Movies (And Other Things) Shea Serrano,2019-10-08 INSTANT #1 NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER BARNES & NOBLE BESTSELLER AMAZON BESTSELLER Paging through Serrano's Movies (and Other Things) is like taking a long drive at night with a friend; there's that warmth and familiarity where the chat is more important than the fastest route from Point A to Point B...It's like a textbook gone right; your attention couldn't wander if it tried. -- Elisabeth Egan, New York Times Book Review Shea Serrano is back, and his new book, Movies (And Other Things), combines the fury of a John Wick shootout, the sly brilliance of Regina George holding court at a cafeteria table, and the sheer power of a Denzel monologue, all into one. Movies (And Other Things) is a book about, quite frankly, movies (and other things). One of the chapters, for example, answers which race Kevin Costner was able to white savior the best, because did you know that he white saviors Mexicans in McFarland, USA, and white saviors Native Americans in Dances with Wolves, and white saviors Black people in Black or White, and white saviors the Cleveland Browns in Draft Day? Another of the chapters, for a second example, answers what other high school movie characters would be in Regina George's circle of friends if we opened up the Mean Girls universe to include other movies (Johnny Lawrence is temporarily in, Claire from The Breakfast Club is in, Ferris Bueller is out, Isis from Bring It On is out...). Another of the chapters, for a third example, creates a special version of the Academy Awards specifically for rom-coms, the most underrated movie genre of all. And another of the chapters, for a final example, is actually a triple chapter that serves as an NBA-style draft of the very best and most memorable moments in gangster movies. Many, many things happen in Movies (And Other Things), some of which funny, others of which are sad, a few of which are insightful, and all of which are handled with the type of care and dedication to the smallest details and pockets of pop culture that only a book by Shea Serrano can provide.

The Islamic State in Africa Jason Warner,2022-04-01 In 2019, Islamic State lost its last remaining sliver of territory in Syria, and its Caliph, Abu Bakr al-Baghdadi, was killed. These setbacks seemed to herald the Caliphate's death knell, and many now forecast its imminent demise. Yet its affiliates endure, particularly in Africa: nearly all of Islamic State's cells on the continent have reaffirmed their allegiance, attacks have continued in its name, many groups have been reinvigorated, and a new province has emerged. Why, in Africa, did the two major setbacks of 2019 have so little impact on support for Islamic State? The Islamic State in Africa suggests that this puzzle can be explained by the emergence and evolution of Islamic State's provinces in Africa, which it calls 'sovereign subordinates'. By examining the rise and development of eight Islamic State 'cells', the authors show how, having pledged allegiance to IS Central, cells evolved mostly autonomously, using the IS brand as a means for accrual of power, but, in practice, receiving relatively little if any direction or material support from central command. Given this pattern, IS Central's relative decline has had little impact on its African affiliates-who are likely to remain committed to the Caliphate's cause for the foreseeable future.

The Purpose Economy Aaron Hurst,2014-04-02 A series of shifts are happening in our economy: Millennials are trading in conventional career paths to launch tech start-ups, start small businesses that are rooted in local communities, or freelance their expertise. We are sharing everything, from bikes and cars, to extra rooms in our homes. We now create, buy and sell handcrafted products in our local communities with ease. Globally recognized entrepreneur, founder of Taproot Foundation and CEO of Imperative, Aaron Hurst, argues in his latest book that while these developments seem unrelated at first, taken together they reveal a powerful pattern that points to purpose as the new driver of the American economy. Like the Information Economy, which has driven innovation and economic growth until now, Hurst argues that our new economic era is driven by connecting people to their purpose. It's an economy where value lies in establishing purpose for employees and customers through serving needs greater than their own, enabling personal growth and building community. Based on interviews with thousands of entrepreneurs, Hurst shows this new era is already fueling demand for a whole host of products and services and transforming how millennials view their careers. A new breed of startups like Etsy, Zaarly, Tough Mudder, Kickstarter, and Airbnb are finding new ways to create value by connecting us with our local communities. At the same time, companies like Tesla and Whole Foods are making the march from just appealing to affluent buyers to becoming mainstream brands. Hurst calls these companies, along with the pioneering entrepreneurs who founded them, the Purpose Economy's taste-makers. This book is at once a personal memoir of Aaron Hurst's own awakening as a purpose driven entrepreneur, when he left a well-paying tech job in 2001 to launch Taproot, creating a pathway for millions of professionals and Fortune 500 companies to volunteer for nonprofits. It's also a blueprint for a new economic era that is transforming companies, markets and our careers to better serve people and the world.

Fictional Presidential Films Sarah Miles Bolam & Thomas J. Bolam,2011-07-01 Fictional Presidential Films Hollywood's manner of making films, its conventions, applies especially to fictional presidential films, allowing filmmakers to express their ideas that could not be done in traditional historical films. Fictional Presidential Films offers a complete filmography of these two-hundred-plus films decade by decade since 1930. The main body of the work provides a brief summary of each decade along with a summary on the overall nature of films in which a fictional President appeared. Each relevant film is then discussed with credits, plot summary, description of the presidential appearance, and, when possible, an assessment of the presidential portrayal included.
