Development as Freedom Amartya Sen, 2011-05-25 By the winner of the 1988 Nobel Prize in Economics, an essential and paradigm-altering framework for understanding economic development--for both rich and poor--in the twenty-first century. Freedom, Sen argues, is both the end and most efficient means of sustaining economic life and the key to securing the general welfare of the world's entire population. Releasing the idea of individual freedom from association with any particular historical, intellectual, political, or religious tradition, Sen clearly demonstrates its current applicability and possibilities. In the new global economy, where, despite unprecedented increases in overall opulence, the contemporary world denies elementary freedoms to vast numbers--perhaps even the majority of people--he concludes, it is still possible to practically and optimistically restrain a sense of social accountability. Development as Freedom is essential reading.

Not Quite Not White Sharmila Sen, 2018-08-28 Winner of the ALA Asian/Pacific American Award for Nonfiction Captivating... [a] heartfelt account of how newcomers carve a space for themselves in the melting pot of America. --Publishers Weekly A first-generation immigrant's intimate, passionate look at race in America (Viet Thanh Nguyen), an American's journey into the heart of not-whiteness. At the age of 12, Sharmila Sen emigrated from India to the U.S. The year was 1982, and everywhere she turned, she was asked to self-report her race - on INS forms, at the doctor's office, in middle school. Never identifying with a race in the India of her childhood, she rejects her new not quite designation - not quite white, not quite black, not quite Asian -- and spends much of her life attempting to blend into American whiteness. But after her teen years trying to assimilate--watching shows like General Hospital and The Jeffersons, dancing to Duran Duran and Prince, and perfecting the art of Jell-O no-bake desserts--she is forced to reckon with the hard questions: What does it mean to be white, why does whiteness retain the magic cloak of invisibility while other colors are made hypervisible, and how much does whiteness figure into Americanness? Part memoir, part manifesto, Not Quite Not White is a searing appraisal of race and a path forward for the next not quite not white generation --a witty and sharply honest story of discovering that not-whiteness can be the very thing that makes us American.

Rationality and Freedom Amartya Sen, 2004-03-30 Rationality and freedom are among the most profound and contentious concepts in philosophy and the social sciences. In this, the first of two volumes, Amartya Sen brings clarity and insight to these difficult issues.

Deep Roots Avidit Acharya, Matthew Blackwell, Maya Sen, 2020-03-10 Despite dramatic social transformations in the United States during the last 150 years, the South has remained staunchly conservative. Southerners are more likely to support Republican candidates, gun rights, and the death penalty, and southern whites harbor higher levels of racial resentment than whites in other parts of the country. Why haven't these sentiments evolved or changed? Deep Roots shows that the entrenched political and racial views of contemporary white southerners are a direct consequence of the region's slaveholding history, which continues to shape economic, political, and social spheres. Today, southern whites who live in areas once reliant on slavery--compared to areas that were not--are more racially hostile and less amenable to policies that could promote black progress. Highlighting the connection between historical institutions and contemporary political attitudes, the authors explore the period following the Civil War when elite whites in former bastions of slavery had political and economic incentives to encourage the development of anti-black laws and practices. Deep Roots shows that these forces created a local political culture steeped in racial prejudice, and that these viewpoints have been passed down over generations, from parents to children and via communities, through a process called behavioral path dependence. While legislation such as the Civil Rights Act and the Voting Rights Act made huge strides in increasing economic opportunity and reducing educational disparities, southern slavery has had a profound, lasting, and self-reinforcing influence on regional and national politics that can still be felt today. A groundbreaking look at the ways institutions of the past continue to sway attitudes of the present, Deep Roots demonstrates how social beliefs persist long after the formal policies that created those beliefs have been eradicated.--

Decolonizing Palestine Somdeep Sen, 2020-12-15 In *Decolonizing Palestine*, Somdeep Sen rejects the notion that liberation from colonialization exists as a singular moment in history when the colonizer is ousted by the colonized. Instead, he considers the case of the Palestinian struggle for liberation from its settler colonial condition as a complex psychological and empirical mix of the colonial and the postcolonial. Specifically, he examines the two seemingly contradictory, yet coexistent, anticolonial and postcolonial modes of politics adopted by Hamas following the organization's unexpected victory in the 2006 Palestinian Legislative Council election. Despite the expectations of experts, Hamas has persisted as both an armed resistance to Israeli settler colonial rule and as a governing body. Based on ethnographic material collected in the Gaza Strip, the West Bank, Israel, and Egypt, *Decolonizing Palestine* argues that the puzzle Hamas presents is not rooted in predicting the timing or process of its abandonment of either role. The challenge instead lies in explaining how and why it maintains both, and what this implies for the study of liberation movements and postcolonial studies more generally.

