Super Serious Mande Johnson, 2020-08-18 An oral history of Los Angeles independent stand-up comedy with a collection of comedian portraits from a decade of the beloved independent comedy show, *The Super Serious Show*. With a foreword by Demetri Martin, afterword by Reggie Watts, and featuring big-name stars and up-and-coming indie comics alike, *Super Serious* gives a behind-the-scenes glimpse into the world of Los Angeles independent comedy, as told by the performers, directors, and producers who've helped shape it. Including over 60 intimate interviews and 350 photographs, *Super Serious* is a irreverent, loving portrait of a vibrant—and very funny—community.

Undercooked Dan Ahdoot, 2023-03-21 A collection of hilarious essays about how food became one man's obsession and coping mechanism, and how it came to rule—and sometimes ruin—his relationships, from the *Cobra Kai* actor, stand-up comic, and host of Food Network's *Raid the Fridge* "When most people say they have an unhealthy relationship with food, they mean they eat too much of it or too little. When I say I have an unhealthy relationship with food, I mean it's what gives my life meaning. That's a really dumb way to live your life, as the stories in this book will attest to." Despite an impressive résumé as an actor and writer, Dan Ahdoot realized that food has been the through line in the most important moments of his life. Growing up as a middle child, Ahdoot struggled to find his place in the family until he and his father discovered their shared love for *la gourmandise*. But when the tragic death of his brother pushed his parents to strengthen their Jewish faith and adopt a strictly kosher diet, Ahdoot and his father lost that savored connection. To fill the absence left by his brother and father, Ahdoot began to obsess over food and make it central in all his relationships. This, he admits, is probably crazy, but it makes for good stories. From breaking up with girlfriends over dietary restrictions, to hunting just off the Long Island Expressway, to savoring his grandmother's magical

food that was his only tactile connection to his family's home country of Iran, to jetting off to Italy to dine at the one of the world's best restaurants, only to send the risotto back, Ahdoot's droll observations on his unconventional adventures bring an absurdly funny yet heartfelt look at what happens when you let your stomach be your guide.

Stay Hungry Sebastian Maniscalco, 2018-02-27 From comedian and actor Sebastian Maniscalco—star of the film *About My Father* with Robert DeNiro—an inspiring, honest, uproarious collection of essays tracing his career from playing boxing rings and bowling alleys to reaching the pinnacles of comedy success. At twenty-four, Sebastian Maniscalco arrived in LA with a suitcase and saved up minimum wages. He knew no one and nothing about standup comedy, but he was determined to go for it anyway. Two decades later, he's on the *Forbes'* list of highest earning comedians, selling out arenas, and starring in numerous hit comedy specials including *Why Would You Do That?* and *Is It Me?*. *Stay Hungry* tells the story of the twenty years in between. On the way from clueless rube to standup superstar, Seb was booed off stages; survived on tips and stolen food; got advice from mentors Andrew Dice Clay, Vince Vaughn, Tony Danza, and Jerry Seinfeld; fell in love; and stayed true to his Italian-immigrant roots. The one code that always kept him going: stay hungry, keep focused, never give up, and one day, you'll make it.

Six Seasons and a Movie Chris Barsanti, Jeff Massey, Brian Cogan, 2023-10-01 Audacious, weird, and icily ironic, *Community* was a kind of geek alt-comedy portal, packed with science fiction references, in-jokes that quickly metastasized into their own alternate universe, dark conspiracy-tinged humor, and a sharp yet loving deconstructions of the sitcom genre. At the same time, it also turned into a thoughtful and heartfelt rumination on loneliness, identity, and purpose. The story of

