Laser Management of Scars Kayvan Shokrollahi,2020-11-24 This book addresses the management of scars using lasers and light. The authors provide a comprehensive overview of the current laser modalities and the science and evidence behind them. They also present various treatments, including those using carbon dioxide lasers, Erbium:YAG lasers, pulsed dye lasers and Q-switched lasers. The book includes detailed information on the treatment of burn, acne, keloid and hypertrophic scars, as well as discussions of the complications of laser treatments and ethical and medico-legal issues. Scars have many causes, including trauma and burns, but also medical treatments themselves - scars are an inevitable consequence of most surgery. There have been significant advances in laser and light technology over the last decade, and the management of scars with a variety of lasers has been adopted both in traditional healthcare settings and in the cosmetic sector. Edited by a respected burns and plastic surgeon, this book is a valuable resource for a variety of clinicians including dermatologists, laser practitioners, physiotherapists and occupational therapists, burn care professionals, as well as multidisciplinary teams working with patients with scars of all aetiologies.

The Scar: A Personal History of Depression and Recovery Mary Cregan,2019-03-19 A graceful and penetrating memoir interweaving the author's descent into depression with a medical and cultural history of this illness. At the age of twenty-seven, married, living in New York, and working in book design, Mary Cregan gives birth to her first child, a daughter she names Anna. But it's apparent that something is terribly wrong, and two days later, Anna dies—plunging Cregan into suicidal despair. Decades later, sustained by her work, a second marriage, and a son, Cregan reflects on this pivotal experience and attempts to make sense of it. She weaves together literature and research with details from her own ordeal—and the still visible scar of her suicide attempt—while also considering her life as part of the larger history of our understanding of depression. In fearless, candid prose, Cregan examines her psychotherapy alongside early treatments of melancholia, weighs the benefits of shock treatment against its terrifying pop culture depictions, explores the controversy around antidepressants and how little we know about them—even as she acknowledges that the medication saved her life—and sifts through the history of the hospital where her recovery began. Perceptive, intimate, and elegantly written, *The Scar* vividly depicts the pain and ongoing stigma of clinical depression, giving greater insight into its management and offering hope for those who are suffering.

Turning Your Scars into Stars Edith Dolores Roman,2016-09-06 *Turning Your Scars into Stars* is about emotional scars on the heart, spirit, and soul. These types of scars are the most difficult and painful to heal. They consist of abandonment, chronic hurt, pain, rejection, and death. Two verses that comfort me tremendously are Deuteronomy 31:8, which says, The Lord himself goes before you and will be with you; He will never leave you nor forsake you. Do not be afraid; do not be discouraged (NIV), and also 1 Corinthians 10:13, which says, God is faithful; He will not let you be tempted beyond what you can bear. But when you are tempted, He will also provide a way out so that you can endure it (NIV). My name is Edith Dolores Roman, and I must be honest and tell you that sometimes when life hit me full force, I felt that the challenges I faced were beyond my ability to overcome! Starting with my childhood, I was orphaned at age eleven, became a foster child, and eventually struggled to raise my two children as a single mother. However, with prayer, persistence, and the strength of God, I was able to overcome, and you are able to also! One more verse that helps me to continue to persevere through my problems is found in 2 Corinthians 12:9, when God reminds his servants, My grace is sufficient for you, for my power is made perfect in weakness (NIV). This book is intended to help people in struggles go from the pit to the peak! My prayer is that this book will help you heal and that it will nurture your soul, just like Proverbs 16:24 says, Gracious words are a honeycomb, sweet to the soul and healing to the bones (NIV).

Scar Tissue Michael Ignatieff,1994 At the heart of Michael Ignatieff's riveting novel about a woman's descent into neurological illness are the tangled threads of a Midwestern family, frayed by time and tragedy yet still connected - as much by pride, embarrassed love, and sibling rivalry as by the painful ties of familial loyalty. A philosophy professor watches helplessly as his mother sinks into the mysterious depths of an unknown illness. His efforts to understand her gradual deterioration - from innocently misplaced eyeglasses and endlessly repeated anecdotes to a total loss of identity - lead him to reach out to his estranged brother, a neurologist, to learn all he can of the disease. Yet medical science is as powerless as philosophy to help them comprehend what is happening to her and to them, to explain the relation between brain and mind, between memory and selfhood, between heart and soul. The narrator, distrusting the usual explanations for his mother's tragedy, begins, dangerously, to lose his own bearings, as he senses how deeply his family - and life - have been transformed. Yet *Scar Tissue* affirms the power of true understanding, and at the end: The owl is calling from the trees. Its hunt is about to begin. The moon hovers over the city and white light streams across the ivied floor of the park. I feel life calling me from this desk. I feel it bid me rise and walk out...

