The Fight Against Monsanto's Roundup Mitchel Cohen,2019-01-08 “We are being poisoned, and this book is sounding a well-informed alarm. Read it. Get educated and then join the thousands rising up against those who care more for profit than the health of our bodies and our earth.”-Eve Ensler, New York Times bestselling author Chemical poisons have infiltrated all facets of our lives – housing, agriculture, work places, sidewalks, subways, schools, parks, even the air we breathe. More than half a century since Rachel Carson issued Silent Spring – her call-to-arms against the poisoning of our drinking water, food, animals, air, and the natural environment – The Fight Against Monsanto's Roundup takes a fresh look at the politics underlying the mass use of pesticides and the challenges people around the world are making against the purveyors of poison and the governments that enable them. The scientists and activists contributing to The Fight Against Monsanto's Roundup, edited by long-time Green activist Mitchel Cohen, explore not only the dangers of glyphosate – better known as “Roundup” – but the campaign resulting in glyphosate being declared as a probable cancer-causing agent. In an age where banned pesticides are simply replaced with newer and more deadly ones, and where corporations such as Monsanto, Bayer, Dow and DuPont scuttle attempts to regulate the products they manufacture, what is the effective, practical, and philosophical framework for banning glyphosate and other pesticides? The Fight Against Monsanto's Roundup: The Politics of Pesticides takes lessons from activists who have come before and offers a radical approach that is essential for defending life on this planet and creating for our kids, and for ourselves, a future worth living in.

Avoiding Weed Shifts and Weed Resistance in Roundup Ready Alfalfa Systems ,2009 Glyphosate-resistant alfalfa can reduce weed-control costs and potentially improve the quality of your harvested crop. Learn the proper management steps you need to take to help prevent weed shifts and herbicide resistant weeds when planting glyphosate-resistant alfalfa.

Breakfast at Monsanto's Lee Evslin,2021-05-04 Roundup In Our Food Over the last 30 years, billions of pounds of herbicides containing glyphosate (such as Roundup) have been sprayed on our food crops. These glyphosate based herbicides are the most heavily used weed killers in history. They are applied regularly to GMO crops and used on non-GMO crops such as wheat, potatoes, and sugar cane. Because of their heavy use, millions, if not billions, of people worldwide consume glyphosate in their food on a daily basis. Breakfast at Monsanto's presents a powerful review of the scientific evidence potentially linking glyphosate to adverse effects on humans and other life forms. In addition to its direct toxicity, glyphosate is also patented as an antibiotic. There is emerging evidence that glyphosate may profoundly alter the delicate balance of bacteria which live in and on our bodies and are essential to good health. Breakfast at Monsanto's concludes with recommendations for protecting our health and the environment from these potentially toxic chemicals. Lee A. Evslin, M.D. is a board certified pediatrician and Fellow in the American Academy of Pediatrics. He practiced medicine and served as the CEO of a multidisciplinary medical group and its adjoining hospital. In 2014, he was asked to serve on a Hawai'i state-sponsored pesticide task force. The task force researched and reported on the possible health and environmental consequences of spraying pesticides. After the report was published, Dr. Evslin continued his research, meeting and collaborating with some of the nation's foremost experts in pesticide toxicity. He received national recognition from the American Academy of Pediatrics for his work on pesticide legislation.

Roundup Steve Alvin Rhinehardt,2016-12-18 Roundup is a western drama taking place in the small town of Roundup, Montana during the early 1800s. Sheriff Potts is a hard-headed, don't make the same mistake twice type of lawman who does not accept change eagerly. He is fast to put his life on the line when it comes to protecting his town from the wrong element. His sidekick Deputy Clark is younger and more prone to jumping into situations before weighing the possible outcomes. The early nineteenth century brought deadly hardships for those not prepared. It was a time of lawlessness where being out on the prairie unprepared could mean total disaster or even death. When Sheriff Potts hears of the possibility of an old nemesis looking for revenge, can he count on support from the townsfolk whom he has sworn to protect? The action is never-ending from one situation to the next. From outlaws and bank robbers to Indian attacks, somehow they even manage to get in a little romance. And then there are the antics of the towns older generation. There's just never a dull moment in Roundup.