Community is the story of the evolution of American comedy. Its creator, Dan Harmon, was an improv comic with a hyperbolically rapid-fire and angrily geeky style. After getting his shot with Community, Harmon poured everything he had into a visionary series about a group of mismatched friends finding solace in their community-college study group. Six Seasons and a Movie: How Community Broke Television is an episode-by-episode deep-dive that excavates a central cultural artifact: a six-season show that rewrote the rules for TV sitcoms and presaged the self-aware, metafictional sensibility so common now in the streaming universe. Pop culture experts Chris Barsanti, Jeff Massey, and Brian Cogan explore its influences and the long tail left by its creators and stars, including Donald Glover's experiments in music (as rapper Childish Gambino) and TV drama (Atlanta); producers-directors Anthony and Joseph Russo's emergence as pillars of the Marvel universe (Captain America: Civil War and Avengers: Infinity War); and Harmon's subsequent success with the anarchic sci-fi cartoon Rick and Morty. Covering everything from the corporate politics that Harmon and his team endured at NBC to the Easter eggs they embedded in countless episodes, Community: The Show that Broke Television is a rich and heartfelt look at a series that broke the mold of TV sitcoms.

Encyclopedia of Television Shows Vincent Terrace, 2018-01-14 This is a supplement to the author's Encyclopedia of Television Shows, 1925-2010. It covers 1,612 series broadcast between January 1, 2011, and December 31, 2016. Major networks--ABC, CBS, the CW, Fox and NBC--are covered along with many cable channels, such as AMC, Disney, Nickelodeon, Bravo, Lifetime, Discovery, TNT, Comedy Central and History Channel. Alphabetical entries provide storylines, casts, networks and running dates. A performer index is included.

Badass Feminist Politics Sarah Jane Blithe, Janell C. Bauer, 2022-02-11 In the late 2010s, the United States experienced a period of widespread silencing. Protests of unsafe drinking water have

been met with tear gas; national park employees, environmentalists, and scientists have been ordered to stop communicating publicly. Advocates for gun control are silenced even as mass shootings continue. Expressed dissent to political power is labeled as “fake news.” DREAMers, Muslims, Trans military members, women, black bodies, the LGBTQI+ community, Latina/o/x communities, rape survivors, sex workers, and immigrants have all been systematically silenced. During this difficult time and despite such restrictions, advocates and allies persist and resist, forming dialogues that call to repel inequality in its many forms. Addressing the oppression of women of color, white women, women with (dis)abilities, and LGBTQI+ individuals across cultures and contexts remains a central posit of feminist struggle and requires “a distinctly feminist politics of recognition.” However, as second wave debates about feminism have revealed, there is no single way to express a feminist politic. Rather, living feminist politics requires individual interpretation and struggle, collective discussion and disagreement, and recognizing difference among women as well as points of convergence in feminist struggle. *Badass Feminist Politics* includes a diverse range of engaging feminist political projects to not only analyze the work being done on the ground but provide an overview for action that can be taken on by those seeking to engage in feminist activism in their own communities. Contributors included here are working for equality and equity and resisting violent, racist, homophobic, transphobic, xenophobic, and sexist language and action during this tension-filled political moment. Collectively, the book explores what it means to live and communicate feminist politics in everyday choices and actions, and how we can facilitate learning by analyzing these examples. Taking up current issues and new theoretical perspectives, the authors offer novel perspectives into what it means to live feminist politics. This book is a testament to resilience, resistance, communication, and forward thinking about what these themes all mean for new feminist

agendas. Learning how to resist oppressive structures through words and actions is particularly important for students. *Badass Feminist Politics* features scholars from non-dominant groups taking up issues of marginalization and oppression, which can help people accomplish their social justice goals of inclusivity on the ground and in the classroom.

iBroadway Jessica Hillman-McCord, 2017-11-21 This book argues that the digital revolution has fundamentally altered the way musicals are produced, followed, admired, marketed, reviewed, researched, taught, and even cast. In the first hundred years of its existence, commercial musical theatre functioned on one basic model. However, with the advent of digital and network technologies, every musical theatre artist and professional has had to adjust to swift and unanticipated change. Due to the historically commercial nature of the musical theatre form, it offers a more potent test case to reveal the implications of this digital shift than other theatrical art forms. Rather than merely reflecting technological change, musical theatre scholarship and practice is at the forefront of the conversation about art in the digital age. This book is essential reading for musical theatre fans and scholars alike.

