Myer Isaac,2016-06-23 Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

List of Additions to the Natural History British Museum,1843

Scarabs Isaac Myer,2010-11-09 Large Print 15 pt font - We know from the inscription on the lid of the coffin of Men-kau-Ra, king of the IVth, the Memphite Dynasty, (circa 3633-3600 B.C.,) and builder of the Third Pyramid at Gizeh; that some of the most elevated conceptions of the Per-em-hru, i.e., the so-called, Book of the Dead, were at that time in existence as accepted facts. The dead one at this early period became an Osiris, living eternally. We have every reason to think, that the use of the models of the scarabæus as the symbol of the resurrection or new-birth, and the future eternal life of the triumphant or justified dead, existed as an accepted dogma, before the earliest historical knowledge we have thus far been able to acquire of the Ancient Egyptians.

Scarabs Isaac Myer,2016-08-15 Excerpt from Scarabs: The History, Manufacture and Religious Symbolism of the Scarabaeus, in Ancient Egypt, Ph nicia, Sardinia, Etruria, Etc It most probably ante-dated the epoch Of Mena, the first historical Egyptian king. How long before his period it existed, in the present condition Of our knowledge Of the ancient history and thought of Egypt, it is impossible to sur mise. Of the aborigines Of the land Of Egypt we do not know nor are we very likely to know, anything. Of the race, known to us as the Egyptian we can now assert with much certainty, that it was a Caucasian people, and likely came from an original home in Asia. When the invader arrived in the valley of the Nile, he appears to have been highly civilized and to have had an elevated form of religious belief. Scarabs Isaac Myer,2015-03-06 The following work is taken in part, from an address delivered by me before, The American Numismatic and Archeological Society, at its Hall in the City of New York, on March 30th, 1893. Since that time I have been led into a train of thought, having as its basis a more philosophical treatment of the meaning of the scarab as a symbol, in the religious metaphysic conception of it by the Ancient Egyptians, and have added much new matter.
