Roswell Thomas J Carey, 2020-02-17 *Roswell: The Chronological Pictorial* By Thomas J. Carey & Donald R. Schmitt This is not just another Roswell book. It's like no other book about the 1947 Roswell UFO crash ever written, including the authors' own previous six books on the subject. Based upon the authors' thirty years' investigation of the most famous UFO case of all time, it brings the case to life like no other book, TV documentary, mini-series or movie. With the deft use of copious photographs accumulated over the course of their investigation, the authors supplement the each step of important information in the text of the chronological timeline of the case, from the time of the UFO's crash in the high desert near Roswell, New Mexico in 1947, up to the present (2019). The names of all participants in the crash/recovery as well as the important informational sources are identified along with their photo images. The missing nurse identified by Roswell mortician Glenn Dennis as being at the autopsy at the Roswell airbase is finally revealed. Also included are photos of the locations where everything took place – from the 1947 crash site to the present location of the wreckage and bodies. Minute-by-minute, hour-by-hour, day-by-day, month-by-month and year-by-year, the reader is transported back to 1947 and brought forward to the present in the timeline of everything that has happened in and to this case. Bringing the Roswell incident to life in this way, there is no other book written about Roswell like it. Additionally, it should become the companion to every other book about Roswell ever written. See: - The fabled Hangar 18 - What the Roswell UFO crash site(s) look like today - The only surviving crew member on the alien body flight of July 9, 1947 - The guest house where rancher Mack Brazel was kept and forced to change his story - The future NFL football star who was a first-hand witness to the 1947 events - The tool that an Air Force enforcer used to threaten witnesses into silence - The military ambulances used to transport alien bodies from the crash site - The faces of the aliens from another world What the Generals Said about Roswell: - It was a cover story, the balloon part of it ... That was the story we were told to give to the public and the news people, and that was it. Brigadier General Thomas J. DuBose, USAF - The [Roswell] craft was extraterrestrial, and at one time may have been at Wright-Patterson in an off-limits area. Brigadier General Harry N. Cordes, USAF - I am almost completely convinced that the object that crashed near Roswell was composed of materials not common on earth. Major

General Kenner F. Hertford, USA - The stuff I saw, I've never seen anyplace else in my life ... It was the strangest thing I ever saw. General William H. Blanchard, USAF - They [the Air Force] knew that they had something new in their hands ... The metal and material was unknown to anyone I talked to ... A couple of guys thought it might be Russian, but the final consensus was that the pieces were from space. [i.e., extraterrestrial] Brigadier General Arthur E. Exon, USAF - Stealth technology comes from the Roswell crash ... I have been informed by higher officers at the Pentagon that there still exists a Top Secret UFO Project ... That's where your Roswell file is. Brigadier General Richard Mitchell, USA Praise for the Authors: - Brilliant! A well detailed, concise, A-to-Z, chronological timeline of events that happened over seventy years ago. The authors' in-depth information shows their many years of investigative reporting, bearing the true facts of the Roswell Incident. The reader is drawn into the complex information in the timeline, becoming aware that the chain of events as described, in fact, occurred. - Colonel Scott D. Miller, Jr., USA - Carey and Schmitt show that good, old-fashioned, investigative reporting is still alive and well. Cheryll Jones, former anchor, CNN News - There is no one on this planet who knows more about the Roswell Incident than these two guys. Larry Landsman, creative executive of the SyFy Channel documentary, 'The Roswell Crash: Startling New Evidence.' - I think that Witness to Roswell [by Carey & Schmitt, 2002, 2009] will prove to be the most important UFO book ever written. The evidence presented dovetails perfectly and makes a compelling case that an alien craft crashed outside of Roswell in 1947. After decades of controversy, the authors, through dedicated and persistent research, have finally come up with very strong circumstantial evidence that is tantamount to proof. - Richard H. Hall, author of 'The UFO Evidence,' Vols. I and II, and past Chairman of the Fund for UFO Research. - If the cover-up is ever going to have a stake driven through it and the Roswell case resolved once and for all, it will most likely be Tom Carey and Don Schmitt who will do it. Jeff Rense, nationally syndicated talk show host

The Roswell Incident Charles Berlitz, William L. Moore, 1988 Fully illustrated, The Roswell Incident is the definitive book on America's most documented alien encounter. It not only explores every aspect of the mysterious UFO crash, but also probes the government cover-up that continues to this day.