Searching for Scars. An interpretation of Emily Dickinson's poem 258 "There's a certain Slant of light" Simone Kurz,2005-11-19 Seminar paper from the year 2002 in the subject American Studies - Literature, grade: 1,3 (A-), University of Heidelberg, course: American Poetry: Romanticism, 10 entries in the bibliography, language: English, abstract: To interpret Dickinson will stay a challenge and a never-ending task. Her poems are so deep and full of meaning that every word in them carries the multiple of its normal weight; her poems are at the same time precise and not precise at all. If we try to pin them down to a specific meaning it seems to lose some of its colorful variety, which in some of her poems is even visible by Dickinson's practice of leaving alternative word choices next to each other without choosing one. Robert Weisbuch gives in his essay *Prisming Dickinson*; or, *Gathering Paradise by Letting Go* the helpful triple advice: Don't point; don't pry; don't settle for one truth. In order to analyze Dickinson's poem #258 *There's a certain Slant of light* I could not help to disregard the advice don't pry, and I did my best to at least not pin down the things I pointed, and I was careful not to settle for one truth. Emily Dickinson's words shine in various colors and so do the possible interpretations. Her poems might tell every person something else. In this essay will analyze her poem #258, give possible interpretations of it and demonstrate what it tells me without clouding its shine.

Transforming Scar Into Star Kenekwukwu Amanambu,2021-07-13 Scar has become a dominant force upon the lives of men. It's a tool that has clutch men for ages and hauled great people down on their knees. Something has sojourned, ignited the star within us that transcend the scar in a life of men. Romans 8:16 states that; His Spirit beareth witness with our Spirit, that we are the children of God. His spirit [God] is a more magnificent star that has embedded unto our Spirit (star of a man) and made us a first-class, peerless and extraordinary being overall scars. Scars are symbols of your strength. Don't be ashamed of how life has treated you. An injury can be emotionally hurt, spiritual spoil from an enemy, marital discomfort and so on. Remember that the star giver, the everlasting God can transform you within a second into a star. John 1:9(He will surely light you up). Scar and Flower Lee Herrick,2018-10-31 These poems, alternately gritty and transcendent, find the spirit in our stark, hardscrabble lives.This is an incredible, luminous and most serious investigation, of being, of human suffering, of war and peace - of the factories of violence and the notebook of enlightenments. We deepen into spirit and lives lost. Lee is concerned with the turning of beauty, the intimacy of death and the boundlessness of small moments, 'the broken body of a tiny bird, fragments that can change a life. Glitterings of light, planetary systems, electric skies available and unavailable. He is the form rider' of hope. A stellar project, here. Rare and gifted, a timely arrival. Life-deep brilliance.--Juan Felipe Herrera, Poet Laureate of the United States 2015-2017Lee Herrick is a poet of the ecstatic. In this collection, he reminds us that the body has its own light-filled astronomy, that the body is also a torrent of terror and desire. Here are furious elegies about the way America is on fire with its bombs and guns and false prayers. Herrick gathers stray echoes, a myriad

of birds, the motherless ocean, and much more into A stellar project, here. Rare and gifted, a timely arrival. Life-deep brilliance. And yet, so much love, because grief is a coin spent in the currency of love. This poet is an unapologetic patriot in the vast country of love, a place of abundance in the aching language of both scars and flowers.--Sun Yung Shin, author of UNBEARABLE SPLENDORLee Herrick's visionary, ocean-hearted third collection stares down the forces sweeping through North America-and dares to listen to the howl. Scar and Flower crosses continents and oceans, translates moonlight, and reckons with what it means to be alive, and lost, and in love with fire-light at the beginning of the 21st century. Herrick's singular voice and vision propels us forward-sound over sound, rose over rose-as if to say: motion is resistance, and listening, the one true act of grace. A mighty, tender, and fearless book from a poet at the height of his powers.--Brynn Saito, author of POWER MADE US SWOON

Battle Scars Kristi G.,2018-06-30 In this collection of poetry, the reader explores the true meaning of love, inescapable vulnerability, and the agony of managing a painful chronic illness punctuated by hospitalizations and frequent bouts of pain. The words are pure and illuminating; the vivid imagery is powerful, resulting in ones thought process being challenged to discover new ways of understanding love and despair and how to emerge from darkness to light. The poet challenges the reader to view the possible cracks dwelling inside their heart, mind, and body as windows allowing in the light, as opposed to unwanted defects. A reliance on God, represented as ones ultimate spiritual and secure base, provides the hope to persevere and nourish the indomitable will. Glimpses of Gods concern for us is revealed when one sees the small, innocent, and beautiful rose growing between the cracks in the sidewalk. The images, purity of complex emotions, and irony in the poetry illuminates how one comes to see how their life transforms. The reader experiences shifting emotions evoked by the penetrating, powerful words that resonate within and which separates the reader from the ordinary, current reality.
