The Yakuza in Popular Media Frank Jacob, 2021-10-15 The yakuza, Japan's traditional gangsters, are famous, especially outside Japan, where the country's criminal underworld ranks next to sushi or Godzilla when it comes to their respective fame and popularity. However, in popular media the images of the Japanese gangster vary, ranging from chivalrous Robin Hood-like characters, to violent mobsters without honor and dignity. The present volume addresses these differences, i.e. the way yakuza are presented in Japanese and Western popular media. Films and autobiographical novels, inspired by historical events or personal experiences, but also by existent and sometimes even expected stereotypes, therefore often already represent a specific image of the Japanese mafia that is more like an artificial construct than actual reality. The contributions in this book consequently intend to discuss the images of the Japanese yakuza in popular media to offer a first insight into a very important yet so far understudied topic related to the history of and existent narratives within Japan's popular culture.

The Gift of Tenyin John D. Tumpane, 1955

The Japanese Translations of the Hebrew Bible Doron B. Cohen, 2013-01-11 The Japanese Translations of the Hebrew Bible: History, Inventory and Analysis tells the story of the translation of the Bible into Japanese against the background of the transplanting of Christianity in Japan. It includes a detailed inventory of Old Testament translations, with linguistic and theological analyses of choice verses.

Japan And Things Japanese Mock Joya, 2017-07-12 First published in 2006. For over fifty years, the Japanese-born Western-trained author of this remarkable volume devoted himself to explaining Japanese traditions and customs to foreigners through his newspaper columns, talks and four short books. The comprehensive work presented here, drawn from all these sources deals with all aspects of Japanese life and material culture - apparel and utensils; cures and medicines; houses and buildings; fetes and festivals; fish, birds and animals; folk tales; food, sake and tobacco; living habits; marriage, funerals and memorials; natural phenomena; plants and flowers; popular beliefs and traditions; recreation and entertainment; religious rites and social customs. With over seven hundred and thirty separate entries, this unique volume is the definitive work on all Japanese things.

Super Striking System Dong Fanghui, 2019-12-01 You said there's a guy, but he left a message saying don't bully poor youths to leave, and he needs bodyguards? The Great Desolate Sage Tathagata has been packed! You said there's a monkey trying to ruin your scene? Exalted Celestial Yuanshi, do you want to go have a look? You say you're Pangu and you want to open the sky? World Exterminating class nuclear weapon has been shipped. Please sign and accept my comments.... Super Beat system, it is your home trip, must be good!

Beliefs, Behaviors, & Alcoholic Beverages Mac Marshall, 1979 Essays on the use of alcoholic beverages within diverse societies and cultures

Japanese Syntax and Semantics S.-Y. Kuroda, 2012-12-06 1. Two main themes connect the papers on Japanese syntax collected in this volume: movements of noun phrases and case marking, although each in turn relates to other issues in syntax and semantics. These two themes can be traced back to my 1965 MIT dissertation. The problem of the so-called topic marker wa is a perennial problem in Japanese linguistics. I devoted Chapter 2 of my dissertation to the problem of wa. My primary concern there was transformational generative syntax. I was interested in the light that Chomsky's new theory could shed on the understanding of Japanese sentence structure. I generalized the problem of deriving wa-phrases to the problem of deriving phrases accompanied by the quantifier-like particles mo, demo, sae as well as wa. These particles, mo, demo and sae may roughly be equated with a/so, or something like it and even, respectively, and are grouped together with wa under the name of huku-zyosi as a subcategory of particles in

Kokugogaku, Japanese scholarship on Japanese grammar. This taxonomy itself is a straightforward consequence of distributional analysis, and does not require the mechanisms of transformational grammar. My transformational analysis of wa, and by extension, that of the other huku zyosi, consisted in formally relating the function of the post-nominal use of wa to that of the post-predicative use by means of what I called an attachment transformation.

Japanese Maples Peter Gregory, J. D. Vertrees, 2010-02-24 Among the first titles published in 1978, with more than 150,000 copies in print in three editions, Japanese Maples is a Timber Press classic. Japanese maples are unlike any other tree. They boast a remarkable diversity of color, form, and texture. As a result of hundreds of years of careful breeding, they take the center stage in any garden they are found. In the last decade, the number of Japanese maple cultivars available to gardeners has doubled and there is a pressing need for an up-to-date reference. This new fourth edition offers detailed descriptions of over 150 new introductions, updates to plant nomenclature, and new insights into established favorites. Gardeners will relish the practical advice that puts successful cultivation within everyone's grasp. Accurate identification is made simple with over 600 easy-to-follow descriptions and 500 color photographs.

Mori Ōgai, 2008 Incorporating the findings of Rosa Wunner in Japonica Humboldtiana 2 (1998)

Oninagi, Vol. 3 Akira Ishida, 2014-04-22 Separated from one another, not-so-average-anymore schoolgirl Nanami and her allies are trapped by the schemes of a mysterious group of demons that wants Nanami's hidden powers for itself! And to have any shot at escape, Nanami has to look deep into her soul and get to know her ancient, powerful side a little better! But a victory in this battle isn't necessarily the greatest option...getting out of the demonic trap means Nanami is about to land right in the middle of the intense war raging between humans and demons!

