**Death of an Ice Cream Scooper** Lee Hollis,2022-07 Food and cocktails columnist Hayley Powell is back on the case in Bar Harbor, Maine when her friend and owner of a gourmet ice cream shop finds that her husband may be a cheater and a killer... Food and cocktails columnist Hayley Powell doesn't know what to believe when Lydia Partridge, the put-together owner of gourmet Bar Harbor Ice Cream, suddenly reveals fears that her husband may be having an affair. There's no other way to explain why Jamie, a respected professor, was spotted in a remote part of town with a much younger woman. But instead of learning the truth about the secret meeting, Lydia opens her freezer truck to find another surprise--the dead body of a summer employee... The shock continues as photographic evidence proves Jamie was spending time off campus with the victim, one of his students. Now, Lydia desperately needs Hayley to discover if Jamie really is a cheater--and, worse, a ruthless killer. With her own complicated family issues to address, can Hayley make sense of a popular college girl's love life and out the true culprit before the case, or another person, goes cold?

She's trying to save the planet, one person at a time, and when she decides to get something done, it's a lot of fun. In Justine McKeen, Pooper Scooper, the third book in the Justine McKeen series, Justine gets her friends to help her clean up the dog poop in the park across from the school board's offices in an effort to get the attention of the superintendent of schools. **The Super Duper Pooper Scooper** Susan Frame,2007 Pete has a few problems. He has to think up an idea for the school science fair and yet he hates science; he has to walk his dog Dizzy every day and pick up her putrid, pongy poos (AND she's an old dog - so when she goes, it's NOT a pretty sight!); he has a snotty little sister Jemima, a nagging Mum, and now Grandad has come to stay for a while! Top that off with class geek Henry Benson (AKA Bunsen Butt) who feels the need to flaunt his science project under Pete's nose. Yep, Pete's life is full of problems. As the science fair draws closer, Pete becomes more and more miserable as he realises that he's never going to come up with an idea for a project. That is, until Grandad starts 'brainstorming'. (Pete didn't even know Grandad had heard of that word). Pete soon discovers that two heads are much better than one. The idea they finally come up with is guaranteed to knock Bunsen Butt right out of the water.

Brock Skinner wonders why a neighbor of his brother-in-law (Marcel) wants them to be on the board of his company. The circumstances seem a little too good to be true. Brock needs to know exactly how the business became so profitable, so fast. Is it a scheme of corporate corruption? Are they being set up? Childhood friends Elijah Ashby, Marilyn McDonald, and Cheryl Welch are involved in a louver company, the very one in which Brock and Marcel agreed to join the board. The friends realize they may have a problem when Brock starts asking too many questions. He is driven to find out what's going on, and the partners are committed to keeping him in the dark. How else will their scheme work? Brock learns there's much more to this company, the owners, and their connection than meets the eye. He knows that things always come down to money, and the palpable friction between Elijah, Marilyn, and Cheryl piques his interest. With inside information from high school friends Penny and Esther, Kyle Becker crafts strategies for betting and winning money on long-odds Thoroughbreds. But with an undercurrent of jealousy over Kyle, the two women may not be as helpful as he'd hoped-and in fact may be to his detriment. It could be that leading them on has backfired. After meeting Marilyn McDonald at the track, Kyle finds himself caught up in an elaborate web of blackmail and secrets that threaten to unravel plans for the louver company. Brock knows something isn't right, and he intends to get to the bottom of it-no matter the cost!
