

# Roman Ruins

**Bruce C. Swaffield**

The Ruin of the Roman Empire James J. O'Donnell, 2008-09-16 Recounts the sixth-century events and circumstances that led to the fall of the Roman Empire.

**The Ruins and Excavations of Ancient Rome** Rodolfo Amedeo Lanciani, 1897

Rising from the Ruins Bruce C. Swaffield, 2009-10-02 The neoclassic tendency to write about the ruins of Rome was both an attempt to recapture the grandeur of the “golden age” of man and a lament for the passing of a great civilization. John Dyer, who wrote *The Ruins of Rome* in 1740, was largely responsible for the eighteenth-century revival of a unique subgenre of landscape poetry dealing with ruins of the ancient world. Few poems about the ruins had been written since *Antiquités de Rome* in 1558 by Joachim Du Bellay. Dyer was one of first neoclassic poets to return to the decaying stones of a past society as a source of poetic inspiration and imagination. He views the relics as monuments of grandeur and greatness, but also of impending death and destruction. While following most of the rules and standards of neoclassicism—that of imitating nature and giving pleasure to a reader—Dyer also includes his personal reactions and emotions in *The Ruins of Rome*. The work is composed from the position of a poet who serves as interpreter and translator of the subject, a primary characteristic of “prospect” poetry in the eighteenth century. Numerous other writers quickly followed Dyer’s example, including George Keate, William Whitehead and William Parsons. The tendency by these poets to write about the ruins of Rome from a subjective point of view was one of the strongest themes in what Northrop Frye has called the “Age of Sensibility.” Although the renewed interest in Roman ruins lasted well into the nineteenth century, influencing Romantic poets from Lord Byron to William Wordsworth, the evolution of this type of verse was a gradual process: it originated with Du Bellay’s poem, continued through seventeenth-century paintings by Claude Lorrain and Salvator Rosa (along with the later art of Piranesi and Pannini), and reached maturity with the poetic interest in the imagination in the eighteenth century. All of these factors, especially the tendency of poets to record their subjective feelings and insights concerning the ruins, are elements that proved to be instrumental in the eventual development of Romanticism.

Ruins of Rome I Laine Cunningham, 2017-04-19 At over 2,500 years old, Rome is more than the capital of Italy. It is the center of artistic creativity and a cultural complex. Ancient monuments like the Colosseum capture attention while institutions like the Vatican Museums spur intellectual interest. From Aventine Hill to the Basilica of St. Peter, from the banks of the Tiber to the Aniene, Rome is a kaleidoscopic journey through time. Its history encompasses the Roman Empire, founded on the Seven Hills, and the center of the Catholic Church. Spectacular vacations and multiple trips are on the minds of every traveler who wants to explore the best of Europe. Today Italy in general and the Lazio region in particular are striking places for tourism with unique architecture, a mild climate, and Mediterranean culture and cuisine. Travel tips and facts about rental cars, camping, adventures, travel and tourism, cultural tours and more are easy enough to find on travel sites like Expedia or Travelocity. Entire trips can be planned using guidebooks like those from Lonely Planet. Now visitors to Italy can expand their knowledge base with an artistic view of the ancient city of Rome. The full-color photos in *Ruins of Rome I & II* were taken at Palazzo Senatorio, the Basilica of Saint Peter and Vatican City, Via della Conciliazione, the Colosseum, Palatine Hill, the Roman Forum, the Pantheon, San Paolo fuori le mura, Piazza del Popolo, Villa Borghese, various obelisks, and other sites. Step into this whirl and become absorbed by its vibrant heart. For fans of the Neapolitan Novels.

Ruins of Ancient Rome Roberto Cassanelli, 2002 Traditionally a critical component of the education of any architect was to draw the ruins of ancient Rome, reconstructing either from ancient sources or, more often, pure fantasy, what the original structures must have looked like. From this training emerged generations of architects imbued with the aesthetic ideals that would form the Neoclassical and Beaux-Arts building styles. In this magnificently printed volume are reproduced some of the most extraordinarily handsome drawings of the ruins of ancient Rome made by French Prix

de Rome architects from 1775 through 1925. Accompanied by text that explains how the Prix de Rome was awarded and the significance of the prize in the history of architecture, as well as how the study of ancient models formed the basis for nineteenth- and early twentieth-century architectural styles, these drawings provide an invaluable understanding of how the modern imagination recorded and transformed ancient fragments into a modern architectural idiom.