UFO Crash at Roswell Benson Saler, Charles A. Ziegler, Charles Moore, 2010-06-22 In the summer of 1947 something mysterious crashed in the New Mexican desert near the town of Roswell. Whether it was an alien spacecraft manned by tiny humanlike beings or—the US government's official explanation—a scientific research balloon has long been a subject of passionate debate. Transcending the believer-versus-skeptic debate, anthropologists Benson Saler and Charles A. Ziegler contend that the Roswell story is best understood as a modern American myth. They show how the story—and its continual retelling—tap into modern fears about the power of technology, the duplicity of the government, and the power of the media. *UFO Crash at Roswell* also includes physicist Charles Moore's meticulous account of how 1947 experiments to launch balloon-borne radar reflectors may have led to the Roswell UFO myth.

The Children of Roswell Thomas J. Carey, Donald R. Schmitt, 2016-02-22 The children of Roswell UFO eyewitnesses tell their personal stories of government surveillance, coercion, disappearances, and more. Despite the government's best efforts to explain it away, the Roswell incident of 1947—in which an unidentified flying object was recovered by US Army personnel—remains as fascinating as ever. Parents who were present during or immediately after the incident may have passed on, but their children know what happened. And over the years, they have paid dearly for their knowledge. In *The Children of Roswell*, their shocking stories are revealed. In these pages, you will learn the truth about: The daughter of a witness to an alien body who discovered that her

phone had been bugged for years. How the US Air Force tried to change the mind of the son of the Roswell intelligence officer in 1995. What really became of the son of the principle witness, who disappeared in 1960.

Roswell Thomas J. Carey,Donald R. Schmitt,2020-06-20 “[The authors] have, like each whistleblower before them, paid a price for their . . . amplification of the truth. . . . The most profound event in human history.” —Joseph G. Buchman, Ph.D, moderator for the Citizen Hearing on Disclosure Two of the world’s leading investigators declare definitively that the Roswell Incident happened and present their closing arguments. For more than seventy years, the crash at Roswell and its ensuing controversies and cover-ups have been investigated. Yet despite continually mounting evidence, there are still disbelievers. *Roswell: The Ultimate Cold Case* is Carey and Schmitt’s final and commanding word on the case in which they declare victory once and for all. The government has changed their official story on Roswell more than a dozen times, but the witnesses have not recanted. The evidence has not gone away. And won’t go away. The Roswell Incident is the most hotly debated and investigated UFO crash in history with seemingly endless evidence, and eyewitnesses coming forward even years later. Finally, late in life people feel safe enough or feel duty bound to reveal what they know, saw, and heard. *Roswell: The Ultimate Cold Case* will bring all new exclusive eye witness testimonies to light as well as cover the: Connection of astronauts Edgar Mitchell and Neil Armstrong to Roswell. Connection of Clinton, Carter, Goldwater, Schiff, and Richardson to Roswell. First time artist conception of impact site with craft and bodies based on firsthand testimony. First time full-size model of crash survivor based on eyewitness testimony. And more eyewitness corroboration. “There is no one on this planet who knows more about the Roswell incident than these two guys.” —Larry Landsman, director of special projects for the Syfy Channel

Roswell Incident Exposed Jason M. Doss,2018-09-07 In 1947 the United States Army sent out an official press release informing the world: Roswell Army Air Field Captures Flying Saucer. One day later, the army claimed the flying saucer was nothing but a weather balloon. In 1994 the U.S. Air Force admitted the weather balloon story was a cover-up. Over the last 71 years the U.S. Government, witnesses, and researchers have issued reports, written books, and filmed documentaries about the infamous UFO incident. Until now, there have been no independent, objective, and non-involved third-party reports released from a licensed investigative source. The Author is Jason M. Doss, who is a licensed, board certified, and nationally recognized private investigator. The book is an investigative report, and essentially brings the 1947 incident into a courtroom, where professional and accepted judicial practices are used to eliminate bias, uncover truth, and finally solve one of the greatest mysteries in history.

