The Ringo Starr Encyclopedia Bill Harry,2012-12-31 Ringo Starr was the genuine working-class member of the Beatles. Born into poverty in a tiny house in Liverpool's Dingle area, deserted by his father, he suffered years of illness which seriously affected his schoolwork. Despite having all the odds against him, he became one of the most famous people on the planet. The Ringo Starr Encyclopedia completes the Virgin series on the individual Beatles and in the most comprehensive book about Ringo Starr ever written.

Against the Tide John Ringo,2005-02-01 Problems, Problems, Problems . . . The world had been a paradise until the Fall, when the holders of the control codes for the world-spanning program called Mother fell out in civil war. The United Free States felt well defended behind its screen of elite Dragon carriers that held sway in the Atlantis Ocean. But when New Destiny proved to have dragon carriers of its own, and more of them, the linch-pin of the UFS defense went out the window. Now, with the UFS' back to the wall, everything seems to be going New Destiny's way. But there are problems. Edmund Talbot had never really studied naval warfare, but what he didn't know about war in general hadn't been written. So when he took over the UFS navy, at its moment of utter defeat, New Destiny's problems were just starting. And little did the instigator of the civil war, Paul Boman, know that his closest confidante was the daughter of the UFS' head of intelligence. Megan Travante, for four years mired in a concubine's harem, has just been recruited to be an agent in the enemy camp. Of course, she's also planning on murdering Paul, just as soon as she gets a chance. Herzer Herrick, the UFS' premier ground fighter, has problems of his own. A man who's good with his hands he's also found he's good with a dragon. Which is why he's the XO of a dragon contingent instead of fighting in the front lines of the ground battle. With a crew of brand new pilots, undertrained dragons, untrained support personnel, the bitchiest dragon CO on Earth and a ship's commander who's half cat, he has enough problems for any one man. And then he gets an order that drops a whole passel more in his lap. The battle of dragon carrier on dragon carrier is about to start, with the fleets pursuing each other over half the Atlantis Ocean in a game of cat-and-mouse. But all the cats are on the side of the UFS. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Legends of Rock & Roll - Ringo Starr (Before, During & After the Beatles) James Hoag,2019-08-03 This is, like the others, a mini-biography of one the greatest performers in the music world. This is the fourth of a series within a series covering the four members of, arguably, the greatest group in music history, The Beatles. This report concentrates on Ringo Starr. This book is not about the Beatles. While I know that you can't write about Ringo Starr without considering the Beatles, the emphasis of this book is not the group, but instead, the life and music of Ringo as an individual and as a solo performer. In this particular volume, like before, I will discuss Ringo's early life and his joining up with three other lads to create what is probably the greatest rock and roll group in the history of the world. Come with me for a walk down memory lane as I review the life of Ringo Starr, and especially, the music that he produced. We'll visit each of his hits and find out how they came to be written or how they were recorded; and discuss any trivia that might be associated with the music. This book is about the man but even more importantly, it's about the music. This series is my way of honoring the people that have brought so much joy to our lives over the years.It is an unauthorized fan tribute.

Postcards from the Boys Ringo Starr,2005-09-01 A unique insight into the friendship between the members of the Beatles through postcards sent to Ringo from John, Paul and George. Sensationally presented, this book features 53 postcards sent by John Lennon, George Harrison and Paul McCartney to Ringo Starr. The superb facsimile reproductions of the cards, complete with the occasional drawing, depict both the spontaneous wit and art of the Beatles. The reproduction of the postcards is supplemented by revealing text from Ringo explaining the meaning behind the cards and documenting the corresponding moments in his life. This visually stunning and intriguing book is, quite simply, a must-have for anyone interested in the story of the Beatles phenomenon.

Citadel John Ringo,2011-01-01 Of all the hosts of Eurotas the Troias were the most fell. For they were born of Winter. Between the Solar Array Pumped Laser and Troy, the two trillion ton nickel-iron battlestation created by eccentric billionaire Tyler Vernon, Earth has managed to recapture the Sol system from their Horvath conquerors and begin entering the galactic millieu. But when the Rangora Empire rapidly crushes humanity's only ally it becomes clear the war is just beginning. At the heart of nickel iron and starlight are the people, Marines, Navy and civilians, who make Troy a living, breathing, engine of war. Survivors of apocalypse, they know the cost of failure. If this Troy falls, no one will be left to write the epic. Citadel continues the saga begun in Live Free or Die, following the paths of several characters during the first years of The Spiral Arm Wars culminating in the First Battle of E Eridani. At the publisher's request, this title is sold without DRM (Digital Rights Management).

