Serenissima Erica Jong,1987-01

La Serenissima Alfonso Lowe,1974 *La Serenissima* is an exploration of [a] paradox; of a civilization living its last with feverish intensity. Before a vivid backcloth of monumental architecture, beneath the exquisite frescoes adorning church interiors, through the calli and canals of Venice herself, Alfonso Lowe recreates the vibrant life and the sumptuous ritual of this unique republic in its final, brilliant flourish of artistic creativity. -- Book jacket.

Serenissima Erica Jong,1988 Hollywood actress Jessica Pruitt is strangely drawn to Venice and goes deeper and deeper into the history of the city. One day she finds herself transformed into a Venetian Jewish woman of the sixteenth century.

La Serenissima Jonathan Keates,2022-11-24 A stunningly illustrated history of Venice, from its beginnings as 'La Serenissima' – 'the Most Serene Republic' – to the Italian city that continues to enchant visitors today. 'Everything about Venice,' observed Lord Byron, 'is, or was, extraordinary – her aspect is like a dream, and her history is like a romance.' Dream and romance have conditioned myriad encounters with Venice across the centuries, but the city's story embodies another kind of experience altogether – the hard reality of an independent state built on conquest, profit and entitlement and on the toughness and resilience of a free people. Masters of the sea, the Venetians raised an empire through an ethos of service and loyalty to a republic that lasted a thousand years. In this new study of key moments in Venice's history, from its half-legendary founding amid the collapse of the Roman empire to its modern survival as a fragile city of the arts menaced by saturation tourism and rising sea levels, Jonathan Keates shows us just how much this remarkable place has contributed to world culture and explains how it endures as an object of desire and inspiration for so many.

La Serenissima Michael Bordelon,2001-01-01

La Serenissima Hardy George,Oklahoma City Museum of Art,2010 For over a millennium, the Italian coastal state of the Most Serene Republic of Venice, or La Serenissima, flourished as a center for sea trade and the arts. Here an important final phase of late Baroque mythological and Biblical painting took place. Venice also became an important destination on the Grand Tour, where its aquatic setting and unique network of canals, palaces, and churches inspired a talented group of view painters, especially during the eighteenth century. Today, collections throughout North America hold many works from this prolific period. *La Serenissima* presents new scholarship on works that have not received due public attention in recent years and brings together approximately 65 works of art from more than 25 collections. Together, they represent important regional developments in religious and topographical painting as well as genre and portraiture. These artworks display the inimitable aspects of Venetian taste and culture in the age of the Grand Tour and through the decline of the Republic. *La Serenissima* also casts new light on the achievements of Venetian view painters, including master painter Antonio Canaletto, Bernardo Bellotto, Luca Carlevarijs, and Francesco Guardi.

Serenissima ,2008 In the new book, *Serenissima: Venice in Winter*, Frank Van Riper and Judith Goodman provide a stunning combination of fine art and journalistic photography twinned with lyrical text to capture the visual magic that occurs when the most serene republic reclaims itself as a living, breathing city and once more becomes a place of water-filled streets..velvet shadows and footsteps echoing off paving stones in the post-midnight silence... Six years in the making and shot entirely in black and white, *Serenissima: Venice in Winter* combines brilliant architectural imagery with documentary photography in the tradition of Henri Cartier-Bresson, Robert Frank and the great Italian photojournalist Gianni Berengo Gardin. Frank Van Riper's text shows the same literary mastery that won him a Nieman Fellowship to Harvard and reflects the dreamlike quality of the photographs, while also acknowledging the mystery and magic that Venice is famous for. AUTHOR: Frank Van Riper and Judith Goodman are a husband-and-wife team whose speciality is location portraiture and documentary photography. Goodman's photographs have appeared in Washington's Corcoran Gallery of Art and in the Baltimore Museum. Van Riper's photographs are in the permanent collection of the National Portrait Gallery, National Museum of American Art, and Portland Museum of Art in Portland, Maine. He now writes 'Frank Van Riper on Photography,' a column that appears exclusively and worldwide on Washingtonpost.com, making him the most widely read photography writer in the United States. SELLING POINTS: Over 90 photographs of this historic and romantic city as it is rarely captured, during the winter's mist and rain Of interest to any collector of fine art photography, travelers, and lovers of Italy 92 b/w photos

[Venice](#) Michael Hone,2016-09 Venice was a homosexual crossroads, where no boy-lovers, or few, elected residence on the islands, and there were no, or few, island lads who made themselves available, as there were on Capri, Ischia or at Taormina on Sicily. Yet those who cast anchor in the Lagoon were not disappointed, as the gondoliers soon learned that for much less effort than rowing, a particular manner of movement called sculling, they could top off their wages and better provide for their families simply by reading the all-too evident gleam in a passenger's eye, and quickly come to an agreement on the terms. Love in the Serenissima had always been omnisexual, as it was throughout all of Italy from the time when the Trojan Aeneas founded the city between the seven hills, accompanied by his lover Pallas. This book covers an immense span of time and numerous individuals, all of whose lives are fully revealed and fully illustrated. There is no fact, no anecdote worth the recounting that is not within these pages. From Cesare Borgia to Casanova, from Cole Porter to Truman Capote and Canadian Venice Film Festival director Xavier Dolan, the reader will discover the homosexual subculture that made the wealth, and especially the reputation, of Venice, as did its ships filled with slaves, spices, silks and sapphires.
