Sicker in the Head Judd Apatow,2022-03-29 NEW YORK TIMES BESTSELLER • An all-new collection of honest, hilarious, and enlightening conversations with some of the most exciting names in comedy—from lifelong comedy nerd Judd Apatow. “When I need to read an interview with a comedian while in the bathroom, I always turn to Judd Apatow for deeply personal insights into the comedic mind. Place one on your toilet today.”—Amy Schumer ONE OF THE BEST BOOKS OF THE YEAR: Vulture No one knows comedy like Judd Apatow. From interviewing the biggest comics of the day for his high school radio show to performing stand-up in L.A. dive bars with his roommate Adam Sandler, to writing and directing Knocked Up and producing Freaks and Geeks, Apatow has always lived, breathed, and dreamed comedy. In this all-new collection of interviews, the follow-up to the New York Times bestselling Sick in the Head, Apatow sits down with comedy legends such as David Letterman, Whoopi Goldberg, and Will Ferrell, as well as the writers and performers who are pushing comedy to the limits, and defining a new era of laughter: John Mulaney, Hannah Gadsby, Bowen Yang, Amber Ruffin, Pete Davidson, and others. In intimate and hilariously honest conversations, they discuss what got them into comedy, and what—despite personal and national traumas—keeps them going. Together, they talk about staying up too late to watch late-night comedy, what kind of nerds they were high school, and the right amount of delusional self-confidence one needs to “make it” in the industry. Like eavesdropping on lifelong friends, these pages expose the existential questions that plague even the funniest and most talented among us: Why make people laugh while the world is in crisis? What ugly, uncomfortable truths about our society—and ourselves—can comedy reveal? Along the way, these comics reminisce about those who helped them on their journey—from early success through failure and rejection, and back again—even as they look ahead to the future of comedy and Hollywood in a hyper-connected, overstimulated world. With his trademark insight, curiosity, and irrepressible sense of humor, Apatow explores the nature of creativity, professional ambition, and vulnerability in an ever-evolving cultural landscape, and how our favorite comics are able to keep us laughing along the way.

Soldier for a Summer Sam Najjair,2013-09-02 Housam 'Sam' Najjair was born in Dublin to an Irish mother and a Libyan father. In June 2011, as his father's home country was being torn apart by civil war, he left Ireland on a one-way ticket to Tunisia, crossing into war-torn Libya, to join the uprising against the dictator Gaddafi. Soldier for a Summer charts his journey - from his arrival into Libya to training in the Western Mountains for twelve weeks before advancing on Tripoli. On 20 August 2011, Sam and the now famous Tripoli Brigade - a unit of the National Liberation Army of Libya - were the first revolutionaries to enter the city, and subsequently secure it and Martyrs' Square. From meeting representatives of NATO to covert operatives, arms deals, the death of his close friend and colleague, safe-houses and a captured girl sniper, this is the astounding story of how a young Irish-Libyan revolutionary became a battlefield commander of a unit of the National Liberation Army of Libya - an unforgettable account of a single season that liberated a country and transformed a young man.

The National Training Center and Fort Irwin Kenneth W. Drylie,2018 The National Training Center (NTC) and Fort Irwin occupies 1,200 acres in a remote part of the Mojave Desert. Over 35 miles from the nearest town, the NTC is the only training area in the United States with enough land to conduct full brigade-on-brigade armored combat training. The area was designated as the Mojave Anti-Aircraft Range in 1941 and later renamed Camp Irwin in honor of Maj. Gen. George LeRoy Irwin, commander of the 57th Field Artillery Brigade in World War I. Fort Irwin has been pivotal in training the armed forces for every conflict since World War II and played an important role in the exploration of space. Today, the National Training Center at Fort Irwin serves as the premier training area for US forces preparing to deploy to combat areas anywhere in the world.

