**Simester and Sullivan's Criminal Law** A P Simester, J R Spencer, G R Sullivan, G J Virgo, 2014-07-18 This is the fifth edition of the leading textbook on criminal law by Professors Simester, Spencer, Sullivan and Virgo. Simester and Sullivan is an outstanding account of modern English criminal law, combining detailed exposition and analysis of the law with a careful exploration of its theoretical underpinnings. Primarily, it is written for undergraduate students of criminal law and it has become the set text in many leading universities. Additionally, the book is used as an important point of reference in academic writing and postgraduate research in England and abroad. Simester and Sullivan has been cited by appellate courts throughout the world. There have been a large number of important appellate decisions since the last edition of this work. This new case law, among other things, provides helpful guidance for the interpretation of offences under the Serious Crime Act 2007 and of the defence of loss of control provided by the Coroners and Justice Act 2009. There have been significant developments in the laws relating to rape, self-defence and defence of property, and duress. Special mention should be made of the continuing stream of appellate cases regarding the nature and scope of secondary liability in the crimes of others.

More than an academic exercise, planning is a practical matter affecting important aspects of daily life, and the desirability of public engagement in the planning process is well settled. This book contributes to the promotion of recognition of the body of Welsh planning law, to aid accessibility for all who practise in or who are (or want to be) involved in shaping development in Wales.
