Zodiac Signs: Sagittarius Nathaniel Craddock,2020-02-04 A new series of sign-by-sign guides from contemporary astrologers. Astrology is a vital tool for understanding our place in the world and the universal forces that move us. A cosmic calling rather than a fated destiny, our astrological sign is a key to uncovering our mission here on earth. Learn about how your sign grows from child to adult, fits in at school and at work, and functions best as a friend, lover, parent, and more. In these practical and empowering guides to the zodiac signs, contemporary astrologers teach you to use this dynamic language to better understand yourself and the people around you.

Sagittarius Joanna Martine Woolfolk,2011-11-16 Your Sun sign (often referred to simply as your sign) is the zodiac sign the Sun was traveling through at the time of your birth. Your Sun sign is the most important and pervasive influence in your horoscope and in many ways determines how others see you. It governs your individuality, your distinctive style, and your drive to fulfill your goals. It symbolizes the role you are given to play in this life. It's as if at the moment of your birth you were pushed onstage into a drama called This Is My Life. In this drama, you are the starring actor—and your sign is the character you play. This elegant little volume is packed with what your Sun sign tells you about you. You'll read about your many positive qualities as well as your negative issues and inclinations. You'll find insights into your power, potentials, and pitfalls; advice about relationships, love, and sex; clarification on erogenous zones and how you combine romantically with other signs; guidance regarding career, health, and diet; and information about myriads of objects, places, concepts, and things to which you're attached. You'll also find topics not usually included in other astrology books—such as how you fit in with Chinese astrology and with numerology.

Sagittarius Monte Farber,Amy Zerner,2006-10 A bestselling husband and wife team bring fresh revelations to the zodiac in this beautifully illustrated guide. Their easy-to-understand descriptions of the distinctive attributes for each astrology sign will provide clear insights into what makes you--and those you care about--tick.

Sagittarius Liberty Phi, 2023-05-30 From ancient times, people have wanted to understand the rhythms of life and looked to the skies for answers. The Ancient Greeks and Romans turned to the celestial bodies for inspiration and devised narratives to which they referred to make decisions and choices. Maybe the options have changed, but we are still seeking wisdom and guidance in life today. Whether it's working out your ideal career, your perfect partner or to understand more about how you communicate, Liberty Phi has the answers. A student of astrology for over 20 years, in her Planet Zodiac series, Liberty will take you on a deep dive into your star sign and birth chart. Only by understanding the meaning, nature and power of each planet and how that's relevant to your birth chart – which is relevant only to you – can you really harness the power of the zodiac. You can then use this knowledge to work out how planetary patterns might influence you and how they will affect your life in a rather profound way. You will learn, for instance, what sort of impression you are likely to make when you enter a room, how you function in a group, or how spontaneous you are likely to be. Whatever your star sign, these books will help you to take an in-depth and tailored exploration of your star sign and will give you the tools to harness the zodiac and take control of your life.