Uncle Sam in Barbary: a Diplomatic History Richard Bordeaux Parker,2008-11 This book tells the story of America's first hostage crisis, which began in 1785 with the capture of two American ships off the coast of Portugal, and provides the intriguing details of the diplomacy mobilized to address the crisis. The incident constituted America's first challenge from the Muslim world and led to the creation of the U.S. Navy and to an American naval presence in the Mediterranean, which has continued intermittently to the present. The Algerine corsairs (also known as the Barbary pirates), who seized the American seamen, played by the strange set of rules that operated 200 years ago along the Barbary Coast. Interested in booty and ransom money, they routinely extorted tribute from merchant ships that were not protected by treaty or navies. With no navy of its own and no longer covered by British treaties after the Revolutionary War, the United States eventually had to buy its way to peace with the Barbary powers. By the time the episode was resolved in 1796, American seamen had spent eleven years as prisoners in Algiers and the U.S. had paid close to a million dollars in cash and kind to ransom 103 surviving captives from 13 ships. However, from 1801 to 1805, the U.S. was again at war with Tripoli over the tribute demanded--the struggle celebrated in the opening lines of the Marine Corps Hymn. Although the popular slogan at the time was Millions for defense, not one cent for tribute, the U.S. eventually paid \$60,000 for a treaty with Tripoli. Uncle Sam in Barbary is based on dispatches, personal papers, and the official communications of those involved, including unpublished Italian and Tunisian documents. Richard Parker puts flesh on the bare bones of the standard narrative of this crisis, bringing to life the fate and identity of the American captives as well as the leaders in Algiers and clarifying for the first time the unhelpful roles played by the British and French. This history offers insights for today about the roles of diplomacy and military force in international relations. A major episode in the foreign affairs of the early Republic, the events involved a roll call of American founding fathers--including George Washington, Thomas Jefferson, John Adams, Benjamin Franklin, James Madison, James Monroe, and Alexander Hamilton

Sam Houston and the Alamo Avengers Brian Kilmeade,2020-05-12 The New York Times bestseller now in paperback with a new epilogue. In March 1836, the Mexican army led by General Santa Anna massacred

more than two hundred Texians who had been trapped in the Alamo. After thirteen days of fighting, American legends Jim Bowie and Davey Crockett died there, along with other Americans who had moved to Texas looking for a fresh start. It was a crushing blow to Texas’s fight for freedom. But the story doesn’t end there. The defeat galvanized the Texian settlers, and under General Sam Houston’s leadership they rallied. Six weeks after the Alamo, Houston and his band of settlers defeated Santa Anna’s army in a shocking victory, winning the independence for which so many had died. Sam Houston and the Alamo Avengers recaptures this pivotal war that changed America forever, and sheds light on the tightrope all war heroes walk between courage and calculation. Thanks to Kilmeade’s storytelling, a new generation of readers will remember the Alamo—and recognize the lesser known heroes who snatched victory from the jaws of defeat.

The Shores of Tripoli James L. Haley,2017-10-03 The first novel in award-winning historian James L. Haley’s brilliant adventure series featuring young midshipman Bliven Putnam as he begins his naval service aboard the U.S.S. Enterprise. It is 1801 and President Thomas Jefferson has assembled a deep-water navy to fight the growing threat of piracy, as American civilians are regularly kidnapped by Islamist brigands and held for ransom, enslaved, or killed, all at their captors' whim. The Berber States of North Africa, especially Tripoli, claimed their faith gave them the right to pillage anyone who did not submit to their religion. Young Bliven Putnam, great-nephew of Revolutionary War hero Israel Putnam, is bound for the Mediterranean and a desperate battle with the pirate ship Tripoli. He later returns under legendary Commodore Edward Preble on the Constitution, and marches across the Libyan desert with General Eaton to assault Derna—discovering the lessons he learns about war, and life, are not what he expected. Rich with historical detail and cracking with high-wire action, The Shores of Tripoli brings this amazing period in American history to life with brilliant clarity.

On Borrowed Fame: Money, Mysteries, and Corruption in the Entertainment World Donald Jeffries, This meticulously researched book explores the concept of fame in all its fleeting glory and confounding inconsistency. Why do so many entertainers do so much better financially than peers who have comparable resumes? Author Donald Jeffries also examines a subject he is quite familiar with; the myriad of unnatural deaths which have plagued the entertainment industry since the dawn of Hollywood. The deaths of John Lennon, Elvis Presley, Marilyn Monroe, Natalie Wood, and many others are scrutinized in exacting detail. Jeffries communicated with many older entertainers during the course of researching the book, and their perspectives are included here. On Borrowed Fame will be of great interest to fans, celebrities, and anyone with even a cursory affinity for the world of show business.
