William Styron

The Stars Are Fire Anita Shreve, 2018-03-27 NEW YORK TIMES BESTSELLER • From the acclaimed author of *The Weight of Water* and *The Pilot's Wife*: an exquisitely suspenseful novel about an extraordinary young woman tested by a catastrophic event—based on the true story of the largest fire in Maine's history. “Long before Liane Moriarty was spinning her 'Big Little Lies,' Shreve was spicing up domestic doings in beachfront settings with terrible husbands and third-act twists. She still is, as effectively as ever.” —New York Times Book Review In October 1947, Grace Holland is experiencing two simultaneous droughts. An unseasonably hot, dry summer has turned the state of Maine into a tinderbox, and Grace and her husband, Gene, have fallen out of love and barely speak. Five months pregnant and caring for two toddlers, Grace has resigned herself to a life of loneliness and domestic chores. One night she awakes to find that wildfires are racing down the coast, closer and closer to her house. Forced to pull her children into the ocean to escape the flames, Grace watches helplessly as everything she knows burns to the ground. By morning, her life is forever changed: she is homeless, penniless, awaiting news of her husband's fate, and left to face an uncertain future in a town that no longer exists. With courage and stoicism, Grace overcomes devastating loss and, through the smoke, is able to glimpse the opportunity to rewrite her own story.

Set Fire to the Gods Sara Raasch, Kristen Simmons, 2020-08-04 Avatar: The Last Airbender meets Gladiator in the first book in this epic fantasy duology in which two warriors must decide where their loyalties lie as an ancient war between immortals threatens humanity—from Sara Raasch, the New York Times bestselling author of the *Snow Like Ashes* series, and Kristen Simmons, acclaimed author of *Pacifica* and *The Deceivers*. Perfect for fans of *An Ember in the Ashes*, *And I Darken*, and *The Winner's Curse*. Ash is descended from a long line of gladiators, and she knows the brutal nature of war firsthand. But after her mother dies in an arena, she vows to avenge her by overthrowing her fire god, whose temper has stripped her country of its resources. Madoc grew up fighting on the streets to pay his family's taxes. But he hides a dangerous secret: he doesn't have the earth god's powers like his opponents. His elemental gift is something else—something that hasn't been seen in centuries. When an attempted revenge plot goes dangerously wrong, Ash inadvertently throws the fire and earth gods into a conflict that can only be settled by deadly, lavish gladiator games, throwing Madoc in Ash's path. She realizes that his powers are the weapon her rebellion needs—but Madoc won't jeopardize his family, regardless of how intrigued he is by the beautiful warrior. But when the gods force Madoc's hand, he and Ash uncover an ancient war that will threaten more than one immortal—it will unravel the world.

Fire in the Stars Barbara Fradkin, 2016-09-03 A former aid worker returns home haunted by her time in Africa and channels her pain into a murder investigation that's all too personal. After surviving a horrific trauma in Nigeria, international aid worker Amanda Doucette returns to Canada to rebuild her life and her shaken ideals. There, the once-passionate, adventurous woman needs all her strength and ingenuity when a friend and fellow survivor goes missing along with his son. A trained first-aid and crisis responder, Doucette — always accompanied by her beloved dog Kaylee — joins forces with RCMP officer Chris Tymko to discover the truth about the disappearance. Their search leads them to the Great Northern Peninsula, a rugged landscape of Viking history, icebergs, whales, and fierce ocean storms. Elsewhere, a body gets hauled up in a fisherman's net, and evidence is mounting of an unsettling connection with Amanda's search for her friend. Fradkin writes evocatively of the beautiful, often hostile, Newfoundland landscape where Amanda soon finds herself fighting for her very survival.

To make matters worse, she must learn to ride Mynaria's formidable warhorses before her coronation—and her teacher is the person who intimidates her most, the prickly and unconventional Princess Amaranthine, sister of her betrothed. When a shocking assassination leaves the kingdom reeling, Mare and Denna reluctantly join forces to search for the culprit. As the two work together, they discover there is more to one another than they thought—and soon their friendship is threatening to blossom into something more. The Stars Are Also Fire Poul Anderson, 2015-12-08 Humans and their genetically altered descendants struggle to find their place in a universe controlled by a benevolent artificial intelligence in this brilliant classic of future speculation On a far-future Earth, a linked system of artificial intelligences called the cybercosm runs the planet and the universe far more efficiently than any flesh and blood ruler ever could, in essence rendering the human race obsolete. On the Earth's moon, genetically engineered Lunarians carrying the DNA of Dagney Beynac—a descendant of the legendary Anton Guthrie, founder of the powerful and visionary Fireball Enterprises—struggle to preserve their lives, their freedom, and their satellite's resources in the face of threats posed by encroaching humans and controlling machines. Over a span of five centuries, tensions have increased in the wake of the political and technological revolutions that reshaped their universe. And suddenly radical change is in the offing once more, as a secret kept hidden since the earliest days of Lunar colonization is about to be revealed—one that could effectively shut down the cybercosm and plunge the universe into chaos. Poul Anderson advances the worlds-shattering circumstances he so brilliantly introduced in *Harvest of Stars*, creating a vision of the future that is at once astonishing, provocative, and troubling. A true science fiction classic, *The Stars Are Also Fire* explores deep questions about the nature, complexity, and worth of humankind in an unforgettable novel considered by many to be Anderson's masterpiece.

Set This House on Fire William Styron,2010-05-04 A New York Times bestseller by the author of Sophie's Choice: Two Americans search for the truth about a mysterious long-ago murder in Italy. Shortly after World War II, in the village of Sambuco, Italy, two men—Virginia attorney Peter Leverett and South Carolina artist Cass Kinsolving—crossed paths with Mason Flagg. They both had their own reactions to the gregarious and charismatic movie mogul's son. For the impressionable Peter, it was something close to awe. For the alcoholic Cass, it was unsettled rage. Then, after the rape and murder of a peasant girl, Mason's body was found at the base of a cliff—an apparent suicide. He'd been distraught, the authorities said, over committing such a heinous crime. Peter and Cass went their separate ways, and never spoke of it again. Now, years later, Peter is still haunted by what he knows—and by what he doesn't. He's sought out Cass in Charleston for closure, and something close to the truth. Together both men will share their tales of that terrible season in Italy, each with their own ghosts—and their own reasons to exorcise them. But neither Peter nor Cass is prepared for where this path of revenge, complicity, and atonement will take them. A profound exploration of the evil that men do, and what the innocent must endure to accommodate it, Set This House on Fire is more than a byzantine murder mystery, it's "one of the finest novels of our times" from the Pulitzer Prize-winning author of The Confessions of Nat Turner, Darkness Visible, and other modern classics (San Francisco Chronicle). This ebook features a new illustrated biography of William Styron, including original letters, rare photos, and never-before-seen documents from the Styron family and the Duke University Archives.
