End of the Circle Jack McKinney,1990 A Warp In The Space-Time Continuum... The SDF-3 has remanifested from spacefold, but no one aboard has the faintest idea where they are. The ship appears to be grounded in some glowing fog, ensnared by light itself. Lang and Rem dub the phenomenon newspace -- but are at a loss to explain what it really is and who, or what, is keeping them there. For Lang, it seems like old times: The ship's Protoculture drives have disappeared. But other events are transpiring, unbeknownst to the stranded crew of the SDF-3. In Earthspace, the Ark Angel has been spared the fate suffered by the REF main fleet after the Invid transubstantiation. Vince and Jean Grant decide that the only logical course of action is to try and locate the SDF-3... On Haydon IV, something has awakened the Awareness -- and a mysterious change comes over the Haydonites. Exedore and the four Sterlings suddenly find themselves imprisoned beneath the surface -- as the planet leaves orbit, destination unknown... All of the pieces of this strange cosmic puzzle are about to come together...and the ultimate conflict is imminent. The question is: Will The Universe Survive?

Dark Powers Jack McKinney,1988 The Robotech Expeditionary Force had been stranded on the far side of the galaxy as the result of damage to their Super Dimensional Fortress during the battle with the Invid hordes. Their chances for survival were slim. Suddenly, a starship unlike anything that had ever flown before appeared -- manned by an incredible assortment of beings who meant to challenge the might of the Invid Regent himself! REF volunteers signed aboard, with their might war mecha in tow, for a campaign that would either mean the total destruction of the freedom fighters or liberty for the planets of -- The Sentinels.

Art of He-Man and the Masters of the Universe Various,2015-04-28 In 1983, the world was introduced to He-Man and the Masters of the Universe. What followed was a cultural sensation that changed the landscape of children's entertainment forever! Join Mattel and Dark Horse in this comprehensive retrospective chronicling He-Man's

Painkiller Jane Joe Quesada, Jimmy Palmiotti, 2006-09 Jane Vasko was an undercover police officer attempting to infiltrate a major New York city drug ring. After gaining the trust of dealers, her cover was unknowingly blown and she was forced drugged into a coma. Jane remained in secrecy as a Jane Doe until one day she awoke to a world where nothing was the same.

Symphony of Light Jack McKinney, 1987 It had been a long hard road for Scott Bernard and his ragtag band of Robotech irregulars; but the Invid stronghold known as Reflex Point was finally close at hand, and preparations were under way for a full-scale assault. But the Invid Regis was not about to surrender so easily the world she had come halfway across the galaxy to claim - especially now that her experiments in racial transmutation were nearing their conclusion. And no one, Human or Invid, thought to ask whether Protoculture might have something to say in these matters. But indeed it did; and the final encounter of the Robotech Wars would be more mystifying than anyone had imagined. And Earth Was The Prize!

Transtopia in the Sinophone Pacific Howard Chiang, 2021-04-06 As a broad category of identity, “transgender” has given life to a vibrant field of academic research since the 1990s. Yet the Western origins of the field have tended to limit its cross-cultural scope. Howard Chiang proposes a new paradigm for doing transgender history in which geopolitics assumes central importance. Defined as the antidote to transphobia, transtopia challenges a minoritarian view of transgender experience and makes room for the variability of transness on a historical continuum. Against the backdrop of the Sinophone Pacific, Chiang argues that the concept of transgender identity must be rethought beyond a purely Western frame. At the same time, he challenges China-centrism in the study of East Asian gender and sexual configurations. Chiang brings Sinophone studies to bear on trans theory to deconstruct the ways in which sexual normativity and Chinese imperialism have been produced through one another. Grounded in an eclectic range of sources—from the archives of sexology to press reports of intersexuality, films about castration, and records of social activism—this book reorients anti-transphobic inquiry at the crossroads of area studies, medical humanities, and queer theory. Timely and provocative, *Transtopia in the Sinophone Pacific*

highlights the urgency of interdisciplinary knowledge in debates over the promise and future of human diversity.

Invid Invasion Jack McKinney,1987 To free Earth from its Invid conquerors, the space-weary veterans of the Expeditionary Force must find and destroy the Invid hive and Queen.

The Devil's Hand Jack McKinney,1988 It was 2020. Six years had passed since the destruction of the Super Dimensional Fortresses 1 and 2, that final tragedy of the First Robotech War. But Earth was on the mend now, and from the wreckage of those ships the Robotech Defense Force had succeeded in fashioning a new battle fortress -- the SDF-3. Its mission: to cross the galaxy and make peace with Tirol's Robotech Masters. It sounded straightforward enough; but unknown to Admirals Rick and Lisa Hunter and their crew of thousands, the Robotech Masters were already on their way to Earth! Nevertheless Tirol would have a greeting in store for the Expeditionary Mission: an incendiary salute from the warlord whose hordes had conquered half the galactic Quadrant -- the Invid Regent! Threatened with a swift and violent end, and suddenly torn by internal struggles for power, the RDF would find itself thrust into a savage war for survival!

This handsome volume is a retrospective of this astonishing artist's career and a look at the man himself.

Force of Arms Jack McKinney,1987 Supreme Commander Dolza had amassed the largest fleet of Zentraedi warships the Universe had ever seen . . . and all their weapons were aimed at Earth!

The Macross Saga Markalan Joplin,2003 Based on the cult classic animated series, ROBOTECH: THE MACROSS SAGA VOL. 4 is a sci-fi extravaganza of fast-paced action, high-tech battles, and burgeoning romance. Years ago when the SDF-1 crashed on Earth, the world knew that the alien spacecraft was the harbinger of an extraterrestrial invasion. Using the technology from the galactic warship, humans quickly began to develop biomechanical weapons to prepare for the upcoming onslaught. Now as the war reaches a fateful critical stage and another hero falls in battle, the alien Zentraedi enact an aggressive campaign to destroy the Earth's only hope of victory, the lost

SDF-1 spaceship.
