**The Middle East Military Balance 1985** Mark A Heller,Aharon Levran,Zeev Eytan,2019-09-10 This annual reference provides a statistical study of military trends in the Middle East and a collection of essays analyzing the details and strategic significance of events in the region. With this edition, The Middle East Military Balance moves to a calendar-year basis. The description and analysis in this volume cover the years 1984 and 1985, and the figures presented are correct as of late 1985. Part I surveys the major strategic developments in the region during the period under review. Part II presents battle order, information on the armed forces in the region and assesses the capabilities of the major military establishments. Part III analyzes various sub-regional military balances. And Part IV provides updated reference materials - comparative tables, a glossary of weaponry, maps and abbreviations.

**The Middle East Military Balance 1986** Aharon Levran,Zeev Eytan,Joseph Alpher,Daphne Raz,2020-01-29 This annual reference provides a statistical study of military trends in the Middle East and a collection of essays analyzing the details and strategic significance of events in the region. This fourth annual volume of the Middle East Military Balance covers the calendar year 1986. Strategic developments in the Middle East, a region of high geostrategic stakes and deep-rooted conflicts, redound vigorously on both regional and global peace and stability.

**The Middle East Military Balance 1989-1990** Joseph Alpher,Zeev Eytan,Dov Tamari,2020-01-29 Now in its seventh year, this annual review provides a detailed database on military forces and strategic developments in the Middle East. It offers statistics on populations, resources and military infrastructures, on armed forces and the military capacity of each state in the region, and on the Palestinian Liberation Organization. This year's volume contains essays on the activities of major armies in the Middle East, as well as in-depth analyses of fundamental strategic trends of particular relevance during the 1990s.

**The Middle East Military Balance 1993-1994** Shlomo Gazit,2019-09-10 This annual reference provides a statistical study of military trends in the Middle East and a collection of essays analyzing the details and strategic significance of events in the region. The Middle East Military Balance 1993-1994 covers 1993 as well as the first half of 1994, covering amongst other topics the ensuing revolutionary breakthrough in Israeli-PL0 relations, with its main focal points--the August 1993 Oslo Declaration of Principles (DOP), and the May 1994 Cairo agreement.

*A Compendium of Armaments and Military Hardware (Routledge Revivals)* Christopher Chant,2014-06-03 First published in 1987, The Compendium of Armaments and Military Hardware provides, within a single volume, the salient technical and operational details of the most important weapons. The complete range of hardware used in land, sea and air forces throughout the world at the time of publication is covered, from tanks to rocket systems, helicopters to cruise missiles, alongside full details of size, weight and operational range. The book's main strength lies in the detail it gives of armament and associated ammunition capabilities, and of the sensors and other electronics required for the weapons to be used effectively. A key title amongst Routledge reference reissues, Christopher Chant's important work will be of great value to students and professionals requiring a comprehensive and

accessible reference guide, as well as to weapons 'buffs'.

The Middle East Military Balance 1988-1989 Shlomo Gazit, Zeev Eytan, 2019-09-10 The sixth edition of this annual furnishes statistics on the population, resources, infrastructure, armed forces and military capacity of individual Middle East states. It also surveys strategic events in the region and assesses military balances among potential Middle East adversaries.

*The Middle East Military Balance 1987-1988* Aharon Levran, Zeev Eytan, Joseph Alpher, Daphne Raz, 2020-01-29 This annual reference provides a statistical study of military trends in the Middle East and a collection of essays analyzing the details and strategic significance of events in the region. This edition year's Balance includes a description of the violent civil disturbances in Judea, Samaria and Gaza. This, together with the fact that much additional data and analysis extend into 1988, justified making this the 1987-88 (rather than 1987) edition of the Middle East Military Balance.

**The Middle East Military Balance 1992-1993** Shlomo Gazit, 2019-09-10 This annual reference provides a statistical study of military trends in the Middle East and a collection of essays analyzing the details and strategic significance of events in the region. The ninth annual review of the military forces and capacity of each state in the Middle East.

*Helicopters* Stanley S. McGowen, 2005-05-24 First envisioned by Leonardo da Vinci and first deployed in World War II, the helicopter is now a universal icon of modern warfare, a key component of combat planning around the world, and one of the military's most versatile and effective tools. *Helicopters: An Illustrated History of Their Impact* covers the development of helicopters from a concept in Leonardo da Vinci's mind to the first successful machines in the early 1900s to the latest tilt-rotor designs. Time and again, in a story of constant innovation, designers answered the concerns of military planners with more maneuverable, more capable rotorcraft. With expert analysis and specific details of every significant model ever used, *Helicopters* shows how these once denigrated machines became essential to a variety of missions (reconnaissance, transport, attack, support, evacuation, urban combat, quick strikes behind enemy lines, and more). In addition, the book looks at the impact of rotorcraft beyond the military, including their ever-widening role in emergency medical care, police work, traffic control, agriculture, news reporting, and more.

Making and Marketing Arms Edward A. Kolodziej, 2014-07-14 France ranks as the world's third largest arms exporter and supplies arms and military technology to over a hundred countries. This book exposes the compelling aims and interests--national independence, security, economic welfare, foreign influence, grandeur--that explain the nation's successes in arms production and transfers. Originally published in 1987. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

*The Military Balance 1994-1995* Rachel Neaman, 2023-05-31 First published in 1995. The Military Balance is updated each year to provide a timely, quantitative assessment of the military forces and defence expenditures of over 160 countries. The current volume contains as of 1 June 1994. The break-up of the Soviet Union necessitated a re-evaluation of the way in which The Military Balance divides the world into geographical sections. Russia is both a European and an Asian state and is given a separate section in the book.