**A Select Collection of Views and Ruins in Rome and Its Vicinity** J. Mérigot,1831

**The Ruin of Roman Britain** James Gerrard,2013-10-10 This book employs new archaeological and historical evidence to explain how and why Roman Britain became Anglo-Saxon England.

**More Ruins of Rome (Book II)** Laine Cunningham,2017-04-21 If only two words could be used to describe Rome, no pair could be better than creativity and culture. Even the most casual visitor is swept into the city's dizzying array of ancient sites, stunning artwork, and new surprises around every corner. The Eternal City is the capital of Italy, and perhaps its most striking travel destination. The historic city center is a UNESCO World Heritage Site that charges every vacation with the energy of the Roman Empire founded on the Seven Hills. An exploration of Europe cannot be complete until Rome's particular adventures have been experienced. The palaces and church cathedrals, Roman ruins, monuments, fountains and statues each offer a new and exciting journey. Visitors to Italy can expand their knowledge base with an artist's view of the ancient city of Rome. The color photos in Ruins of Rome I & II were taken at Palazzo Senatorio, Saint Peter's Basilica and Vatican City, Via della Conciliazione, the Colosseum, Palatine Hill, the Roman Forum, the Pantheon, San Paolo fuori le mura, Piazza del Popolo, various obelisks, and other sites. Step into this whirling place and become absorbed by its vibrant heart. The softcover edition uses a single-page layout for an affordable price point. The hardcover edition utilizes a beautiful two-page spread with the photo on the righthand page and the title on the left. Either version makes a great gift. In the Travel Photo Art series, traditional tourism panoramas mix with arthouse aesthetics. These slim, intense productions are your passport to new perspectives on famous places. Peer around corners and discover a unique way to interact with monuments and memorials you thought you knew. This popular series includes titles that mix text with the pictures. Books like Notre Dame Cathedral: Our Lady of Paris, featuring photos taken months before the 2019 fire, become keepsakes associated with a specific site. Titles like Lidice Lives and Terezin and Theresienstadt are deeply meaningful for families touched by the Holocaust. Laine Cunningham, a three-time recipient of The Hackney Award, writes fiction that takes readers around the world. Her debut novel, The Family Made of Dust, is set in the Australian Outback, while Reparation is a novel of the American Great Plains. She is the editor of Sunspot Literary Journal.

**A visit to the wonderful city of Uriconium, or the Roman Ruins at Wroxeter, near Shrewsbury** W. F. Peacock,1860

**The Ruin of the Eternal City** David Karmon,2011-04-29 The Ruin of the Eternal City provides the first systematic analysis of the preservation practices of the popes, civic magistrates, and ordinary citizens of Renaissance Rome. This study offers a new understanding of historic preservation as it occurred during the extraordinary rebuilding of a great European capital city.

**The ruins of the Roman city [&c.].** Thomas Wright,1864

**Ruins of Rome I** Laine Cunningham,2017-04-19 From Aventine Hill to St. Peter's Basilica, from the banks of the Tiber to the Aniene, Rome is a kaleidoscopic journey through time. The color photos in Ruins of Rome I were taken at various popular sites like these. Revitalize the Eternal City with an artist's perspective.

The Roman History, from the Building of Rome to the Ruin of the Commonwealth ... Nathaniel Hooke,1830

The Ruins and Excavations of Ancient Rome Rodolfo Amedeo Lanciani,1967

*Building on Ruins* Frank E. Salmon, 2000 Charles Barry's victory in the competition to design the new Houses of Parliament in 1836 has been widely regarded as the moment in English architecture when the influence of Greece gave way to Victorian Gothic. In this beautifully illustrated book, Frank Salmon redirects attention to the importance of classical archaeology in the education of British architects and to major classically-inspired buildings in Birmingham, Cambridge, Liverpool and the City of London, also commissioned in this period.

**The Ruins of the Roman City of Uriconium, at Wroxeter, Near Shrewsbury** Thomas Wright, 1877

**Old Rome** Robert Burn, 1880

**A Visit to the Wonderful City of Uriconium, Or the Roman Ruins at Wroxeter, Near Shrewsbury** W. F. Peacock, 2015-08-23 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Roman History from the Building of Rome to the Ruin of the Commonwealth. 4. Ed Nathaniel Hooke, 1766

**The Ruins of Rome** Robert Chester Smith, University of Pennsylvania. University Museum, 1960
