that include sound recordists, sound designers, composers, orchestrators and music supervisors who honed their skills on films, TV programmes, video games, commercials and music videos.

Blue Eclipse Book I Patrick Joseph, 2020-11-12 A poetic story rhyme that is a compilation of scripted youthful times. Within these pages is a shard from a greater story that chronicles the legacy of characters meant for the entertainment, each individually purposed for a grand design. And as the wheels of fate turn, each character will play their part, unable to understand the greater role they partake in within the great theatrics of the world play. Each figure within this are pulled from historical sources, past and present, with subtle liberties to flesh out the true nature of their character. So as disparate destined paths cross into the other and intersect, the fiery ambition they possess will become their sword while the purity of their immortal soul will become their shield, individually designed to protect a sincere dream, while defending their outer shell from being torn away from this mortal coil. And as each soul delves beyond the grip of the unfamiliar of their opening acts, a threshold would demand to be crossed as they individually, with warm hearts and open minds, yearn for meaning, as they individually await a glimpse of their true purpose, escaping the confines of ephemeral restraints to push to a space that exists beyond sight.