John Ringo, King of the Cowboys David D. Johnson,2008 Few names in the lore of western gunmen are as recognizable. Few lives of the most notorious are as little known. Romanticized and made legendary, John Ringo fought and killed for what he believed was right. As a teenager, Ringo was rushed into sudden adulthood when his father was killed tragically in the midst of the family's overland trek to California. As a young man he became embroiled in the blood feud turbulence of post-Reconstruction Texas. The Mason County “Hoo Doo” War in Texas began as a war over range rights, but it swiftly deteriorated into blood vengeance and spiraled out of control as the body count rose. In this charnel house Ringo gained a reputation as a dangerous gunfighter and man killer. He was proclaimed throughout the state as a daring leader, a desperate man, and a champion of the feud. Following incarceration for his role in the feud, Ringo was elected as a lawman in Mason County, the epicenter of the feud’s origin. The reputation he earned in Texas, further inflated by his willingness to shoot it out with Victorio’s raiders during a deadly confrontation in New Mexico, preceded him to Tombstone in territorial Arizona. Ringo became immersed in the area’s partisan politics and factionalized violence. A champion of the largely Democratic ranchers, Ringo would become known as a leader of one of these elements, the Cowboys. He ran at bloody, tragic odds with the Earp brothers and Doc Holliday, finally being part of the posse that hounded these fugitives from Arizona. In the end, Ringo died mysteriously in the Arizona desert, his death welcomed by some, mourned by others, wrongly claimed by a few. Initially published in 1996, John Ringo has been updated to a second edition with much new information researched and uncovered by David Johnson and other Ringo researchers.

Live Free or Die John Ringo,2023-07-04 Will the People of Earth Bow Down to Alien Overlords—or Will They Fight Back? First Contact Was Friendly When aliens trundled a gate to other worlds into the Solar System, the world reacted with awe, hope, and fear. The first aliens to come through, the Glatun, turned out to be peaceful traders, and the world breathed a sigh of relief. Who Controls the Orbitals, Controls the World When the Horvath came through, they announced their ownership of us by dropping rocks on three cities and gutting them. Since then, they've held Terra as their own personal fiefdom. With their control of the orbitals, there's no way to win and Earth's governments have accepted the status quo. Live Free or Die To free the world from the grip of the Horvath is going to take an unlikely hero. A hero unwilling to back down to alien or human governments, unwilling to live in slavery, and with enough hubris, if not stature, to think he can win. Fortunately, there's Tyler Vernon. And he has bigger plans than just getting rid of the Horvath. Troy Rising is

a book in three parts—Live Free or Die being the first part—detailing the freeing of Earth from alien conquerors, the first steps into space using off-world technologies and the creation of Troy, a thousand-trillion-ton battle station designed to secure the Solar System.

Into the Looking Glass John Ringo,2005-06-01 WORST TWO OUT OF THREE When a 60 kiloton nuclear explosion destroys the University of Central Florida, terrorism is the first suspect. But terrorists don't generally leave doorways to another world in their wake. Or, rather, a generator of doorways to multiple other worlds. With time of the essence, the Secretary of Defense scrounges up the nearest physicist with a high level security clearance. With doctorates in everything from nuclear physics to electrical engineering, William Weaver, PhD, is the egghead's egghead. On the other hand, with skills in everything from mountain biking to screaming electric guitar, he's also fast enough and tough enough to survive when the alien gates start disgorging demons. As a snap decision, he appears to be the perfect choice, smart, tough and capable. Now if he could only patch things up with his girlfriend, get his boss off his back and get his cellphone bill paid. Oh, yeah, and figure out why the heck these gates keep opening. Okay, so sometimes he's got priority issues. As the gates spread and evil aliens spread with them, it is up to Weaver and SEAL Command Master Chief Miller to find a way to stop the proliferation and close the hostile gates. The problem being that the only way they can see to save the earth is destroy it. Then there's not going to be any more girlfriends or cellphones or bosses . . . Hmmm... Okay, two out of three of those are bad. They're really, really bad. Bad on toast. Bad like the Pacific is watery. Every day a Monday, bad. One and a half at the very least. Worst two out of three. Gotta prioritize. Guess Weaver and Miller are just gonna have to save the world. At the publisher's request, this title is sold without DRM (Digital Rights Management).
