Jonathan Dewald

Koda Rohan Chieko Irie Mulhern,1977 Critical biography of Kōda Rohan, a Japanese author in the Meiji period.

Rohan's Choice Natalie D. Wilson,2015-02-01 Living an immortal life does not make one immune to pain or strife, not even the Nephilim of the Lord. For such a long existence gives one time to experience the utter highs and devastating lows all souls endure, whether they are given one hundred years or five thousand. It is a truth all Nephilim acknowledge and accept – especially Rohan. For the last thirteen hundred years, Rohan has guarded his heart with a firm resolve that has kept him from ever knowing hurt again. But that same resolve has kept him alone, as well. When a surprise attack on one of his fellow immortals brings Rohan's heart out from the cold shell he has locked it away in, he must decide if he will let old wounds and loss keep him from experiencing the potential of a new love and partnership – the likes of which he has never allowed himself to consider – or if he will retain his solitary existence. As the danger mounts and hidden plots are uncovered in the eternal struggle between the Light and the darkness, Rohan will be forced to make a personal choice and take a stand for a fellow Nephilim. One who has captivated him and caused Rohan to question his decision to never give his heart to another, ever again.

Rohan Nation Drew Miller,2010-04-30 Rohan Nation tells how survivors of biological warfare and electro-magnetic pulse fight to defend and reinvent America. The disasters that lead to the collapse of the U.S. in 2020 and billions of deaths worldwide are based on sound research and analysis, the predictable results of on-going mistakes. ACE, the teenage daughter of a family that prepared for the worst, and Justin, the young refugee she captures who becomes her cavalry scout apprentice, struggle to survive in a post-collapse economy where horses are key to survival. Despite the dismal future forecast, Rohan Nation: Reinventing America after the 2020 Collapse provides an uplifting story of love and hope as ACE and Justin pursue their youthful romance while defending their community and rebuilding a responsible society. Readers share in their odyssey into life's fundamental questions, moral and political issues, receiving powerful, moving insights into how we can live better now. The extraordinary story of survivors reinventing America will hopefully change the way people think and feel about not just politics, but how to lead their lives. ACE's wartime romance with Justin ultimately proves fertile ground for love's enduring miracle. While set as an action adventure, Rohan Nation is also a Libertarian political philosophy book, an Atlas Shrugged call for a new responsibility political philosophy to break the nation's addiction to socialist entitlements and return to Constitutional, strictly limited government, focused on security. The rebirth of America, realistically forecast, told as a future combat thriller, action adventure, romance novel. About the Author: Dr. Drew Miller researches and writes professionally for a Department of Defense think tank and serves as a Colonel in the U.S. Air Force Reserve. A USAF Academy and Harvard University graduate, Dr. Miller served as an intelligence officer in the Air Force, a business and Pentagon program manager, and an elected official.

The Wicked House of Rohan Anne Stuart,2010 Kathleen Strong is at the end of her tether. Stranded in Venice, she has no money, no employment, and no character. Her last hope is the offer of employment from a group of dissolute men calling themselves the Heavenly Host, and she has no choice but to accept. Alastair Rohan is finding the day tedious beyond belief until Kathleen walks in. The down-trodden female looks vaguely familiar, but it's hard to bring himself to care about anything. But there's something about Kathleen and her barely veiled hostility, and he's not about to let her sacrifice her innocence to the lustful whims of the Host. There's only one way out of the tangle. Seduce her himself.

Status, Power, and Identity in Early Modern France Jonathan Dewald,2015-06-15 In Status, Power, and Identity in Early Modern France, Jonathan Dewald explores European aristocratic society by looking closely at one of its most prominent families. The Rohan were rich, powerful, and respected, but Dewald shows that there were also weaknesses in their apparently secure position near the top of French society. Family finances were unstable, and competing interests among family members generated conflicts and scandals; political ambitions led to other troubles, partly because aristocrats like the Rohan intensely valued individual achievement, even if it came at the expense of the family's needs. Dewald argues that aristocratic power in the Old Regime reflected ongoing processes of negotiation and refashioning, in which both men and women played important roles. So did figures from outside the family—government officials, middle-class intellectuals and businesspeople, and many others. Dewald describes how the Old Regime's ruling class maintained its power and the obstacles it encountered in doing so.
