Raja and the Lion of Drazuk Avah Broc,2022-06-07 After years of turmoil, another great shadow is growing over Zurkia. Princess Hannah of Avaran—the cousin of Zurkia’s renowned hero, Princess Raja—and Princess Chloe have both been taken against their will by the superior of Wsyrut, Vandal. After two of Raja’s friends, Consula Meeshan and Prince Jafar, fail in their clever attempt to save the two princesses, Raja once again gathers her crew of adventuring companions to devise a new plan. However, Vandal is merely a pawn in an even greater and more dangerous scheme. The vile Hagatha, Queen of Roses, has retrieved her once-lost royal orb and set her sights on becoming queen of the entire kingdom, by any means necessary. Using the power of magic, potions, and trickery, Hagatha infiltrates the villages and legions of Zurkia and begins to amass a powerful and obedient army. With war on the horizon, everything comes into question. Will Raja’s friends’ plan to outplay the naive superior succeed? Will Zurkia’s people be made aware of Hagatha’s evil influence before it is too late? And what will be the cost of all this greed and dishonesty? With a brave heart, the heroes run headfirst into the darkness that threatens to consume everything, and everyone.

Islamic Art in the 19th Century Doris Behrens-Abouseif,Stephen Vernoit,2006 This collection of essays provides a timely reassessment of nineteenth-century Islamic art and architecture. The essays demonstrate that the arts of that era were vibrant and diverse, making ingenious use of native traditions and materials or adopting imported conventions and new technologies. However, traditionalists, revivalists and modernists all referred in one way or another to an Islamic heritage, whether to reinvent, revive or reject it. Beginning with an historical introduction and an assessment of changing attitudes towards the visual arts the following essays provide case studies of architecture and art in Ottoman Turkey, Egypt, Morocco, sub-Saharan Africa, Iran, Central Asia, India and the Caribbean. They examine such issues as patronage, sources of artistic inspiration and responses to European art. The essays have a relevance and importance for our understanding of the societies and attitudes of that time, and have a direct bearing on the more general debate concerning cultural identity and the integration of modern ideas in the Muslim world. The book is richly illustrated with very many illustrations in black-and-white and in full colour.
