A determined girl will cross the galaxy, risking everything she holds dear to find the one thing that's missing ... Pursuing answers to mysteries has led Evelyn to being kidnapped, imprisoned, tortured, poisoned, battling bionic super-soldiers and sea monsters, and maybe worst of all ... other teenage girls. So, when she is confronted with another mystery involving the same colonists who have ridiculed, hunted and exiled her, she's certain it will bring nothing but heartache. But her head can't convince her heart of this truth. Even though she finally has everything she wants-freedom to trek the galaxy; the respect, if not the admiration of the colonists; the boy, her first friend and first love-the

aching void in her chest tells her that something is still missing. So, with thoughts and feelings she cannot explain to herself, let alone to those she loves, Evelyn will throw herself into another mystery-one that will span the galaxy and may cost her everything she holds most dear, all with the hope she'll find that 'something' that's missing ... a place to call home.
