Cave Gossip Keith Harvey, 2009-11-10 Karl Wisent, separated from his wife Heike, teaches at an all-girls school in Paris. On a Saturday afternoon, his accidental meeting of Hlne, who lives with Gaspard, an actor, turns his life upside down. A year later, Karl decides to end his marriage and marry Hlne. Will she leave Gaspard for Karl? Soon thereafter, Karl's grandmother offers him her house in the hills west of Avignon for the summer. In order to escape Paris, he accepts. On his journey south he meets old friends and explores a series of caves full of primitive drawings. For a while, he is happy, but things take a nasty turn when Heike arrives at the house with her new boyfriend and two Americans in tow. If that is not enough, an American friend, Dutch Vogel, returns from the first Gulf War, worn out and angry. Karl discovers that he has somehow attracted these troubled people and their calamities and that if he doesn't discover the reason why, he will never be rid of them.

Light Bringer Pierce Brown,2023-07-25 NEW YORK TIMES

BESTSELLER • Darrow returns as Pierce Brown's New York Times bestselling Red Rising series continues in the thrilling sequel to Dark Age. The Reaper is a legend, more myth than man: the savior of worlds, the leader of the Rising, the breaker of chains. But the Reaper is also Darrow, born of the red soil of Mars: a husband, a father, a friend. Marooned far from home after a devastating defeat on the battlefields of Mercury, Darrow longs to return to his wife and sovereign, Virginia, to defend Mars from its bloodthirsty would-be conqueror Lysander. Lysander longs to destroy the Rising and restore the supremacy of Gold, and will raze the worlds to realize his ambitions. The worlds once needed the Reaper. But now they need Darrow, and Darrow needs the people he loves—Virginia, Cassius, Sevro—in order to defend the Republic. So begins Darrow's long voyage home, an interplanetary adventure where old friends will reunite, new alliances will be forged, and rivals will clash on the battlefield. Because Eo's dream is still alive—and after the dark age will come a new age: of light, of victory, of hope. The Last Deployment Bronson Lemer,2011-06-08 In 2003, after serving five and a half years as a carpenter in a North Dakota National Guard engineer unit, Bronson Lemer was ready to leave the military behind. But six months short of completing his commitment to the army, Lemer was deployed on a yearlong tour of duty to Iraq. Leaving college life behind in the Midwest, he yearns for a lost love and quietly dreams of a future as an openly gay man outside the military. He discovers that his father's lifelong example of silent strength has taught him much about being a man, and these lessons help him survive in a war zone and to

conceal his sexuality, as he is required to do by the U.S. military. The Last Deployment is a moving, provocative chronicle of one soldier's struggle to reconcile military brotherhood with self-acceptance. Lemer captures the absurd nuances of a soldier's daily life: growing a mustache to disguise his fear, wearing pantyhose to battle sand fleas, and exchanging barbs with Iraqis while driving through Baghdad. But most strikingly, he describes the poignant reality faced by gay servicemen and servicewomen, who must mask their identities while serving a country that disowns them. Often funny, sometimes anguished, The Last Deployment paints a deeply personal portrait of war in the twenty-first century. InSight Out Book Club selection Bronson Lemer named one of Instinct magazine's Leading Men 2011 QPB Book Club selection Finalist, Minnesota Book Awards Finalist, Over the Rainbow Selection, American Library Association Amazon Top Ten 10 Gay & Lesbian Books of 2011