We Caused the Roswell Crashes Phil H. Clark,E. J. Clark,2011-10-19 The 1947 Roswell incident was not a weather balloon but the result of not one or two but three UFO crashes! For sixty-four years the truth has remained hidden until two people have finally come forth to give their first-hand eye witness account of what really happened. They call themselves the forgotten witnesses. For the first time the full facts are revealed which will correct some facts that Roswell UFO researchers have assumed was correct. Consider yourself lucky to have one first-hand eye witness to an event; to have two first-hand eye witnesses to a major controversial event is extremely rare. From day one, the Roswell incident has been surrounded by controversy, government cover-ups,

lies, and deception because of the lack of a first-hand eye witness account when the incident was occurring. It is difficult to refute an account told from two living witnesses who were on the scene when the incident happened whose only intent is to set the story straight. Their account, as told within this book, will certainly ignite the passion of Roswell UFO researchers once more.

Expose John Tilley,Larry Tilley,2007-03-01 I have personally seen four things closely related to the UFO phenomenon and can state outright, the space craft are as real as you and I. There has never been a Roswell UFO Incident. This is the catchy title of a book authored by Berlitz and Moore, and the title simply caught on worldwide. The flow of events surrounding the Corona Crash should have begun on the morning of July 3, 1947, and are presented in chronological order. This is a must read book for UFO believers and the curious. While some of the happenings have been clouded by deaths of most original witnesses, retold over and over by relatives, the Corona Crash that Roswell is currently capitalizing on, actually happened.

It Didn't Start with Roswell Philip Rife, 2001-02 ALIEN ABDUCTION OVER A CENTURY AGO? The story was related to a Catholic priest by an elderly man on his deathbed. The man claimed that as a boy he was part of a posse searching for stolen cattle in the mountains south of Tucson, Arizona in 1899, when "a huge, silver bowl in the sky" flew ahead of the posse. The lawman in charge ordered the group to split up. The witness said "a tiny man in silver-colored clothes" confronted him with a hollow tube. The boy drew his revolver and fired six shots into the creature. The little man flickered like a candle flame and disappeared. The boy rejoined the posse, and the lawman set off alone to investigate. About an hour later, the silver bowl rose into the air and took off. When the posse rode to the area where they'd seen the UFO ascend, they found the lawman's horse, but no sign of the man himself. An Apache tracker with the group said the depth of the animal's hoofprints showed the man had left the horse at a certain point. However, there were no bootprints at the spot indicating he'd dismounted and proceeded on foot. The posse searched the area for several days, but found no trace of the missing lawman.

Crash at Corona Don Berliner, Stanton T. Friedman, 2010-04-01 IF UFOS DON'T EXIST, THEN THEY CAN'T CRASH. But something did crash near Corona, a tiny town not far from Roswell, New Mexico, in 1947. And that crash has been dissected and debated ever since. Aviation/science writer Don Berliner and nuclear physicist Stanton Friedman, the original civilian investigator of the so-called Roswell incident, have delved into the controversy to find the truth. They sifted through once-classified government documents, interviewed military and civilian witnesses, pieced together evidence, considered alternative theories, and concluded that a UFO crashed near Corona-and the U.S. government knew it and covered it up. Crash at Corona proves that what was found in the New Mexico desert wasn't a weather balloon or a secret weapon-it was a UFO. One of the more credible books arguing the existence of UFOs...Most arresting of all is the testimony of those who handled the debris, who had no opportunity to compare notes, yet have described the materials ...in almost identical language.-Publishers Weekly DON BERLINER has written more than 300 magazine articles and 25 books on aviation history and space and was also a staff writer for the National Investigations Committee on Aerial Phenomena (NICAP). He is board chairman of the non-profit Fund for UFO Research, Inc., and is a delegate to the UFO Research Coalition. STANTON T. FRIEDMAN is a nuclear physicist who has worked for General Electric, General Motors, Westinghouse, and other corporations. He is also the author of TOP SECRET/MAJIC and has appeared on Larry King, Unsolved Mysteries, and Nightline, and was involved with the documentaries UFOs Are Real and Flying Saucers Are Real. He was the final speaker at the fiftieth anniversary conference at the International UFO Museum and Research Center at Roswell, and has given more than 700 lectures on the subject of UFOs.