SUMMARY OF LEGISLATIVE, ... APRIL 22, 2013, 113-1 SENATE REPORT 113-33 , 2013

Letter to a New President Sen. Robert C. Byrd, 2008-06-24 A legendary Senator advises our next President on the commonsense values necessary to lead our nation United States Senator Robert C. Byrd is the longest-serving member of the United States Senate in the history of our great Republic. Senator Byrd has served the people of West Virginia, and the nation, for fifty-four years, and has served alongside eleven Presidents. He was twice elected by his colleagues to the position of Senate Majority Leader and currently is chairman of the powerful Senate Appropriations Committee. Byrd has lived through two world wars, the Great Depression, the civil rights movement, the Cold War, the resignation of a U.S. President, the 9/11 terrorist attacks, and traumatic military conflicts around the globe, including Iraq and Vietnam. Byrd has been a witness to it all. And now, in his ninetieth year of life, he wants to share the commonsense lessons he has learned from his unique vantage point in history. In *Letter to a New President*, Byrd recounts lessons drawn from his remarkable life as a young boy growing up poor in the coalfields of southern West Virginia to his meteoric rise to the pinnacles of power in Washington, D.C. From his unique vantage point in history, Byrd focuses his observations on underappreciated and seldom discussed virtues like personal responsibility, careful consideration before making decisions, and a sense of decency and fairness even toward fierce opponents. A student of history and a defender of our Constitution, Byrd looks to the past for lessons and, in *Letter to a New President*, studies present failures as guides for constructive lessons for the future. This book will help the next President grapple with the heavy demands of the office. Every American who cares about where this country is heading will find rich wisdom in Byrd's sage advice. Enlightened by a wide-ranging knowledge of American history and a love for the guiding principles of the Constitution, Byrd's observations sharpen the focus of the historical moment in which we find ourselves, as no one but Senator Byrd can.

Amartya Sen Lawrence Hamilton, 2019-06-10 Amartya Sen is one of the world's best-known voices for the poor, the destitute and the downtrodden and an inspiration for policy makers and activists across the globe. He has also contributed almost without peer to the study of economics, philosophy and politics, transforming social choice theory, development economics, ethics, political philosophy and Indian political economy, to list but a few. This book offers a much-needed introduction to Amartya Sen's extraordinary variety of ideas. Lawrence Hamilton provides an

excellent, accessible guide to the full range of Sen's writings, contextualizing his ideas and summarizing the associated debates. In elegant prose, Hamilton reconstructs Sen's critiques of the major philosophies of his time, assesses his now famous concern for capabilities as an alternative for thinking about poverty, inequality, gender discrimination, development, democracy and justice, and unearths some overlooked gems. Throughout, these major theoretical and philosophical achievements are subjected to rigorous scrutiny. Amartya Sen is a major work on one of the most influential economists and philosophers of the last couple of centuries. It will be invaluable to students and scholars across the humanities and social sciences and an excellent guide for policy makers, legislators and global activists.

Inequality Reexamined Amartya Sen, 1995-03-15 The noted economist and philosopher Amartya Sen argues that the dictum "all people are created equal" serves largely to deflect attention from the fact that we differ in age, gender, talents, and physical abilities as well as in material advantages and social background. He argues for concentrating on higher and more basic values: individual capabilities and freedom to achieve objectives. By concentrating on the equity and efficiency of social arrangements in promoting freedoms and capabilities of individuals, Sen adds an important new angle to arguments about such vital issues as gender inequalities, welfare policies, affirmative action, and public provision of health care and education.

Taste Makers: Seven Immigrant Women Who Revolutionized Food in America Mayukh Sen, 2021-11-16 A New York Times Editors' Choice pick Named a Best Book of the Year by NPR, Los

Angeles Times, Vogue, Wall Street Journal, Food Network, KCRW, WBUR Here & Now, Emma Straub, and Globe and Mail One of the Millions's Most Anticipated Books of 2021 America's modern culinary history told through the lives of seven pathbreaking chefs and food writers. Who's really behind America's appetite for foods from around the globe? This group biography from an electric new voice in food writing honors seven extraordinary women, all immigrants, who left an indelible mark on the way Americans eat today. Taste Makers stretches from World War II to the present, with absorbing and deeply researched portraits of figures including Mexican-born Elena Zelayeta, a blind chef; Marcella Hazan, the deity of Italian cuisine; and Norma Shirley, a champion of Jamaican dishes. In imaginative, lively prose, Mayukh Sen—a queer, brown child of immigrants—reconstructs the lives of these women in vivid and empathetic detail, daring to ask why some were famous in their own time, but not in ours, and why others shine brightly even today. Weaving together histories of food, immigration, and gender, Taste Makers will challenge the way readers look at what's on their plate—and the women whose labor, overlooked for so long, makes those meals possible.
