All Hands ,1984

**Sea Cobra** Buckner Melton Jr.,2007-03-01 One of the costliest battles of World War II happens to be one of the least known. After failing to stop the attack of Admiral Takeo Kurita at Leyte Gulf, Admiral “Bull” Halsey made a desperate attempt to engage the Japanese Imperial Navy in a full-scale battle. Acting against better judgment and in a desperate attempt at redemption, Halsey led his crew into the raging path of a typhoon, which resulted in the loss of nearly one thousand sailors—the most costly mission of the Pacific war.

**Angels from the Sea** Charles Richard Smith,1995 How did a scrawny black kid—the son of a barber and a domestic who grew up in Harlem and Trenton—become the 106th mayor of New York City? It’s a remarkable journey. David Norman Dinkins was born in 1927, joined the Marine Corps in the waning days of World War II, went to Howard University on the G.I. Bill, graduated cum laude with a degree in mathematics in 1950, and married Joyce Burrows, whose father, Daniel Burrows, had been a state assemblyman well-versed in the workings of New York’s political machine. It was his father-in-law who suggested the young mathematician might make an even better politician once he also got his law degree. The political career of David Dinkins is set against the backdrop of the rising influence of a broader demographic in New York politics, including far greater segments of the city’s “gorgeous mosaic.” After a brief stint as a New York assemblyman, Dinkins was nominated as a deputy mayor by Abe Beame in 1973, but ultimately declined because he had not filed his income tax returns on time. Down but not out, he pursued his dedication to public service, first by serving as city clerk. In 1986, Dinkins was elected Manhattan borough president, and in 1989, he defeated Ed Koch and Rudy Giuliani to become mayor of New York City, the largest American city to elect an African American mayor. As the newly-elected mayor of a city in which crime had risen precipitously in the years prior to his taking office, Dinkins vowed to attack the problems and not the victims. Despite facing a budget deficit, he hired thousands of police officers, more than any other mayoral administration in the twentieth century, and launched the “Safe Streets, Safe City” program, which fundamentally changed how police fought crime. For the first time in decades, crime rates began to fall—a trend that continues to this day. Among his other major successes, Mayor Dinkins brokered a deal that kept the US Open Tennis Championships in New York—bringing hundreds of millions of dollars to the city annually—and launched the revitalization of Times Square after decades of decay, all the while deflecting criticism and some outright racism with a seemingly unflappable demeanor. Criticized by some for his handling of the Crown Heights riots in 1991, Dinkins describes in these pages a very different version of events. *A Mayor’s Life* is a revealing look at a devoted public servant and a New Yorker in love with his city, who led that city during tumultuous times.

*To Sail a Darkling Sea* John Ringo,2014-02-04 A World Cloaked in Darkness With human civilization annihilated by a biological zombie plague, a ragtag fleet of yachts and freighters known as Wolf Squadron scours the Atlantic, searching for survivors. Within every abandoned liner and carrier lurks a potential horde, safety can never be taken for granted, and death and turning into one of the enemy is only a moment away. The Candle Flickers Yet every ship and town holds the flickering hope of survivors. One and two from lifeboats, a dozen from a fishing village, a few hundred wrenched by fury and fire from a ship that once housed thousands... Light a Flame Now Wolf Squadron must take on another massive challenge: clear the assault carrier USS Iwo Jima of infected before the trapped Marines and sailors succumb to starvation. If Wolf Squadron can accomplish that task, an even tougher trial awaits: an apocalyptic battle to win a new dawn for humanity. The war for civilization begins as the boats of the Wolf Squadron become a beacon of hope on a Darkling Sea. At the publisher's request, this title is sold without DRM (Digital Rights Management). A confrontation between a radical environmentalist group and a Danish cruiser leave many survivors trapped inside a sunken ship. But when the head of NUMA Special Assignments, Kurt Austin, and his colleague, Joe Zavala, are enlisted to run the rescue operation, they uncover a far more sinister agenda on the part of the supposed environmental group. And somebody within the company is willing to kill anyone who gets in the way. When Austin narrowly escapes an explosion on his own boat, he becomes certain he's the next target.
