Lead with Prayer Ryan Scoog,Peter Greer,Cameron Doolittle,2024-01-16 Discover the prayer habits of world-changing ministry leaders that will transform your life and your leadership. Experienced leaders will tell you that you can't lead on your own. The pressure, the impossible decisions, the high risks, the temptations, the people, the overwhelming schedule—it's too much. Some leaders seek outside help. They pray. Looking for help in their own leadership, entrepreneur Ryan Scoog, CEO Peter Greer, and executive advisor Cameron Doolittle set out to investigate how leaders pray. What do they say to God? How often do they pray, and for how long? Where do they pray? And how on earth do they make time for prayer? Scoog, Greer, and Doolittle spent three years researching. They logged over one hundred hours of interviews with leaders in six continents who collectively serve in over one hundred countries. They researched or spoke with global entrepreneurs and business executives of Fortune 500 companies, as well as some of the most influential pastors and ministry leaders in the world—leaders such as Joni Eareckson Tada Francis Chan John Mark Comer Christine Caine David Green Mark Batterson Among countless others. Here in this book, the authors share the spiritual habits, techniques, and practices

of these world-changing leaders, revealing specific details of their prayer lives. In addition, the book includes prayers for leaders to use in their own prayer time as well as tools for how to cultivate a personal and organizational commitment to prayer. By allowing these men and women to lead us in prayer, we learn not only how to pray but also how to build a culture of prayer wherever we lead. It is only when our businesses, ministries, and churches pray that they will be transformed.

1,000 Places to See Before You Die Patricia Schultz, 2015-07-01 The world's bestselling travel book is back in a more informative, more experiential, more budget-friendly full-color edition. A #1 New York Times bestseller, 1,000 Places reinvented the idea of travel book as both wish list and practical guide. As Newsweek wrote, it "tells you what's beautiful, what's fun, and what's just unforgettable— everywhere on earth." And now the best is better. There are 600 full-color photographs. Over 200 entirely new entries, including visits to 28 countries like Lebanon, Croatia, Estonia, and Nicaragua, that were not in the original edition. There is an emphasis on experiences: an entry covers not just Positano or Ravello, but the full 30-mile stretch along the Amalfi Coast. Every entry from the original edition has been readdressed, rewritten, and made fuller, with more suggestions for places to stay, restaurants to visit, festivals to check out. And throughout, the book is more budget-conscious, starred restaurants and historic hotels such as the Ritz, but also moderately priced gems that don't compromise on atmosphere or charm. The world is calling. Time to answer.

Saint Basil Collection [4 Books] Saint Basil, Aeterna Press, 2016-07-23 SAINT BASIL COLLECTION [4 BOOKS] — Quality Formatting and Value — Active Index, Multiple Table of

Contents for all Books — Multiple Illustrations Basil of Caesarea, also called Saint Basil the Great, was the Greek bishop of Caesarea Mazaca in Cappadocia, Asia Minor (modern-day Turkey). He was an influential theologian who supported the Nicene Creed and opposed the heresies of the early Christian church, fighting against both Arianism and the followers of Apollinaris of Laodicea. His ability to balance his theological convictions with his political connections made Basil a powerful advocate for the Nicene position. In addition to his work as a theologian, Basil was known for his care of the poor and underprivileged. Basil established guidelines for monastic life which focus on community life, liturgical prayer, and manual labour. Together with Pachomius, he is remembered as a father of communal monasticism in Eastern Christianity. He is considered a saint by the traditions of both Eastern and Western Christianity. Basil, Gregory of Nazianzus, and Gregory of Nyssa are collectively referred to as the Cappadocian Fathers. The Eastern Orthodox Church and Eastern Catholic Churches have given him, together with Gregory of Nazianzus and John Chrysostom, the title of Great Hierarch. He is recognised as a Doctor of the Church in the Roman Catholic Church. He is sometimes referred to by the epithet Ouranofantor, revealer of heavenly mysteries. —BOOKS— A TREATISE ON BAPTISM AND A TREATISE ON CONFIRMATION THE BOOK OF SAINT BASIL ON THE SPIRIT THE HEXAEMERON THE LETTERS PUBLISHER: AETERNA PRESS

Depicting Orthodoxy in the Russian Middle Ages Ágnes Kriza, 2022-03-31 The image of Divine Wisdom, traditionally associated with the Sophia Cathedral in Novgorod, is an innovation of the fifteenth century. The icon represents the winged, royal, red-faced Sophia flanked by the Mother of God and John the Baptist. Although the image has a contemporaneous commentary, and although it exercised a profound influence on Russian cultural history, its meaning, together with the dating and localisation of the first appearance of the iconography, has remained an art-historical conundrum. By exploring the message, roots, function, and historical context of the creation of the first, most emblematic and enigmatic Russian allegorical iconography, *Depicting Orthodoxy in the Russian Middle Ages* deciphers the meaning of this icon. In contrast to previous interpretations, Kriza argues that the winged Sophia is the personification of the Orthodox Church. The Novgorod Wisdom icon represents the Church of Hagia Sophia, that is, Orthodoxy, as it was perceived in fifteenth-century Rus. *Depicting Orthodoxy* asserts that the icon, together with its commentary, was a visual-textual response to the Union of Florence between the Catholic and Orthodox Churches, signed in 1439 but rejected by the Russians in 1441. This interpretation is based on detailed interdisciplinary research, drawing on philology, art history, theology, and history. Kriza's study challenges some key

assumptions concerning the relevance of Church Schism of 1054, the polemics between the Greeks and the Latins about the bread of Eucharist, and the role of the Union of Florence in the history of Russian art. In particular, by studying both well- and lesser-known works of art alongside overlooked textual evidence, this volume investigates how the Christian Church and its true faith were defined and visualized in Rus and Byzantium throughout the centuries.

