The Way of the SEAL Mark Divine, Allyson Edelhertz Machate, 2013-12-26 In the Way of the SEAL, ex-Navy Commander Mark Divine reveals exercises, meditations and focusing techniques to train your mind for mental toughness, emotional resilience and uncanny intuition. Along the way you'll reaffirm your ultimate purpose, define your most important goals, and take concrete steps to make them happen. A practical guide for businesspeople or anyone who wants to be an elite operator in life, this book will teach you how to:

- Lead from the front, so that others will want to work for you
- Practice front-sight focus, the radical ability to focus on one thing until victory is achieved
- Think offense, all the time, to eradicate fear and indecisiveness
- Smash the box and be an unconventional thinker so you're never thrown off-guard by chaotic conditions
- Access your intuition so you can make "hard right" decisions
- Achieve twenty times more than you think you can
- and much more

Blending the tactics he learned from America's elite forces with lessons from the Spartans, samurai, Apache scouts, and other great warrior traditions, Divine has distilled the fundamentals of success into eight powerful principles that will transform you into the leader you always knew you could be. Learn to think like a SEAL, and take charge of your destiny at work, home and in life.

The Man in the Rockefeller Suit Mark

Seal, 2011-06-02 A real-life Talented Mr. Ripley, the unbelievable thirty-year run of a shape-shifting con man. The story of Clark Rockefeller is a stranger-than-fiction twist on the classic American success story of the self-made man—because Clark Rockefeller was totally made up. The career con man who convincingly passed himself off as Rockefeller was born in a small village in Germany. At seventeen, obsessed with getting to America, he flew into the country on dubious student visa documents and his journey of deception began. Over the next thirty years, boldly assuming a series of false identities, he moved up the social ladder through exclusive enclaves on both coasts—culminating in a stunning twelve-year marriage to a rising star businesswoman with a Harvard MBA who believed she'd wed a Rockefeller. The imposter charmed his way into exclusive clubs and financial institutions—working on Wall Street, showing off an extraordinary art collection—until his

marriage ended and he was arrested for kidnapping his daughter, which exposed his past of astounding deceptions as well as a connection to the bizarre disappearance of a California couple in the mid-1980s. The story of *The Man in the Rockefeller Suit* is a probing and cinematic exploration of an audacious imposter—and a man determined to live the American dream by any means necessary.

His brilliant fighting career would lead him from the sea battles of the South Pacific to the killing fields of Vietnam. As World War II came to a close and the Cold War began, Boehm saw the need for an unconventional warrior. It was during the Vietnam War years that their Special Warfare reputation was built, and the heroism of the few brave men detailed here shows why.