The Last Roundup Christie Golden,2002-07-18 Having saved the Federation one more time in Star Trek®: The Undiscovered Country™, Capt. James T. Kirk and the crew of the U.S.S. Enterprise™ have finally gone their separate ways. Spock, McCoy, Sulu, and the others are spread out across the galaxy, pursuing their individual destinies -- until an interstellar crisis touches all their lives. Bored with retirement and ill-suited to teaching at Starfleet Academy, Kirk jumps at the chance to help his nephews colonize an uninhabited planet in a distant corner of the Alpha Quadrant. He even manages to persuade Scotty and Chekov to come along for the ride. But Kirk soon discovers that the hardy human colonists are not alone on the planet they call Sanctuary. An alien race, of whom little is known, has also established an outpost on Sanctuary for its own mysterious reasons. Suspicious, Kirk investigates, only to discover a terrifying threat that strikes at the security of the entire Federation. Light-years from Starfleet Command, without a ship or a crew to call his own, Kirk thinks he faces the menace alone. Yet the bonds of loyalty transcend even the awesome distances of space, bringing together a legendary crew for one final, fantastic adventure! Bridging the gap between two generations of Star Trek motion pictures, The Last Roundup fills in a missing chapter in Star Trek history -- and provides science fiction's greatest heroes with an unforgettable final hurrah.

The Monsanto Papers Carey Gillam,2021-03-02 Lee Johnson was a man with simple dreams. All he wanted was a steady job and a nice home for his wife and children, something better than the

hard life he knew growing up. He never imagined that he would become the face of a David-and-Goliath showdown against one of the world’s most powerful corporate giants. But a workplace accident left Lee doused in a toxic chemical and facing a deadly cancer that turned his life upside down. In 2018, the world watched as Lee was thrust to the forefront of one the most dramatic legal battles in recent history. The Monsanto Papers is the inside story of Lee Johnson’s landmark lawsuit against Monsanto. For Lee, the case was a race against the clock, with doctors predicting he wouldn’t survive long enough to take the witness stand. For the eclectic band of young, ambitious lawyers representing him, it was a matter of professional pride and personal risk, with millions of dollars and hard-earned reputations on the line. For the public at large, the lawsuit presented a question of corporate accountability. With enough money and influence, could a company endanger its customers, hide evidence, manipulate regulators, and get away with it all—for decades? Readers will be astounded by the depth of corruption uncovered, captivated by the shocking twists, and moved by Lee’s quiet determination to see justice served. With gripping narrative force that reads like fiction, The Monsanto Papers takes readers behind the scenes of a grueling legal battle, pulling back the curtain on the frailties of the American court system and the lengths to which lawyers will go to fight corporate wrongdoing.

Livingston Roundup Rodeo Carla Williams,2014-06-09 The Livingston Roundup Rodeo was started in 1926 by a group of local businessmen. Their goal was to create an event to keep travelers in Livingston. The rodeo continued until the onset of World War II and was canceled during the war years. In the late 1940s, a young man approached one of the local businessmen and asked to use money held at the First National Park Bank (today known as First Interstate Bank) to revive the old rodeo. Today, the Livingston Roundup Rodeo is one on the most renowned events of its kind. Visitors come from all over the world to attend this wonderful three-day event that occurs every year from July 2 to 4. Hosting more than 5,000 people every night, the rodeo has seen wedding parties, family reunions, and even a surprise engagement every now and then.

Roundup on the Pecos II Historical Society for Southeast New Mexico,2005-07 Roundup on the Pecos II relates the triumphs and failures, joys and sorrows, achievements and disappointments of dozens of selected Chaves County business people, educators, attorneys, ranchers, farmers, and others who have put their sweat and tears into the development of the Roswell area. This book is a companion volume to Roundup on the Pecos (1978) and is intended to honor our Patron Donors who helped us raise the funds to buy the land and erect the building for our Museum Archives Center. Realizing that a comprehensive history of Roswell has never been published in book form, we determined to include a brief history of the city. The books and articles that have been published about Roswell, as well as other books about various people and places in the Valley, were very useful in helping us to synthesize a brief general history of the city. We also included a number of photographs from our archives; and finally, we included an index in order to make the book more useful to researchers. Roundup on the Pecos II will be an important reference for historians and genealogists, as well as a valuable heirloom for the families featured in the book.
