*Liious Sabo against Herman B. Delman Armand Gilinsky,*

*Prison Masculinities /edited by Don Sabo, Terry A. Kupers, and Willie London Donald F. Sabo, Terry Allen Kupers, Willie James London, 2001* This book explores the frightening ways our prisons mirror the worst aspects of society-wide gender relations. It is part of the growing research on men and masculinities. The collection is unusual in that it combines contributions from activists, academics, and prisoners. The opening section, which features an essay by Angela Davis, focuses on the historical roots of the prison system, cultural practices surrounding gender and punishment, and the current expansion of corrections into the prison-industrial complex. The next section examines the dominant or subservient roles that men play in prison and the connections between this hierarchy and male violence. Another section looks at the spectrum of intimate relationships behind bars, from rape to friendship, and another at physical and mental health. The last section is about efforts to reform prisons and prison masculinities, including support groups for men. It features an essay about prospects for post-release success in the community written by a man who, after doing time in Soledad and San Quentin, went on to get a doctorate in counseling. The contributions from prisoners include an essay on enforced celibacy by Mumia Abu-Jamal, as well as fiction and poetry on prison health policy, violence, and intimacy. The creative contributions were selected from the more than 200 submissions received from prisoners. Author note: Don Sabo, Professor of Social Sciences at D'Youville College in Buffalo, is author or editor of five books, most recently, with David Gordon, *Men's Health and Illness: Gender, Power, and the Body* and, with Michael

Messner, *Sex, Violence, and Power in Sports: Rethinking Masculinity*. Sabo has appeared on *The Today Show*, *Oprah*, and *Donahue*. Terry A. Kupers, M.D., a psychiatrist, teaches at the Wright Institute in Berkeley. He is the author of four books, editor of a fifth. His latest books are *Prison Madness: The Mental Health Crisis Behind Bars and What We Must Do About It* and *Revisioning Men's Lives: Gender, Intimacy, and Power*. Kupers has served as an expert witness in more than a dozen cases on conditions of confinement and mental health services. Willie London, a published poet, is General Editor of the prison publication *Elite Expressions*. He is currently an inmate at Eastern Corrections. For nine years he was a prisoner at Attica.

**River Flowing** Alice Sabo, When the god of healing gave River the Gift, she didn't realize that the direction of her life would be at his whim for all the rest of her days. Living and learning in the temple of Bhanur was all that River had known for most of her young life. She dreamed of becoming a Hand, healing everyone who came to the temple, but soon discovered it wasn't going to be that simple. A great upheaval scattered Hands and pupils all over the face of Haroon. River had to contend with lethal accidents, powerful mages and truculent tutors in her journey to understanding the hidden dangers in the magic. When a major catastrophe tests them brutally, she struggles to stay within her own limits as crowds of victims descend upon the temple. Her Gift can heal those who need it, but her own life lies in the hands of the god. Coming of Age, Healing Magic, High Fantasy, Strong Female Lead, Epic Fantasy Adult

*Micah's Ordeal* Alice Sabo, 2023-02-27 Winter arrives early and with it dangerous complications for Willow and Micah. A lethal storm sweeps in without warning. When Micah goes missing, Willow

has to reach out for help from unexpected sources. As the snow piles up, Bear fears the worst, but there are some bright surprises on the horizon that no one saw coming.

**Station Down** Alice Sabo, 2023-01-04 They came to bring life to a barren planet, but a lethal betrayal left them battling for mere survival. Carol had plans for farms, parks and forests, but now she must fight the elements to get crops growing before they run out of food. Gary wanted a new life. He signed up to build houses for the homesteaders, but deadly sabotage permanently changed the course of his future. Tucker was thinking about retirement from law enforcement on a new planet with few problems until the deaths and disappearances began. Together they have to push past the lies and deceptions to survive in a punishing environment with no hope for rescue.

**Diligence Point** Alice Sabo, 2023-05-16 Flint had concerns about being in charge of a convocation of all the Chosen on Haroon but was willing to do whatever it took to heal her world. With Steel, Marten and Stash, she had barely arrived at the ancient fort in the desert before things went sideways. Juggling the needs and egos of Hands, Guides, Ministers and representatives of gods she'd never heard of was tricky. The combined volume of their different magics was frightening and chaotic. Despite their best efforts, the damage was deeper than they realized and harder to heal. Rifts to lower planes were opening and the danger of incursion imminent. Flint and her companions would need to fight on multiple fronts to restore the world before the fractures could shatter it.

**White Lies** Alice Sabo, 2012-02-24 Asher was just learning how to be normal when the police came for him. They arrested him for murder. He was innocent, but all the evidence said otherwise. And his wild history as a Hollywood bad boy didn't

help. An old friend was dead, and he was determined to find her killer without tumbling back into the rabbit hole of substance abuse. To get to the truth Asher realizes he must mend all his burnt bridges a lot sooner than he'd planned. When he turns to the people he trusted most, he discovers he must convince them not only of his sobriety but of his innocence.