Much More Than A Stooge: Shemp Howard Geoff Dale, Shemp Howard was a gifted physical actor and ad-libber yet his career oddly seemed at times to fly-under-the-radar. A century ago, his onstage life began as the original Stooge for superstar Ted Healy, ultimately gracing Broadway. Alongside brother Moe Howard with Larry Fine – the nucleus of The Three Stooges – they appeared in the feature film *Soup to Nuts*. He went solo in 105 movies with stars like John Wayne, James Stewart, W.C. Fields and Abbott and Costello. Returning to The Three Stooges in place of ailing younger brother Jerome (Curly), Shemp saved the act from prematurely ending but sadly he died at the rather young age of 60 in 1955. A Shemp renaissance has attracted attention from gifted artists including

Drew Friedman, Tristan Yonce and Darin McGowan, the latter responsible for transporting him to magical cinematic locales like Oz (see photo above). BearManor Media author and veteran Canadian journalist Geoff Dale probes his fascinating life in this first-ever Shemp Howard book. Foreword by Geri Howard Greenbaum, Jill Howard Marcus and Sandie Howard Isaac.

Cyberbullies, Cyberactivists, Cyberpredators Lauren Rosewarne, 2016-01-25 Written by an expert in media, popular culture, gender, and sexuality, this book surveys the common archetypes of Internet users—from geeks, nerds, and gamers to hackers, scammers, and predators—and assesses what these stereotypes reveal about our culture's attitudes regarding gender, technology, intimacy, and identity. The Internet has enabled an exponentially larger number of people—individuals who are members of numerous and vastly different subgroups—to be exposed to one other. As a result, instead of the simple jocks versus geeks paradigm of previous eras, our society now has more detailed stereotypes of the undesirable, the under-the-radar, and the ostracized: cyberpervs, neckbeards, goths, tech nerds, and anyone with a non-heterosexual identity. Each chapter of this book explores a different stereotype of the Internet user, with key themes—such as gender, technophobia, and sexuality—explored with regard to that specific characterization of online users. Author Lauren Rosewarne, PhD, supplies a highly interdisciplinary perspective that draws on research and theories from a range of fields—psychology, sociology, and communications studies as well as feminist theory, film theory, political science, and philosophy—to analyze what these stereotypes mean in the context of broader social and cultural issues. From cyberbullies to chronically masturbating porn addicts to desperate online-daters, readers will see the paradox in popular culture's message: that while Internet use is universal, actual Internet users are somehow subpar—less desirable, less cool, less friendly—than everybody else.

Intimacy on the Internet Lauren Rosewarne, 2016-04-14 The focus of this book is on the media representations of the use of the Internet in seeking intimate connections—be it a committed relationship, a hook-up, or a community in which to dabble in fringe sexual practices. Popular culture (film, narrative television, the news media, and advertising) present two very distinct pictures of the use of the Internet as related to intimacy. From news reports about victims of online dating, to the presentation of the desperate and dateless, the perverts and the deviants, a distinct frame for the intimacy/Internet connection is negativity. In some examples however, a changing picture is emerging. The ubiquitousness of Internet use today has meant a slow increase in comparatively more positive representations of successful online romances in the news, resulting in more positive-spin advertising and a more even-handed presence of such liaisons in narrative television and film. Both the positive and the negative media representations are categorised and analysed in this book to explore what they reveal about the intersection of gender, sexuality, technology and the changing mores regarding intimacy.

Stand-up Comedy in Theory, or, Abjection in America John Limon, 2000-06-23 Stand-Up Comedy in Theory, or, Abjection in America is the first study of stand-up comedy as a form of art. John Limon appreciates and analyzes the specific practice of stand-up itself, moving beyond theories of the joke, of the comic, and of comedy in general to read stand-up through the lens of literary and cultural theory. Limon argues that stand-up is an artform best defined by its fascination with the abject, Julia Kristeva's term for those aspects of oneself that are obnoxious to one's sense of identity but that are nevertheless—like blood, feces, or urine—impossible to jettison once and for all. All of a comedian's life, Limon asserts, is abject in this sense. Limon begins with stand-up comics in the 1950s and 1960s—Lenny Bruce, Carl Reiner, Mel Brooks, Mike Nichols, Elaine May—when the norm of the

