Sensational Religion Sally M. Promey, 2014-06-24

The result of a collaborative, multiyear project, this groundbreaking book explores the interpretive worlds that inform religious practice and derive from sensory phenomena. Under the rubric of making

sense, the studies assembled here ask, How have people used and valued sensory data? How have they shaped their material and immaterial worlds to encourage or discourage certain kinds or patterns of sensory experience? How have they framed the sensual capacities of images and objects to license a range of behaviors, including iconoclasm, censorship, and accusations of blasphemy or sacrilege? Exposing the dematerialization of religion embedded in secularization theory, editor Sally Promey proposes a fundamental reorientation in understanding the personal, social, political, and cultural work accomplished in religion's sensory and material practice. *Sensational Religion* refocuses scholarly attention on the robust material entanglements often discounted by modernity's metaphysic and on their inextricable connections to human bodies, behaviors, affects, and beliefs.

The Continuations of the Old French "Perceval" of Chrétien de Troyes, Volume 2 William Roach, Robert H. Ivy, Jr., 2017-01-30 This book is a volume in the Penn Press Anniversary Collection. To mark its 125th anniversary in 2015, the University of Pennsylvania Press rereleased more than 1,100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print. Spanning an entire century, the Anniversary Collection offers peer-reviewed scholarship in a wide range of subject areas.

Les enfances Godefroi Emanuel J. Mickel, 1999

This volume of the epic cycle of poems concerning the First Crusade focuses on the birth and early fictional life of the hero Godfrey and his encounter with the Saracen Cornumarant. The ten-volume Old French Crusade Cycle, when completed, will represent a large body of epics never before edited critically, important both for an understanding of the phenomenon of cyclical composition and an understanding of the problem of the relationship between epic and romance. Published in Old French, the cycle, which dates from the 13th century, is both history and fiction, romance and epic, folklore and reality; its sources are both oral and classical, and its influence can be seen in translations and versions in Spanish, English, and German. Thus, it is of great value to scholars in a wide range of fields, including Old French literature, Old Spanish literature, Medieval German literature, Middle English literature, folklore, history, linguistics, and music history. This third volume, edited by Emanuel J. Mickel, Jr., includes two branches: *Les Enfances Godefroi* presents the birth and childhood of Godfrey, the future hero of the First Crusade, and focuses on the Boulogne/Bouillon family. This poem includes expanded treatment of Ida and a long episode in England concerning Godfrey's older brother, Eustace, the future count of Boulogne. The other branch, the *Retour de Cornumarant*, is a later addition that concerns the Saracen's journey to Europe to assassinate Godfrey before he can lead the crusade. As it turns out, the journey actually

succeeds in promoting the crusading movement.

The Phonetic Guide to Italian Matthew

Lawry, 2012-07-27 This book is about learning the phrases and sentences and getting to grips with saying the language without going into the grammar first. In that way, you can have fun learning how to say certain things and also you do not come up against stumbling blocks and frustrations. The idea behind this thinking was because when I was a child, my parents used to tell me words before they taught me how to learn the alphabet, so I thought that was a better way round: get used to the language first. I wrote this book to how I thought the student of the language could assimilate and understand it and get a basic grounding of the language. I thought to myself, what was the best thing to learn first, for instance; what the differences between masculine and feminine are; what does the accent mean, so I put this information in the chapter header pages so then I could use more space to actually learn the language. I have also put in a conceptual stage, so then you can think about the language for instance. English has quite a few routes to it, like Latin, so quite a few words are very similar, even though the accent can throw us off. It sounds like proper English for instance: disgraceful, which means scandaloso in Italian, which is nearly the same in English. I believe there is no right or wrong way to learn; it depends on what you want it for. You may want to practise it on holidays, or you may want to read the Italian newspapers, so sometimes you do not necessarily have to learn the alphabet or the

grammar. I like to read newspapers on holidays and watch films in Italian; that is why I wanted to learn it. It can also be useful in attaining knowledge for quizzes. The only good criticism is a constructive one, not a destructive one. Matthew Lawry. I hope you enjoy this book as much as I have in writing it.

Nerve Jeanne Ryan,2016-03-10 Únete al fenómeno

NERVE y descubre una historia trepidante, provocadora y muy, muy adictiva. Atrévete: no podrás para de leer. Cuando lo que más deseas está a tu alcance, ¿qué serías capaz de hacer para conseguirlo? Vee es una chica que no destaca demasiado, así que cuando es elegida para concursar en NERVE, un juego anónimo de retos que se retransmite online, decide probar suerte. Pronto descubre que el juego sabe cosas de ella: la tienta con los premios que más desea y la empareja con Ian, su chico ideal. Al principio todo es genial: los fans de Vee y de Ian los animan mientras ellos superan retos cada vez más arriesgados. Pero el juego da un giro inesperado cuando los mandan a una localización secreta con cinco jugadores más. De repente descubren que están jugando a todo o nada y apostando sus propias vidas a cada momento. ¿Hasta dónde será Vee capaz de llegar? La opinión de los lectores: « Nerve. Un juego sin reglas me ha enganchado desde sus primeras páginas. Con una gran intriga, un juego que saca lo peor de las personas y gran crítica social, la autora ha sabido mostrar la cara oculta de las redes sociales y la delgada línea que separa la cordura de la locura.» Blog Vorágine interna «Una novela trepidante donde realmente no sabes qué pensar, en quien confiar o lo que va a pasar a continuación. [...] Un thriller adictivo, oscuro y novedoso.» Blog Letras, libros y más «Lo he adorado, así, sin más. Nerve me ha cautivado y me ha tenido expectante. Curiosa, original y adictiva. Es una maravilla.» Blog Libros del cielo « Nerve. Un juego sin reglas desprende originalidad, intriga y acción en cada

una de sus páginas. Una historia actual, fresca, trepidante y adictiva, con una fuerte crítica social, donde los personajes, a base de retos, arriesgarán su integridad y seguridad por conseguir sus más ansiados y costosos deseos. Toda una recomendación que no debéis pasar por alto.» Blog Dragonfly «Un libro que no solamente me ha encantado, sino que me atrapó desde la primera página y fue aumentando mi estado de nerviosismo conforme avanzaba en cada uno de los capítulos. [...] Una historia trepidante donde en un inicio parece ser que el fin justifique los medios, pero el verdadero reto será descubrir que a veces los medios no tienen justificación posible. Totalmente recomendado.» Blog Entre metáforas La opinión de la crítica: «Los lectores se sorprenderán pasando páginas como locos hasta el final del libro.» Kirkus Reviews

a book about
how to make
your child into
a genius
however we
firmly believe
that every
child is unique
and intelligent
in his own way
it is a book on

difficult and
how to enjoy

grows it is
about the joys
