Russel Botman Albert Grundlingh,2017-10-18 This celebratory volume tells the story of the late Russel Hayman Botman who died suddenly early in his second term as Rector and Vice-Chancellor of Stellenbosch University. Botman's story is told from his earliest childhood years until his last day as rector. The nature of tributes and celebratory volumes is that it can never be exhaustive. It tells a rich story from limited perspectives. It, however, serves as invitation, stimulus and inspiration to others connected to Botman to also tell their stories about his story.

When It's Right to be Wrong Russel Howcroft,2015-09-23 Whether he's selling beer, health insurance or the army, former adman Russel believes in the power of the idea, and that creativity is needed to make good things happen. Whether it's about business or everyday life, Russel knows sometimes you simply have go against the tide. In When It's Right to Be Wrong we're let into the Howcroft view of the world. It's not what you expect to hear, but that's hardly surprising from the man who once wanted to put a dwarf, a nurse and a monkey in the same ad. Changing your mind is a good thing. Privacy is overrated so give everyone your phone number. Smile at strangers. Forget reality; the right kind of BS can create magical success. Good people rise to the top. Work-life balance is bullshit. Russel Howcroft will challenge the way you look at the world. Don't wait to be right. Do it anyway.