profession was the Jewish, male, heterosexual comedian. He then moves toward the present with analyses of David Letterman, Richard Pryor, Ellen DeGeneres, and Paula Poundstone. Limon incorporates feminist, race, and queer theories to argue that the “comedification” of America—stand-up comedy’s escape from its narrow origins—involves the repossession by black, female, queer, and Protestant comedians of what was black, female, queer, yet suburbanizing in Jewish, male, heterosexual comedy. Limon’s formal definition of stand-up as abject art thus hinges on his claim that the great American comedians of the 1950s and 1960s located their comedy at the place (which would have been conceived in 1960 as a location between New York City or Chicago and their suburbs) where body is thrown off for the mind and materiality is thrown off for abstraction—at the place, that is, where American abjection has always found its home.

Running the Light Sam Tallent, 2020-02-26 Debauched, divorced and courting death, Billy Ray Schafer is a comedian who has forgotten how to laugh. Over the course of seven spun-out days across the American Southwest, he travels from from hell gig to hell gig in search of a reason to keep living in this bleak and violent glimpse into the psyche of a thoroughly ruined man. Ex-inmate, ex-husband, ex-father - comedian is the only title Schafer has left. Trapped in the wreckage of his wasted career, Billy Ray knows the answer to the question: what happens when the opportunity doesn't come - or worse - it comes and goes?

2012 Best of the Spit Take: A Compilation of Professional Comedy Criticism Various, 2013-02-01
Comedy is cool again. Perhaps cooler than it's ever been. Yet in traditional media, coverage of the stand-up world still tends to get lumped in with that of music. Why is it that unlike music, film, literature, theater, architecture, or television, the public perception of comedy remains that of mere good-timey, alcohol-enhanced, interactive sideshow as opposed to legitimate art form? In print and online, there are knowledgeable, unbiased, professional writers debating and deconstructing everything from sports and fashion to food and video games. Where are the great comedy critics? TheSpitTake.com likes to think that we've found a few of them already. Tragedy Plus Time Adam Cayton-Holland, 2018-08-21 “Inspiring, tragic, and at times heart-rendingly funny.” —People Unsensational, unexpectedly funny, and incredibly honest, Tragedy Plus Time is a love letter to every family that has ever felt messy, complicated, or (even momentarily) magnificent. Meet the Magnificent Cayton-Hollands, a trio of brilliant, acerbic teenagers from Denver, Colorado, who were going to change the world. Anna, Adam, and Lydia were taught by their father, a civil rights lawyer, and mother, an investigative journalist, to recognize injustice and have their hearts open to the universe—the good, the bad, the heartbreaking (and, inadvertently, the anxiety-inducing and the obsessive-compulsive disorder-fueling). Adam chose to meet life’s tough breaks and cruel realities with stand-up comedy; his older sister, Anna, chose law; while their youngest sister, Lydia, struggled to find her place in the world. Beautiful and whip-smart, Lydia was witty, extremely sensitive, fiercely stubborn, and always somewhat haunted. She and Adam bonded over comedy from a young age, running skits in their basement and obsessing over episodes of The Simpsons. When Adam sunk into a deep depression in college, it was Lydia who was able to reach him and pull him out. But years later as Adam’s career takes off, Lydia’s own depression overtakes her, and, though he tries, Adam can’t return the favor. When she takes her own life, the family is devastated, and Adam throws himself into his stand-up, drinking, and rage. He struggles with disturbing memories of Lydia’s death and turns to EMDR therapy to treat his post-traumatic stress disorder when he realizes there’s

a difference between losing and losing it. Adam Cayton-Holland is a tremendously talented writer and comedian, uniquely poised to take readers to the edges of comedy and tragedy, brilliance and madness. Tragedy Plus Time is a revelatory, darkly funny, and poignant tribute to a lost sibling that will have you reaching for the phone to call your brother or sister by the last page.
