*Contemporary Japanese Film* Mark Schilling,1999-11-01 This comprehensive look at Japanese cinema in the 1990s includes nearly four hundred reviews of individual films and a dozen interviews and profiles of leading directors and producers. Interpretive essays provide an overview of some of the key issues and themes of the decade, and provide background and context for the treatment of individual films and artists. In Mark Schilling's view, Japanese film is presently in a period of creative ferment, with a lively independent sector challenging the conventions of the industry mainstream. Younger filmmakers are rejecting the stale formulas that have long characterized major studio releases, reaching out to new influences from other media—television, comics, music videos, and even computer games—and from both the West and other Asian cultures. In the process they are creating fresh and exciting films that range from the meditative to the manic, offering hope that Japanese film will not only survive but thrive as it enters the new millennium.

**Catalogue and Bibliography of the Marine Shell Bearing Mollusca of Japan** Shun'ichi Higo,Paul Callomon,Yoshihiro Goto,1999 Includes polyplacophora, gastropoda (excluding nudibranchia), bivalvia, and scaphopoda, but not cephalopoda; geographic coverage is the coastal waters of Japan and immediately adjacent sea areas not separated by trenches or island chains.

Hong Kong Connections Meaghan Morris,Siu Leung Li,Stephen Ching-kiu Chan,2005-10-01 Since the 1960s, Hong Kong cinema has helped to shape one of the world's most popular cultural genres: action cinema. Hong Kong action films have proved popular over the decades with audiences worldwide, and they have seized the imaginations of filmmakers working in many different cultural traditions and styles. How do we account for this appeal, which changes as it crosses national borders? Hong Kong Connections brings leading film scholars together to explore the uptake of Hong Kong cinema in Japan, Korea, India, Australia, France and the US as well as its links with Taiwan, Singapore and the Chinese mainland. In the process, this collective study examines diverse cultural contexts for action cinema's popularity, and the problems involved in the transnational study of globally popular forms suggesting that in order to grasp the history of Hong Kong action cinema's influence we need to bring out the differences as well as the links that constitute popularity.

Directory of World Cinema: Japan 3 John Berra,2015-01-01 Like its predecessors, *Directory of World Cinema: Japan 3* endeavours to move scholarly criticism of Japanese film out of the academy and into the hands of cinephiles the world over. This volume will be warmly welcomed by those with an interest in Japanese cinema that extends beyond its established names to equally remarkable filmmakers who have yet to receive such rigorous attention.

East Asian Film Stars L. Wing-Fai,A. Willis,2014-05-21 Many stars from China, Japan and Korea are the most popular and instantly recognizable in the world. *East Asian Film Stars* brings together some of the world's leading cinema scholars to offer their insights into the work of regional and transnational screen legends, contemporary superstars and mysterious cult personas.

**World Within Walls** Donald Keene,1999 The Tokugawa family held the shogunate from 1603 to 1867, ruling Japan and keeping the island nation isolated from the rest of the world for more than 250 years. Donald Keene looks within the walls of isolation and meticulously chronicles the period's vast literary output, providing both lay readers and scholars with the definitive history of premodern Japanese literature. *World Within Walls* spans the age in which Japanese literature began to reach a popular audience--as opposed to the elite aristocratic readers to whom it had previously been confined. Keene comprehensively treats each of the new, popular genres that arose, including haiku, Kabuki, and the witty, urbane prose of the newly ascendant merchant class.

**Outrageous Japanese** Jack Seward,2013-04-09 This is a user-friendly and concise Japanese phrase book and guide to Japanese slang and Japanese curses. The Japanese are extraordinarily polite and soft-spoken people who are always indirect and evasive in their dealings with each other. Right? Well, not really. They can be just as explicit, vicious, vile and downright vulgar as anyone else when they want to be. This little gem of a book teaches you hundreds and hundreds of Japanese taunts, threats, curses and expletives that you'll never find in any dictionary-showing you how the Japanese really talk to one another when they are angry or emotional. Fun and entertaining, it will help you to read Japanese, write Japanese, and speak Japanese. It leaves no taboo untouched and sets the record straight. Learn how to call somebody a lecher, a deadbeat, a tub of lard, (and much worse than we can show here)-and arm yourself with phrases such as Drop dead or what sewer did you crawl out of jackass? Fun and instructive, it is the perfect antidote for those boring language classes you have been taking, and your Japanese friends will die when they hear you trying out new expressions like tonji (pig-child) and dauma-geisha (fat-bottomed geisha).