Confluences of Medicine in Medieval Japan Andrew Edmond Goble, 2011-09-30 Confluences of Medicine is the first book-length exploration in English of issues of medicine and society in premodern Japan. This multifaceted study weaves a rich tapestry of Buddhist healing practices, Chinese medical knowledge, Asian pharmaceuticals, and Islamic formulas as it elucidates their appropriation and integration into medieval Japanese medicine. It expands the parameters of the study of medicine in East Asia, which to date has focused on the subject in individual countries, and introduces the dynamics of interaction and exchange that coursed through the East Asian macro-culture. The book explores these themes primarily through the two extant works of the Buddhist priest and clinical physician Kajiwarra Shōzen (1265–1337), who was active at the medical facility housed at Gokurakuji temple in Kamakura, the capital of Japan's first warrior government. With access to large numbers of printed Song medical texts and a wide range of materia medica from as far away as the Middle East, Shōzen was a beneficiary of the efflorescence of trade and exchange across the East China Sea that typifies this era. His break with the restrictions of Japanese medicine is revealed in Ton'isho (Book of the simple physician) and Man'apo (Myriad relief formulas). Both of these texts are landmarks: the former being the first work written in Japanese for a popular audience; the latter, the most extensive Japanese medical work prior to the seventeenth century. Confluences of Medicine brings to the fore the range of factors—networks of Buddhist priests, institutional support, availability of materials, relevance of overseas knowledge to local conditions of domestic strife, and serendipity—that influenced the Japanese acquisition of Chinese medical information. It offers the first substantive portrait of the impact of the Song printing revolution in medieval Japan and provides a rare glimpse of Chinese medicine as it was understood outside of China. It is further distinguished by its attention to materia medica and medicinal formulas and to the challenges of technical translation and technological transfer in the reception and incorporation of a new pharmaceutical regime.

History of Amazake and Rice Milk (1000 BCE to 1021) William Shurtleff; Akiko Aoyagi, 2021-10-25 The world's most comprehensive, well documented, and well illustrated book on this subject. With extensive subject and geographic index. 158 photographs and illustrations - mostly color. Free of charge in digital PDF format.

Don't wait any longer, start your anime drawing adventure today and click the 'add to cart' button to get your copy of this book!

Irregular Phonological Marking of Japanese Compounds Timothy J. Vance,2022-05-09 Benjamin Smith Lyman (1835–1920) was an American geologist and mining engineer who worked for the Japanese government as a foreign expert in the 1870s. He is famous among linguists for an article about a set of Japanese morphophonemic alternations known as *rendaku* (sometimes translated as “sequential voicing”). Lyman published this article in 1894, several years after he returned to the United States, and it contains a version of what linguists today call Lyman’s Law. This book includes a brief biography of Lyman and explains how an amateur linguist was able to make such a lasting contribution to the field. It also reproduces Lyman’s 1894 article as well as his earlier article on the pronunciation system of Japanese, each followed by extensive commentary. In addition, it offers an English translation of a thorough critique of Lyman’s 1894 article, published in 1910 by the prominent Japanese linguist Ogura Shinpei. Lyman’s work on *rendaku* included much more than just Lyman’s Law, and the final chapter of this book assesses all his proposals from the standpoint of a modern researcher.

Learning in Likely Places John Singleton,1998-09-13 In this collection of nineteen case studies, edited by John Singleton, the contributors describe the transferral of knowledge and practice within particular communities of Japanese artisans, workers, artists, musicians, and professionals. Together, the essays aim to demonstrate the rich variety of pedagogical arrangements and learning patterns, both historical and contemporary, through which the Japanese pass on both cultural and practical knowledge.

Transactions of the Asiatic Society of Japan ,1989

Transactions Asiatic Society of Japan,1940

Basho Basho,2022-10-25 This is the essential English edition of the complete poems of the eminent Japanese master of the haiku, Matsuo Bashō. Matsuo Bashō (1644–1694) is arguably the greatest figure in the history of Japanese literature and the master of the haiku. Bashō: The Complete Haiku of Matsuo Bashō offers in English a full picture of the haiku of Bashō, 980 poems in all. Andrew Fitzsimons’ translation is the first to adhere strictly to form: all of the poems are translated following the syllabic count of the originals. This book also translates a number of Bashō’s headnotes to poems ignored by previous English-language translators. In Fitzsimons’ beautiful rendering, Bashō is much more than a philosopher of the natural world and the leading exponent of a refined Japanese sensibility. He is also a poet of queer love and eroticism; of the city as well as the country, the indoors and the outdoors, travel and staying put; of lonesomeness as well as the desire to be alone. His poetry explores the full range of social experience in Edo Japan as he moved among friends and followers high and low, the elite and the demi-monde, the less fortunate: poor farmers, abandoned children, disregarded elders. Bashō: The Complete Haiku of Matsuo Bashō reveals how this work speaks to our concerns today as much as it captures a Japan emerging from the Middle Ages. For dedicated scholars and those coming upon Bashō for the first time, Fitzsimons’ elegant translation—with an insightful introduction and helpful notes—allows readers to enjoy these works in all their glory.

Sakazuki Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has are more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Sakazuki**," compiled by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound affect our existence. Throughout this critique, we shall delve to the book is central themes, evaluate its unique writing style, and assess its overall influence on its readership.
