Inside the Mind of President Biden Ryuho Okawa, 2021-02-23 What are the real thoughts inside the mind of President Biden? What scheme does he know about the coronavirus crisis and the Obama administration's close ties with Beijing? How are the extreme severity of the coronavirus's spread in America, Beijing's genocide in Uyghur, Hong Kong's suppression, and space beings closely related to each other? The coronavirus death toll in America alone has just now reached over 500,000 people--matching the death toll of three wars which includes World War II. From his desire to save the people in this age of crisis who are living in this world, leading religious leader, world teacher, and opinion leader, Master Ryuho Okawa, gives us a look inside the inner thinking and truths about President Joe Biden. In this book, you will find what President Biden's real mind, value judgments, sense of righteousness and religious faith, and inner character are. You'll discover whether his capacity can truly fulfill the responsibilities of an American president and a major world leader, and the way he views the battle between democracy and totalitarianism that we are now really witnessing. These pages show how President Biden compares with former president Donald Trump and his spirit of chivalry, the spirit of bushido. The fall of the nation is coming in the name of 'strategic patience.' Later generations shall correctly tell about Mr. Trump who cried repeatedly to 'Make America Great Again.'— Ryuho Okawa, Preface—

The Hell You Never Knew Ryuho Okawa, 2019-07-15 From ancient times, people have been warned of the danger of falling to Hell. But does the world of Hell truly exist? If it does, what kind of people would go there? Through his spiritual abilities, Ryuho Okawa found out that Hell is only a small part of the vast Spirit World, yet more than half of the people today go there after they die. They go there not because they are not Christian or Muslim. They do so because they have misused their freedom while living on earth. In this spiritual book, Okawa describes his own first-hand spiritual journey to the modern Hell and explains how people can end up in Hell, regardless of their religious belief or professions. He then emphasizes the importance of looking at our own mind, because there lies the true cause of our falling to Hell, and offers three major checkpoints to avoid going there. This is an ideal textbook that is worth reading repeatedly so that everyone, without exception, will happily return to Heaven in the afterlife.
