Vincent Terrace,2021-10-11 In 1936, as television networks CBS, DuMont, and NBC experimented with new ways to

provide entertainment, NBC deviated from the traditional method of single experimental programs to broadcast the first multi-part program, Love Nest, over a three-episode arc. This would come to be known as a miniseries. Although the term was not coined until 1954, several other such miniseries were broadcast, including Jack and the Beanstalk and Women in Wartime. In the mid-1960s the concept was developed into a genre that still exists. While the major broadcast networks pioneered the idea, it quickly became popular with cable and streaming services. This encyclopedic source contains a detailed history of 878 TV miniseries broadcast from 1936 to 2020, complete with casts, networks, credits, episode count and detailed plot information.

Eat More Better Dan Pashman, 2014-10-14 What if you could make everything you eat more delicious? As creator of the WNYC podcast The Sporkful and host of the Cooking Channel web series You're Eating It Wrong, Dan Pashman is obsessed with doing just that. Eat More Better weaves science and humor into a definitive, illustrated guidebook for anyone who loves food. But this book isn't for foodies. It's for eaters. In the bestselling tradition of Alton Brown's Good Eats and M.F.K. Fisher's The Art of Eating, Pashman analyzes everyday foods in extraordinary detail to answer some of the most pressing questions of our time, including: Is a cheeseburger better when the cheese is on the bottom, closer to your tongue, to accentuate cheesy goodness? What are the ethics of cherry-picking specific ingredients from a snack mix? And what role does surface-area-to-volume ratio play in fried food enjoyment and ice cube selection? Written with an infectious blend of humor and smarts, Eat More Better is a tongue-in-cheek textbook that

teaches readers to eat for maximum pleasure. Chapters are divided into subjects like engineering, philosophy, economics, and physical science, and feature hundreds of drawings, charts, and infographics to illustrate key concepts like The Porklift—a bacon lattice structure placed beneath a pancake stack to elevate it off the plate, thus preventing the bottom pancake from becoming soggy with syrup and imbuing the bacon with maple-based deliciousness. *Eat More Better* combines Pashman’s award-winning writing with his unparalleled field research, collected over thirty-seven years of eating at least three times a day. It delivers entertaining, fascinating, and practical insights that will satisfy your mind and stomach, and change the way you look at food forever. Read this book and every bite you take will be better.

*Waiting for the Punch* Marc Maron, Brendan McDonald, 2017-10-10 Public figures as you rarely if ever hear them: strikingly personal, surprisingly open, and profoundly emotional. — Entertainment Weekly I'm British, so I'm medically dead inside, but even I can't help but open up whenever I talk to Marc. He uses his honesty like a scalpel, cutting himself open in front of anyone he's talking to, and in doing so, invites you to do the same. —John Oliver From the beloved and wildly popular podcast WTF with Marc Maron comes a book of intimate, hilarious and life changing conversations with some of the funniest, and most important people in the world like you've never heard them before. *Waiting for the Punch* features the stories and thoughts of such luminaries as Amy Schumer, Mel Brooks, Will Ferrell, Amy Poehler, Sir Ian McKellen, Lorne Michaels, Judd Apatow, Lena Dunham, Jimmy Fallon, RuPaul, Louis CK, David Sedaris, Bruce Springsteen, and President Obama. This book is not simply a collection of these interviews, but instead something more wondrous: a running narrative of the world's most recognizable names working through the problems, doubts, joys, triumphs, and failures we all

experience. With each chapter covering a different topic: parenting, childhood, relationships, sexuality, success, failures and others, Punch becomes a sort of everyman's guide to life. Barack Obama candidly discusses the challenges of the presidency, and the bittersweet moments of seeing your children grow up. Amy Schumer recounts the pain of her parents' divorce. Molly Shannon uproariously remembers the time she and her best friend hopped a plane from Ohio to New York City when they were twelve on a dare. Amy Poehler dishes on why just because you become a parent doesn't mean you have to like anybody else's kids but your own. Bruce Springsteen expounds on the dual nature of desperation to both motivate and devastate. Full of stories that are at once laugh-out loud funny, heartbreakingly honest, joyous, tragic and powerful, Waiting for the Punch is a book to be read from cover to cover, but it is also one to return to again and again.

