Saved at the Seawall Jessica DuLong,2021-05-15 Saved at the Seawall is the definitive history of the largest ever waterborne evacuation. Jessica DuLong reveals the dramatic story of how the New York Harbor maritime community heroically delivered stranded commuters, residents, and visitors out of harm's way. Even before the US Coast Guard called for all available boats, tugs, ferries, dinner boats, and other vessels had sped to the rescue from points all across New York Harbor. In less than nine hours, captains and crews transported nearly half a million people from Manhattan. Anchored in eyewitness accounts and written by a mariner who served at Ground Zero, Saved at the Seawall weaves together the personal stories of people rescued that day with those of the mariners who saved them. DuLong describes the inner workings of New York Harbor and reveals the collaborative power of its close-knit community. Her chronicle of those crucial hours, when hundreds of thousands of lives were at risk, highlights how resourcefulness and basic human goodness triumphed over turmoil on one of America's darkest days. Initially published as Dust to Deliverance, this edition, released in time for the twentieth anniversary, contains new updates: a preface by DuLong and a foreword by Mitchell Zuckoff.

Sea Wall Simon Stephens,2019-01-28 There's a hole running through the centre of my stomach. You must have all felt a bit awkward because you can probably see it. Sea Wall is a delicate monologue, completely devastating and beautifully powerful. Alex's story, spoken directly to the audience, begins full of clear light and smiles, as he speaks about his wife, visiting her father in the South of France, having a daughter, photography, and the bottom of the sea. His tone is natural, happy and engaging, with flickers of questions about belief and religion glimpsed under the surface. But his contentment falls away into deep and heart-breaking grief, crumbling to pieces with a vividness that is incredibly moving.

In the Shadow of the Seawall Summer Gray,2023-08-29 In the Shadow of the Seawall journeys to the low-lying lands of Guyana and the Maldives to grapple with the existential dilemma of seawalls alongside struggles to resist displacement. With the gathering momentum of ocean instability wrought by centuries of injustice, seawalls have become objects of conflict and negotiation, around which human struggles for power and resistance collide. Through stories of colonial ruination and green seawalls, the concept of placekeeping emerges—a justice-oriented framework for addressing adaptation and the global dangers of coastal disruption at the front lines of climate change. Drawing on ethnographic observation and interviews, Gray shows how seawalls are entrenched in relationships of power and entangled in processes of making and keeping place.

The Sea Wall Eilís Dillon,1965 Old Sally knows that another big wave is coming that will destroy the damaged sea wall, but her neighbors refuse to deal with the problem or to move to safety. Thirteen-year-old John and his friend Pat find a way to solve the problem and in the process heal the community.

The Sea Wall Marguerite Duras, 1967 The Sea Wall is the story of an unnamed mother (in the whole book, she's called la mère) and her two grownup children, Joseph and Suzanne. The husband and father died a long time ago, leaving his family behind without a source of income. The mother put food on the table by playing the piano in a local cinema. She saved money to buy a concession, land allocated by the French authorities to settlers. She put all her savings in it and the land proved to be impossible to cultivate because it is flooded by the ocean every year. The local French authorities knew it. Several families had already been allocated this piece of land and each of them was evicted because they couldn't pay their debts anymore. The Sea Wall denounces the corruption of the French civil servants sent there. They exploited the ignorance of settlers, making them pay higher than the market for bare land and then evicted the families without a second thought when they could cultivate the land and pay their debts.

In the Shadow of the Seawall Summer Gray, 2023 In the Shadow of the Seawall journeys to the edge of the sea to understand the existential dilemma of seawalls alongside struggles for resilience and adaptation. In coastal management debates, seawalls are a deeply contested subject between those in favor of hard structures for mitigating the impacts of sea change and those who advocate measures modeled on natural processes. Summer Gray argues that both approaches involve limited notions of resilience that undermine movements for social and climate justice, and introduces the concept of placekeeping—the struggle to resist colonizing practices of displacement—as a justice-oriented framework for addressing the global dangers of coastal disruption. Drawing on a mix of ethnographic observation, interviews, and archival research, Gray shows how competing logics of adaptation play out on the ground in Guyana and the Maldives—to reveal how seawalls are entrenched in relationships of power and entangled in processes of making and keeping place—

FanGong Seawall Jiwen, 2021-11-09 THIS STORY RECEIVED YANGTZE RIVER NETWORK LITERATURE COMPETITION AWARD FOR 2020. Set 1,000 years ago (AD 1021-1026) during China's Song Dynasty, it centres on the life and times of Fan Zhongyan, a real historical figure in ancient China. "Fan" is his last name, and "Gong" is the most respectful honorific title in Chinese. This novel focuses on his challenges and accomplishments as a young junior official in the coastal city of Yancheng, literally "Salt City," located in Jiangsu Province. Although his official duty was managing the salt warehouse, he led the huge and dangerous project of building a massive seawall to protect the land and the people. He constantly put the welfare of the people above his own and overcame a lot of obstacles. Today, people still call it the "FanGong Seawall" in honour of him. It is a beautifully written story in which the author deftly blends messages with prose, unfurling a narrative depicting Chinese history and culture through its colourful cast of characters. The story is entertaining and includes so much great history, poetry, and universal moral wisdom that still endures today.

Monastic Visions Elizabeth S. Bolman,Patrick Godeau,2002-01-01 The book reproduces the cleaned paintings for the first time. It also describes and analyzes their amalgam of Coptic (Egyptian Christian), Byzantine, and Arab styles and motifs as well as the religious culture to which they belong. In 1996, funded by the United States Agency for International Development and at the request of the Monastery of St. Antony, the Antiquities Development Project of the American Research Center in Egypt began the conservation of the paintings in the church. The paintings revealed by the conservators are of extremely high quality, both stylistically and conceptually. While rooted in the Christian tradition of Egypt, they also reveal explicit connections with Byzantine and Islamic art of the twelfth and thirteenth centuries. Some newly discovered paintings can even be dated back to the sixth or seventh century.

Bulwark Against the Bay Mary Jo O'Rear,2017-02-02 After a devastating hurricane in 1919, the people of Corpus Christi faced the stark reality of their vulnerability. It was clear that something had to be done, but the mere will to take precautionary measures did not necessarily lead the way. Instead, two decades would pass before an effective solution was in place. Mary Jo O'Rear, author of Storm over the Bay, returns to tell the story of a city's long and often frustrating path to protecting itself. Bulwark Against the Bay reveals the struggle to construct a seawall was not merely an engineering challenge; it was also bound up with the growing popularity of the Ku Klux Klan, local aversion to Roman Catholicism, the emergence of the League of United Latin American Citizens, new efforts on behalf of African American equality, the impact of the Great Depression, support for Franklin Roosevelt, and reactions to the New Deal. A case study of a community wrestling with itself even as it races with the clock, Bulwark Against the Bay adds to our understanding of urban history, boardroom and backroom politics, and the often harsh realities of geography and climate.