**Willow's Town** Alice Sabo, 2022-06-05 Willow has a whole town to manage now, but nothing is going to plan. Washburn ran the town with an iron fist and an appetite for cruelty. People are fearful and evasive. She has to prove that with her people in charge the residents won't be seeing more of the same. Micah warns her to be patient while Jake tries to establish the animal hospital, and Jane sets up care for the people. But damaging storms, vindictive raiders and mutant animals are going to test her more deeply than ever before.

With that also came the ability to sense rightness, but that didn't mean he could always fix it. And sometimes that knowing got him into a lot of trouble. Until he met Brand. Chance knew as soon as he saw him, that working for Brand was right. It gave him a safe place with people who accepted his odd knack. Until the day the wrongness was so big he blacked out. With monsters and magic invading his simple life,

Chance has to learn how to use his inborn abilities to keep safe those he cares about the most.

**Obsidian** Alice Sabo, 2022-07-30 The great explosion in Obsidian resulted in more than simple destruction. The royal family is missing, and the city is in danger. But when Marten starts his search, he finds unexpected repercussions all over Haroon. His journey takes him from High Barrens down to the Marshes and up into the Gray Plains. As Delvers attempt to stabilize the city, Marten and Stash hunt for the people desperately needed to start the recovery. The losses are overwhelming, and he fears the world will never be the same.

*Gleanings* Alice Sabo, 2016-10-19 As starving, travel weary people overrun High Meadow, Tillie and Angus must do a delicate dance to keep the doors open. Angus has set the boundaries for their new territory and Martin is tasked with keeping it safe. Tillie struggles to get everyone fed while keeping an eye on the stores for winter. Wisp helps where he can, vetting the newcomers and finding stragglers, but not every person comes under his scrutiny. He has to learn new skills to deal with the increasing mental pressure of the desperate arrivals. The refugees seem to be only concerned with food and shelter, but a handful of them might be working toward malicious aims. After a dangerous confrontation, Nick warns Angus that the biobots at High Meadow need more security. Within the flood of people, not all are who they seem to be. The gentle people of High Meadow need to prepare for war or lose what they cherish most.

*High Barrens* Alice Sabo, 2018-03-29 Flint thought that growing up in the dangerous frontier town of Far Enough, with six older brothers, would prepare her for anything...until she met the monster. She had worked hard for a chance to study at the School for Wizards and Weirdlings, but things went

sideways when fearsome magic turned her world inside out. Seeing a cruel injustice, Flint took a stand to protect the life of a dangerous creature. The ensuing complications could set her against some powerful people. She'll need a lot more than a strong back and an honest heart to survive the repercussions of her good intentions. Not sure of who might be her allies or enemies, she'll have to learn to survive by a very different set of rules or suffer the dire consequences.

**Circuit Breaker** Alice Sabo, 2021-10-18 The Survivor's Alliance is expanding, and Willow has been chosen to take a wagon into uncharted territory. The Circuit Company promised her the best crew, supplies and special new wagons, but it all had a very bumpy start. Their journey took some unexpected twists culminating in the biggest surprise of all. Willow's crew will need to make some life changing decisions.

**Ladis W. Sabo (1870-1953)** Eric P. Widing, 1995  
*Charade* Alice Sabo, 2017-10-26 As Elaan learns about who and what her species can do, the galactic government pressures her for more information on the enemy that they are hiding from. In the chaos of the brand new Iguacan embassy, Elaan must decide which secrets are too dangerous to share. Her people have abilities far beyond what they show to the galaxy. Somewhere beyond the Four Rings lies the territory of the Surentur. Hunter and Trash want to investigate, but they have to find it first. To protect the Iguacans, they need a better understanding of the military might of their age-old enemy. Hunter's past endangers them all when a woman he's never met makes revelations about his origins. Old ghosts rise up to distract him at a time when he most needs to focus.

Desperate Measures Alice Sabo, 2018-12-04 The

stability of the Survivor's Alliance is still fragile. They made it through the winter, but now it's flu season. Every year the virus changes just a little. Tillie and Angus are trying to prepare for every scenario, even the possibility that they will be the first to go. Nick is working to bridge the gap in supplies until the spring crops come in. Wisp and Bridget are preparing for the birth of their child. But there are changes coming that no one expected.

**Lessons Learned** Alice Sabo, 2018-01-18 While a wildfire threatens High Meadow, an uninvited guest sows seeds of dissent. The president arrives at High Meadow with his entourage of bureaucrats and faux-military. Tillie and Angus don't have time for any distractions as a massive wildfire bears down on their settlement. It will take more than hard work and good intentions to get them through this catastrophe. Martin is leery about sending all of his men to aid those in the path of the fire thereby leaving their borders unprotected. They are most vulnerable in their commitment to help others. Wisp and Nick work the fire lines seeking out people fleeing the raging flames. Only Wisp can find those lost in the heavy smoke, risking his life to bring them to safety. Behind their backs, certain people are questioning every decision. At a time when they most need to work together, the outsiders are creating divisiveness.