**Not Good Yet** Mark Masters, 2019-04-01 Not Good Yet is a roller coaster ride of laughs, emotional struggles, and go-to insightful information from an aspiring comedian who attempted the impossible. To get good at comedy in just six months. He gets on stage as much as possible. He organizes comedy shows. He checks out comedy in New York and Los Angeles. He reads, listens and breathes all things comedy. And in the end, (spoiler alert) he fails to get consistently good. But there are glimmers of hope. The lessons he learns along the way will make you laugh, cry, and shake your head. Interviews with a comedy transplant, an open mic veteran of nearly a decade, and a comedy club owner complement his stories of accomplishment and defeat. Mark Masters is even surer now than when he started, that calling himself a comedian is a stretch. In spite of that, he is definitely available to perform at your showcase, work event, or dog's birthday party. He has performed stand-up comedy in six of the United States, including stage time in New York City and Los Angeles. Which sounds more impressive now than it will after you read this book. You can ask him anything by dropping a note at his website, [markmasters.co](http://markmasters.co) (like Colorado, where he is based).

**Moonbow** Nathaniel Schmeling, 2024-02-06 Take the electroshock therapy and the tablet. Mae Wilkins and cohorts have invented a drug which allows her a surrealist entrance into other dimensions, to travel down wormholes. And that is what she does: she ventures into worlds of talking gorillas' who smoke hand rolled joints with monocles, discussing the loose-leaf quality like colonial tobacco. She witnesses over-evolved humans that project their feelings on holograms which serve effectively, efficiently, and effortlessly as psychologist, confidant, and closest friend. She rides in butterfly winged cars, flapping

open midflight, and trains zipping through the space savanna as passengers peer and peek out of their glass tubes at the flooded terrain. She lands on Jupiter, which has the earliest interstellar settlements, as the other planets are only able to be harnessed by drones—unmanned planes occupying the commercialized constellations—for their resources. Thanks to her, menial work has been eliminated, but as an intergalactic and inter-dimensional resident, she causes a universal existential crisis (declared an act of terrorism) having designed a paradoxical mental puzzle that holds consciousness hostage to its conscience. This act of intellectual boredom alters fate and she's trapped in a multiverse prison, the makings of her own mistakes, with but a single comic book to peruse ad infinitum. Decipher the rune and escape with her or merely tag-along on this wacky exploit.

**Glitter** Nicole Seymour, 2022-06-02 Object Lessons is a series of short, beautifully designed books about the hidden lives of ordinary things. Glitter reveals the complexity of an object often dismissed as frivolous. Nicole Seymour describes how glitter's consumption and status have shifted across centuries—from ancient cosmetic to queer activist tool, environmental pollutant to biodegradable accessory—along with its composition, which has variously included insects, glass, rocks, salt, sugar, plastic, and cellulose. Through a variety of examples, from glitterbombing to glitter beer, Seymour shows how this substance reflects the

entanglements of consumerism, emotion, environmentalism, and gender/sexual identity. *Object Lessons* is published in partnership with an essay series in *The Atlantic*.

*Choosing Family* Francesca T. Royster, 2023-02-07 A brilliant literary memoir of chosen family and chosen heritage, told against the backdrop of Chicago's North and South Sides As a multiracial household in Chicago's North Side community of Rogers Park, race is at the core of Francesca T. Royster and her family's world, influencing everyday acts of parenting and the conception of what family truly means. Like Maggie Nelson's *The Argonauts*, this lyrical and affecting memoir focuses on a unit of three: the author; her wife Annie, who's white; and Cecilia, the Black daughter they adopt as a couple in their forties and fifties. *Choosing Family* chronicles this journey to motherhood while examining the messiness and complexity of adoption and parenthood from a Black, queer, and feminist perspective. Royster also explores her memories of the matriarchs of her childhood and the homes these women created in Chicago's South Side—itsself a dynamic character in the memoir—where “family” was fluid, inclusive, and not necessarily defined by marriage or other socially recognized contracts. Calling upon the work of some of her favorite queer thinkers, including José Esteban Muñoz and Audre Lorde, Royster interweaves her experiences and memories with queer and gender theory to argue that many Black families, certainly her own, have historically had a “queer” attitude toward family: configurations that sit outside the white normative experience and are the richer for their flexibility and generosity of spirit. A powerful, genre-bending memoir of family, identity, and acceptance, *Choosing Family*, ultimately, is about joy—about claiming the joy that society

did not intend to assign to you, or to those like you.
