HBR Emotional Intelligence Ultimate Boxed Set (14 Books) (HBR Emotional Intelligence Series) Harvard Business Review, Daniel Goleman, Annie McKee, Bill George, Herminia Ibarra, 2019-12-17 How to be human at work. HBR's Emotional Intelligence Series features smart, essential reading on the human side of professional life from the pages of Harvard Business Review. Each book in the series offers proven research showing how our emotions impact our work lives, practical advice for managing difficult people and situations, and inspiring essays on what it means to tend to our emotional well-being at work. Uplifting and practical, these books describe the social skills that are critical for ambitious professionals to master. This specially priced 14-volume set includes every book in the series: Mindfulness Resilience Influence and Persuasion Authentic Leadership Dealing with Difficult People Focus Self-Awareness Happiness Empathy Leadership Presence Purpose, Meaning, and Passion Confidence Mindful Listening Power and Impact

14 Miles DW Gibson, 2021-07-27 An esteemed journalist delivers a compelling on-the-ground account of the construction of President Trump's border wall in San Diego—and the impact on the lives of local residents. In August of 2019, Donald Trump finished building his border wall—at least a portion of it. In San Diego, the Army Corps of engineers completed two years of construction on a 14-mile steel beamed barrier that extends eighteen-feet high and cost a staggering \$147 million. As one border patrol agent told reporters visiting the site, “It was funded and approved and it was built under his administration. It is Trump's wall.” *14 Miles* is a definitive account of all the dramatic construction, showing readers what it feels like to stand on both sides of the border looking up at the imposing and controversial barrier. After the Department of Homeland Security announced an open call for wall prototypes in 2017, DW Gibson, an award-winning journalist and Southern California native, began visiting the construction site and watching as the prototype samples were erected. Gibson spent those two years closely observing the work and interviewing local residents to understand how it was impacting them. These include April McKee, a border patrol agent leading a recruiting program that trains teenagers to work as agents; Jeff Schwilk, a retired Marine who organizes pro-wall rallies as head of the group San Diegans for Secure Borders; Roque De La Fuente, an eccentric millionaire developer who uses the construction as a promotional opportunity; and Civile Ephedouard, a Haitian refugee who spent two years migrating through Central America to the United States and anxiously awaits the results of his asylum case. Fascinating, propulsive, and incredibly timely, *14 Miles* is an important work that explains not only how the wall has reshaped our landscape and countless lives but also how its shadow looms over our very identity as a nation.

C++14 FAQs Chandra Shekhar Kumar, 2014-06-19 This book contains selected questions related to C++14 with detailed solutions to all of these which will help the reader to hone her skills to solve a particular problem. Primary sources of this collection are: Advanced C++ FAQs: Volume 1 : Fundamentals Advanced C++ FAQs: Volume 2 : Generic Programming Advanced C++ FAQs: Volumes 1 & 2 This book is not an introduction to C++. It assumes that the reader is aware of the basics of C++98 and C++03 and wants to expand her horizon to latest and greatest in C++14(aka C++1y). The problems are marked on a scale of one(*) (simplest) to five stars(*****)(hardest). Forthcoming volumes will strengthen this particular approach spanning various areas of C++. variable templates Constexpr static data members of class templates constexpr function templates static data member template specialization of variable template default argument and specialization of variable template lambda and variable template variable templates variables vary auto variable templates valid specialization but error ? variable templates and lambda revisited Incremental improvement to integral constant is same musings auto variable template and generic lambda constexpr member functions and implicit const

The Only Cleanse: A 14-Day Natural Detox Plan to Jump-Start a Lifetime of Health Samantha Heller,2015-05-04 News flash: Your body already knows how to detox; you just need to turn on the right cues to make it happen. Here's how, with a 14-day plan that will change your life forever. Time to detox and cleanse? Don't go with a fad diet that makes promises you can't keep (all juice, all the time—sound familiar?). Instead, turn to Samantha Heller for a program that really works. Cleanses, detoxes, and other purifying practices have been around for hundreds of years, from fasting to juicing and everything in between. Not all of them are tried-and-true, and most aren't scientifically sound. But finally, here it is: the only cleanse you'll ever need. The Only Cleanse is uniquely designed to fully integrate, elevate, and reestablish the body's biochemical balance. Heller uses a five-pronged approach that covers diet, stress, emotions, exercise, and sleep. She also reviews existing detox plans and explains the pros and cons, further emphasizing why her plan is the only one you need.

14 Peter Clines,2014-07-15 Padlocked doors. Strange light fixtures. Mutant cockroaches. There are some odd things about Nate's new apartment. Chosen by Audible.com as the best sci-fi novel of 2012! Padlocked doors. Strange light fixtures. Mutant cockroaches. There are some odd things about Nate's new apartment. Of course, he has other things on his mind. He hates his job. He has no money in the bank. No girlfriend. No plans for the future. So while his new home isn't perfect, it's livable. The rent is low, the property managers are friendly, and the odd little mysteries don't nag at him too much. At least, not until he meets Mandy, his neighbor across the hall, and notices something unusual about her apartment. And Xela's apartment. And Tim's. And Veek's. Because every room in this old Los Angeles brownstone has a mystery or two. Mysteries that stretch back over a hundred years. Some of them are in plain sight. Some are behind locked doors. And all together these mysteries could mean the end of Nate and his friends. Or the end of everything... A riveting apocalyptic mystery in the style of LOST. --Craig DiLouie, author of THE INFECTION and THE KILLING FLOOR A wholly original

story that weaves together mystery and the apocalypse like a finely tuned band. --Evan Roy, Bricks of the Dead

The Nutmeg of Consolation Patrick O'Brian, 2008 The fourteenth novel in the classic Aubrey-Maturin series finds Aubrey and Maturin shipwrecked, harassed by pirates and then in the brutal penal colonies of New South Wales.
