Christian Lardier, Stefan Barensky

The Proton Launcher Christian Lardier, Stefan Barensky, 2018-03-27 The Soviet / Russian space program was in the hands of three industrial empires: those of Serguei Korolev, the Soviet von Braun who launched Sputnik-1 and Yuri Gagarin, Vladimir Tchelomei, his main competitor, and Mikhail Yangel, Many launchers and satellites in Ukraine. In 2011, we published a first book on the history of the Soyuz launcher that was developed by Korolev and launched more than 1,800 copies. This time, we tell the story of the Proton, the main competitor of the European launcher Ariane, which was developed by Chelomei and launched more than 400 copies. Finally, the last book of the trilogy will deal with the many developments of Yangel. In the three books, the first part deals with the history of rockets in the USSR / Russia (East) and the second part on the history of their commercialization in the West.

Backseat To Baghdad Ross W. Simpson, 2022-11-03 It was Shake and Bake Time when I rode into battle in Iraq with the First Marine Division's lead assault battalion. I saw Operation Iraqi Freedom in March 2003 from the backseat of a Humvee in Counter Mech Platoon, 1st Battalion, 5th Marines. The first night was frightening as we crossed through No Man's Land between two sand berms that separate Kuwait from Iraq, its warring neighbor to the north. Three weeks later we arrived in the Iraqi capitol of Baghdad, bloodied, but not broken. No better Friend, no worse Enemy is the motto of the First Marine Division. And the author had no better friend in the military than Mattis who signed the American flag Simpson carried in his helmet liner before he left 1MarDiv's headquarters in Baghdad and headed home to Northern Virginia. Their enduring friendship over three decades is why Mattis, the best-selling author of *Call Sign Chaos*, a book about learning to lead, graciously agreed to write a few words about *Backseat To Baghdad*. Today's unsung heroes are those young men and women who look past today's political rhetoric and volunteer their lives to defend America. In *Backseat To Baghdad*, Ross shows those troops in combat with all their humanity and humor and the tragedies and triumphs of young men coming of age when they were soldiers once, and young. Keenly portrayed thanks to his many deployments alongside them. In this book, Ross reveals the extraordinary character of our citizens serving as soldiers, sailors, airmen and Marines. Jim Mattis.

Born For War Tony Hoare, 2022-05-17 'Tony is the real deal.' Andy McNab The full, explosive, boots-on-the-ground story of the Falklands War, from a soldier at the heart of the action, published for the 40th anniversary of the conflict. Tony Hoare always knew he

wanted to be in the SAS. Both his grandfather and father had been soldiers, and so Tony signed up for the Cadets at 13, then the Infantry at 17 and enlisted into the Royal Green Jackets before passing arduous SAS selection in 1978. Less than four years later, Tony and his team were sent to a collection of islands just off the coast of Argentina called the Falklands, where tensions were rising and war was on the horizon. No amount of training could prepare Tony for what happened over the course of the next twelve weeks, as the Falkland Islands became a battleground between British and Argentinian forces. As helicopters crashed and ships sank, Tony, at the center of the action, battled across treacherous terrain and against a fearsome enemy, doing whatever it took to retake the islands. From one of the only soldiers who was on the frontline throughout the entire conflict, this is a thrilling account of what really happened in the Falklands, an explosive story of land, sea and air battles from a trooper who saw it all.

Assisted by close friends and professional associates, Mendel uses a personal childhood tragedy and his belief in American freedom to fuel his war on what he refers to as the American KGB. With flying skills honed as a Marine pilot in the Vietnam War and lately practiced as a Marine reserve pilot, Mendel takes to the air in his planned assault on the U.S. income tax system. Help

from Beatrice Gimble, a former IRS programmer and current CPA partner of his best friend, Terry Garcia, leads Karl inside the main computer facility run by the IRS. Complexity is added as Karl is unexpectedly drawn back into a relationship with Lidia, his former wife. Unaware that he is being watched by powers beyond the IRS, his “forced” dealings with a Russian “mole” leads Karl and his partners into dangers they had not considered and threatens the woman he loves more than life itself.

The Ranger Force Robert W. Black, 2009-08-18 One of the most famous units of World War II and all of military history. First Americans to see active combat in the European theater. Expands on events described in Rick Atkinson's *An Army at Dawn* and *The Day of Battle*.

