Jordi Bonet i Armengol

The Sagrada Família Gijs van Hensbergen, 2017-07-25 An illuminating biography of one of the most famous--and most famously unfinished--buildings in the world, the Sagrada Família of Barcelona. The scaffolding-cloaked spires of Antoni Gaudí's masterpiece, the Sagrada Família, dominate the Barcelona skyline and draw in millions of visitors every year. More than a century after the first stone was laid in 1882, the Sagrada Família remains unfinished, a testament to Gaudí's quixotic ambition, his religious devotion, and the sensuous eccentricity of his design. It has defied the critics, the penny-pinching accountants, the conservative town-planners, and the devotees of sterile modernism. It has enchanted and frustrated the citizens of Barcelona. And it has passed through the landmark changes of twentieth-century Spain, surviving two World Wars, the ravages of the Spanish Civil War, and the Hunger Years of Franco's rule. Gijs van Hensbergen's *The Sagrada Família* explores the evolution of this remarkable building, working through the decades right up to the present day before looking beyond to the final stretch of its construction. Rich in detail and vast in scope, this is a revelatory chronicle of an iconic structure, its place in history, and the wild genius that created it.

Sagrada Família Carme Escalés Jiménez, 2016-07-29 The Sagrada Família is Barcelona's most-visited monument. Every year, over three million people walk within it. They are the anonymous patrons of the Basilica, whomake the work

of some one hundred professionals possible, architects, building contractors, carpenters, stonemasons, model makers, sculptors, blacksmiths, for whom the Basilica is their also a place of work. Sagrada Família. Behind the scaffolding gives a voice to these workers who carry out their day of work surrounded by tourists, parishioners, architecture students or mere admirers of the most famous work of Antoni Gaudí. It is hoped that the current momentum should be maintained until the end of 2026, date at which the construction will be completed, coinciding with the centenary of the passing of its creator.

The Basilica of the Sagrada Familia José María Carandell, Josep M. Gaudí Victoria Charles, 2011-07-01 Spanish architect and designer, Antoni

Gaudí (1852-1926) was an important and influential figure in the history of contemporary Spanish art. His use of colour, application of a range of materials and the introduction of organic forms into his constructions were an innovation in the realm of architecture. In his journal, Gaudí freely expressed his own feelings on art, "the colours used in architecture have to be intense, logical and fertile." His completed works (the Casa Batlló, 1905-1907 and the Casa Milà, 1905-1910) and his incomplete works (the restoration of the Poblet Monastery and the altarpiece of Alella in Barcelona) illustrate the importance of this philosophy. His furniture designs were conceived with the same philosophy, as shown, for example, in his own office (1878) or the lamps in the Plaza Real in Barcelona. The Sagrada Familia (1882-1926) was a monumental project which eventually took over his life (it was still incomplete at the time of his death).
