Row the Boat Jon Gordon,P.J. Fleck,2021-05-04 Learn to live and lead with enthusiasm and optimism, impact your team, and transform your culture In *Row the Boat*, Minnesota Golden Gophers Head Coach P.J. Fleck and bestselling author Jon Gordon deliver an inspiring message about what you can achieve when you approach life with a never-give-up philosophy. The book shows you how to choose enthusiasm and optimism as your guiding lights instead of being defined by circumstances and events outside of your control. Discover how to put the three key components of row the boat into practice in your life: The Oar: The energy. Only you can dictate whether your oar is in the water or whether you take it out and decide not to use it. The Boat: The sacrifice. The more you give, serve, and make your life about helping others, the better and more fulfilled your life will be, and the bigger your boat gets. The Compass: The direction. The vision you have for your life and the people you surround yourself with help create the dream of where you want to go. Perfect for athletes, coaches, business leaders, and anyone else who hopes to squeeze a little more enjoyment and productivity out of life, *Row the Boat* will propel leaders, teams, and organizations to greater heights than they have ever reached before.

The Boys in the Boat Daniel James Brown,2013-06-04 Now a Major Motion Picture Directed by George Clooney The #1 New York Times–bestselling story about the American Olympic rowing triumph in Nazi Germany—from the author of *Facing the Mountain*. For readers of *Unbroken*, out of the depths of the Depression comes an irresistible story about beating the odds and finding hope in the most desperate of times—the improbable, intimate account of how nine working-class boys from the American West showed the

world at the 1936 Olympics in Berlin what true grit really meant. It was an unlikely quest from the start. With a team composed of the sons of loggers, shipyard workers, and farmers, the University of Washington's eight-oar crew team was never expected to defeat the elite teams of the East Coast and Great Britain, yet they did, going on to shock the world by defeating the German team rowing for Adolf Hitler. The emotional heart of the tale lies with Joe Rantz, a teenager without family or prospects, who rows not only to regain his shattered self-regard but also to find a real place for himself in the world. Drawing on the boys' own journals and vivid memories of a once-in-a-lifetime shared dream, Brown has created an unforgettable portrait of an era, a celebration of a remarkable achievement, and a chronicle of one extraordinary young man's personal quest.

Rowing into the Son Jordan Hanssen,2012-09-26 "Truly an epic of adventure and perseverance, this is great inspiration for anyone who thinks of someday tackling the impossible." -- New York Times best-selling author Clive Cussler Try before you buy and download the first chapter for free from Rowing Into The Son. (Provide us with a little information and we'll send your download directly to your inbox) * Traces the struggle of the only American team competing in the first ocean rowing race from New York to

England * The four young rowers spent 72 days pulling across the ocean * Author leaves for another cross-Atlantic adventure in December 2012 On June 10, 2006, college friends Dylan LeValley, Greg Spooner, Brad Vickers, and Jordan Hanssen stepped into a 29-foot rowboat as the only American competitors in the first North Atlantic Rowing Race, pulling across the northern ocean. From the first dreams of race planning to heaving through ocean waves, *Rowing Into the Sun: Four Young Men Crossing the North Atlantic* takes the reader along with team Outdoor Adventure Racing (OAR) Northwest as they head out from New York Harbor, catch the Gulf Stream current, and make the final dramatic push for the finish line, a narrow 50-mile wide “gate” at Bishop’s Rock Lighthouse off the coast of Cornwall. Hurricane-level winds, giant eddies, passing freighters, flying fish, and sharks are all elements of the journey, and the race comes to a tense head on day 17 -- with another 55 days to go -- as the crew realizes their food supplies are running out and they must drastically restrict their eating. This is lead rower Jordan Hanssen’s intimate account of team OAR Northwest’s journey, set against the backdrop of Hanssen’s reflections on the teachings of both his stepfather and his biological father, who passed away many years previously. How Hanssen and his teammates cope within the confines of their tiny ocean rowing boat and their determination to push their limits will keep readers enthralled in this remarkable true tale of coming-of-age and adventure.

Oars Across the Pacific John Fairfax, Sylvia Cook, 1972

Battling the Oceans in a Rowboat Mick

Dawson, 2017-08-22 The heart-pounding story of rowing expert Mick Dawson's most challenging feats on the open water, culminating in his greatest achievement: crossing the North Pacific Ocean in a small rowboat. Storms, fatigue, equipment failure, intense hunger, and lack of water are just a few of the challenges that ocean rower MICK DAWSON, endured whilst attempting to complete one of the World's Last Great Firsts. In this nail-biting, man-against-nature true story, Dawson, former Royal Marine Commando, Guinness world record ocean rower and high seas adventurer, takes on the Atlantic and ultimately the North Pacific Oceans. It would require three attempts and a back breaking voyage of over six months to finally cross the mighty North Pacific for the first time. 189 days, 10 hours and 55 minutes rowing around the clock, fighting death and destruction every step of the way before finally arriving beneath the iconic span of the Golden Gate Bridge with his friend and rowing partner Chris Martin. Dawson details his epic adventures propelling his tiny boat one stroke at a time for thousands of miles across the most hostile route of the greatest ocean on earth, overcoming failure, personal tragedy and all of the challenges mother nature could throw at him.

Men of Kent Rick Rinehart, 2010-09-14 *Men of Kent* is, first and foremost, an archetypal sports tale—a story of the improbable happening to the unlikely, unfolding against the backdrop of a turbulent era. Both an homage and a unique inside look at the fast-growing sport of rowing, it embraces the sport's history, traditions, and culture as it tells the story of ten ordinary boys and their coach from Kent, Connecticut, who found themselves in extraordinary circumstances during the spring and summer of 1972. The Kent School's 1972 crew, of which the author was a part, had a 46-0 winning streak, broke three course records, and claimed a national championship. In its final race, at the fabled Henley Royal Regatta in England—a race broadcast on television worldwide—it barely edged the Canadian National Champions. Kent's achievement merited a banner headline in the New York Times sports section, and is regarded as one of the most breathtaking finishes in Henley's long history.

Crossing the Swell Tori Holmes, Paul

Gleeson, 2011-02-15 That first day is hard. The hands begin to cramp, drops of blood start oozing through your fingertips . . . In 2003, Tori Holmes, a 21-year-old from Alberta, Canada, and Paul Gleeson, a 29-year-old financial advisor from Limerick, Ireland, met in Australia when Holmes answered an ad to drive the support vehicle for Gleeson's 5,000-kilometre cycling trek across that country. During their first adventure together, Gleeson fell hard: both off his bike and for the woman driving the car. Once Australia was behind them, it became clear that crossing a continent together was simply not enough. Acting on self-assured determination and an ever-growing sense of adventure, Gleeson and Holmes embraced the dream of rowing a tiny boat across the vastness of the Atlantic Ocean in the 2005/06 Trans-Atlantic Race. Of course, neither of the young adventurers knew how to row, so they connected and trained with the only Irishmen ever to have completed the same race, Eamonn and Peter Kavanagh. In November 2005, after months of training, Paul and Tori left the Canary Islands to row 4,800 kilometres across the Atlantic. In February 2006, they completed their epic journey after 86 days of huge seas, violent storms, terrifying capsizes,

unbearable thirst, bizarre hallucinations and sleep deprivation. Along the way, however, during one of the darkest moments in the race, inspiration came in the form of an unseen, yet completely perceptible, presence. Old seafaring lore has several theories as to what this might have been, but both adventurers are keeping their minds open on it. Part inspirational adventure story, part travelogue and part romance, *Crossing the Swell* is an honest and intimate portrayal of what it takes to truly engage in the many adventures that life has to offer.