Inside An Loc Van Nguyen Duong, Nghia M. Vo, 2015-11-13 The Battle of An Loc was one of the bloodiest battles in the Vietnam War and a defining moment in the history of the Republic of South Vietnam. A few square blocks tucked among vast rubber tree plantations, the provincial town was thought to be of little strategic value to the North Vietnamese. Yet for 66 days in 1972, it was the scene of savage house-to-house street fighting as artillery and mortar fire pounded the town daily until almost nothing was left standing. Facing three North Vietnamese infantry divisions, General Le Van Hung defended the town with 7,500

men, vowing to die with An Loc. A decisive victory for the South Vietnamese, the battle came at a time when the United States had begun pulling out of Vietnam and few American troops were on the ground. No foreign reporters were on hand and the action was ignored or misreported by the world press. This book tells the story of An Loc from the unique perspective of an officer who shared a bunker with the general during the fight.

Greetings from Novorossiya Pawel Pieniazek,2018-01-12 Introduction by Timothy Snyder Polish journalist Pawel Pieniazek was among the first journalists to enter the war-torn region of eastern Ukraine and *Greetings from Novorossiya* is his vivid firsthand account of the conflict. He was the first reporter to reach the scene when Russian troops in Ukraine accidentally shot down a civilian airliner, killing all 298 people aboard. Unlike Western journalists, his fluency in both Ukrainian and Russian granted him access and the ability to move among all sides in the conflict. With powerful color photos, telling interviews from the local population, and brilliant reportage, Pieniazek's account documents these dramatic events as they transpired. This unique firsthand view of history in the making brings to life the tragedy of Ukraine for a Western audience. Historian Timothy Snyder provides wider context in his superb introduction and explores the significance of this ongoing conflict at the border of East and West.

After the Wall Came Down Andrew Richards,2021-04-02 The generation of young men and women who joined the British Army during the mid to late 1980s would serve their country during an unprecedented period of history. Unlike the two world war generations, they would never face total war – there was never any declaration of war and there was no one single country to defeat. In fact, it was supposed to have been the end of war, a time of peace and stability. Politicians started to use the term, Peace Dividend, with government officials even planning on how and where it should be spent. But for those in the military, the two decades following the end of the Cold War would not be a time of peace. Government spending and the size of the military was reduced but the Army's commitments increased exponentially. Those serving not only faced continuous deployment in overseas operations, they would also be involved in immense upheavals that took place within the army. When the Berlin Wall came down, the British Army had not changed for decades. The ending of the Cold War, combined with a technological revolution, a changing society at home, and new global threats mean that the Army of the second decade of the twentieth-first century – the army this generation of soldiers is now retiring from – is unrecognizable from the one they joined in the late 1980s. This is the story of the soldiers who served in the British Army in those tumultuous decades.

From the Rice Paddies to the Jungle Ed Dull,2021-12-08 1968 was a year in turmoil in the United States. The war in Vietnam was escalating at an alarming pace. The Tet Offensive by North Vietnam had taken American forces in Vietnam by surprise. The enemy was on the offense. In August, 1968, Ed Dull, an Army, infantry, second lieutenant received

orders to join the 199th Infantry Brigade in Long Binh, South Vietnam. As an infantry platoon leader with a combat battalion, Ed participated first hand in fighting America's unpopular war. Upon returning home after his tour, Ed rarely spoke of his year in the midst of combat. After his parents passed away, Ed found a packet of letters he had written to his family as well as to friends in his home town. The friends had given copies of the letters to Ed's parents during that year. This book is a compilation of those letters as well as a chronological recollection of memories of that year Ed spent in the rice paddies and the jungles of South Vietnam.

Ojibwa Warrior Dennis Banks, 2011-11-28 Dennis Banks, an American Indian of the Ojibwa Tribe and a founder of the American Indian Movement, is one of the most influential Indian leaders of our time. In *Ojibwa Warrior*, written with acclaimed writer and photographer Richard Erdoes, Banks tells his own story for the first time and also traces the rise of the American Indian Movement (AIM). The authors present an insider's understanding of AIM protest events—the Trail of Broken Treaties march to Washington, D.C.; the resulting takeover of the BIA building; the riot at Custer, South Dakota; and the 1973 standoff at Wounded Knee. Enhancing the narrative are dramatic photographs, most taken by Richard Erdoes, depicting key people and events.