Sketches of Church History James Craigie Robertson, 1895

Early Modern Europe 1500-1789 H.G. Koenigsberger, 2014-06-17 Opening at the height of the Renaissance, the book chronicles the dawning of a new age on the European continent. Koenigsberger paints a detailed picture of the Reformation and its significance as increasingly powerful nations began to intrude on their subjects' public and private lives. He gives account of the Counter-Reformation and the political and economic crisis that accompanied it, and an in-depth discussion of the age of Louis XIV and the balance of power in Europe. A full chapter addresses the Scientific Revolution and the Enlightenment, and throughout attention is given to social, cultural and intellectual developments. The book concludes with a summary of the situation throughout Europe on the eve of the French Revolution, and the dramatic changes brought about by the Industrial Revolution and the beginnings of a consumer society.

Wooden Church Architecture of the Russian North Evgeny

Khodakovsky, 2015-08-11 The book presents a broad panoramic overview of church architecture in the Russian North between the fourteenth and nineteenth centuries. While it is inevitably overshadowed by the imperial splendour of the country's capital cities, this unique phenomenon is regarded as the most distinctive national expression of traditional Russian artistic culture and at the same time as a significant part of humanity's worldwide architectural heritage. The chief intention of the book is to present the regionally specific features of the wooden churches of the Russian North, which vary from area to area for local natural or historical reasons. This approach touches upon the very important questions of the typology and classification of the multiplicity of architectural forms. The regional view entails giving clear definitions of the ambiguous terms architectural school and tradition, explaining the origins and shaping impulses for the different regional clusters of objects. Structurally the book presents a history of the development of wooden church architecture in the Russian North and then follows the key points of the mediaeval Russian

expansion along the waterways from Novgorod into the North – the Svir' River, Lake Onego, the town of Kargopol' and the River Onega, the White Sea, the Rivers Dvina, Pinega and Mezen' – those areas that still retain the most splendid pieces of Russian regional wooden church architecture. The study is based on field research and provides an up-to-date, multi-faceted view of Russian wooden architecture.

The Dissidents Peter Reddaway, 2020-02-11 The nearly forgotten story of Soviet dissidents It has been nearly three decades since the collapse of the Soviet Union—enough time for the role that the courageous dissidents ultimately contributed to the communist system’s collapse to have been largely forgotten, especially in the West. This book brings to life, for contemporary readers, the often underground work of the men and women who opposed the regime and authored dissident texts, known as samizdat, that exposed the tyrannies and weaknesses of the Soviet state both inside and outside the country. Peter Reddaway spent decades studying the Soviet Union and got to know these dissidents and their work, publicizing their writings in the West and helping some of them to escape the Soviet Union and settle abroad. In this memoir he captures the human costs of the repression that marked the Soviet state, focusing in particular on Pavel Litvinov, Larisa Bogoraz, General Petro Grigorenko, Anatoly Marchenko, Alexander Podrabinek, Vyacheslav Bakhmin, and Andrei Sinyavsky. His book describes their courage but also puts their work in the context of the power struggles in the Kremlin, where politicians competed with and even succeeded in ousting one another. Reddaway’s book takes readers beyond Moscow, describing politics and dissident work in other major Russian cities as well as in the outlying republics.

The Holy Place Konstantin Akinsha, Grigorii Kozlov, Sylvia Hochfield, 2008-10-01 This title surveys two centuries of Russian history through a succession of ambitious architectural projects designed for a single construction site in central Moscow. It explores each project for this ideologically-charged site and documents the grand projects that were built as well as those that were only dreamed.

A History of the Church through its Buildings Allan Doig, 2020-12-10 The History of the Church through its Buildings takes the reader to meet people who lived through momentous religious changes in the very spaces where the story of the Church took shape. Buildings are about people, the people who conceived, designed, financed, and used them. Their stories become embedded in the very fabric itself, and as the fabric is changed through time in response to changing use, relationships, and beliefs, the architecture becomes the standing history of passing waves of humanity. This process takes on special significance in churches, where the arrangement of the space places members of the community in relationship with one another for the performance of the church's rites and ceremonies. Moreover, architectural forms and building materials can be used to establish relationships with other buildings in other places and other times. Coordinated systems of signs, symbols, and images proclaim beliefs and doctrine, and in a wider sense carry extended narratives of the people and their faith. Looking at the history of the church through its buildings allows us to establish a tangible connection to the lives of the people involved in some of the key moments and movements that shaped that history, and perhaps even a degree of intimacy with them. Standing in the same place where the worshippers of the past preached and taught, or in a space they built as a memorial, touching the stone they placed, or marking their final resting-place, holding a keepsake they treasured or seeing a relic they venerated, probably comes as close to a shared experience with these people as it is possible to come. Perhaps for a fleeting moment at such times their faces may come more clearly into focus...
