

Shadow Shaman

Sheena Jolie,SJ Himes

In the Shadow of the Shaman ,1988 In the Shadow of the Shaman is about the importance of connection to the deepest power of Nature. It tells you how to use natural objects from the shamanic worlds -- Plant, Mineral, Animal, and Human -- to help make this personal connection with Earth energies. In doing this, you are able to reconnect with the center of your own power. Because the shamanic path is such a personal one, often not able to be shared, this book has been designed so that it has the experiential quality of the shamanic journey traditions. The author is also careful to present the information in a clear, organized manner. In doing so, she blends the deeply personal wisdom of a shamanic path with the shared, community wisdom of a medicine path. This represents an ideal for Aquarian shamanism. But this book is not simply about shamanism -- it shows, through techniques, exercises, meditations, and rituals, how anyone can become a shaman. You will learn how to attune yourself with the shamanic worlds of Nature, and with the Higher Self, for self-healing and self-empowerment. You will learn to develop shamanic balance, to become the living tree, and you will do this by using such tools as stones, crystals, feathers, masks, drums, and incense. Book jacket.

Shadows in the Twilight Lujan Matus,W. L. Ham,2012-11-01 When W. L. Ham approaches the Nagual Lujan Matus for insight into enigmatic events that have marked his awareness, what he learns revolutionizes everything he thought he knew. Realizing that he has found an authentic guide, Bill enters into a intensive apprenticeship and directly begins to experience the multiplex of luminous interactivity that is our living matrix as never before. Like countless others, Bill had been galvanized when concepts like 'the energy double', 'dreaming awareness', and 'first and second attention', were introduced in the 1960s. Exploring these fascinating propositions in his own waking and dreaming life, he is faced with discoveries and challenges utterly unaccounted for by conventional definitions of reality. Bill begins faithfully documenting his exchanges with Lujan, and the result is a most extraordinary manual on the crucial yet little understood subject of reclaiming our dimensional sovereignty. A friendly flow of dialogue belies the gravity of this material, as Lujan deftly elucidates the very fabric of existence with humble yet unequivocal authority. These are no second-hand sorcery tales but genuine revelations from a seer bound by his inevitability to communicate what he knows. Describing the innermost workings of the holographic universe with rare precision, these teachings decode riddles of perception that have long been surrounded with confusion, providing a luminous bridge to our interdimensional potential as human beings. The sometimes-alarming nature of what Lujan reveals is tempered by the multifaceted affirmation that the key to finding freedom lies in truly applying ourselves to the moment that continually escapes us, guided only by that most precious instrument of divination, our heart.

Dragon Shaman Teresa Louise Huddleston-Garcia, 2006-11-01 Dragon Shaman, Book One: Taming The Blowing Wind can be compared to a blending of Tolkein, J.K. Rowling, and Miyazaki's Spirited Away or Princess Mononoke combined with the wonder of a child listening to Native American myth and tales of the Japanese Kami, with a bit of Celtic Fairytale elements. It is sure to be a hit with lovers of dragons, fantasy, supernatural/paranormal, and romance. Blowing Wind, a young woman of Native American and Celtic descent, falls in love with Obsidian, a boy she at first believes to be human but later discovers on the night of her 18th birthday to be the guardian spirit of Medicine Lake, near the sacred Mount Shasta in California. The night before her High School graduation he meets with a bad end, setting her journey of self discovery in motion which ultimately takes her away from everything that she knows and to Japan. There, as she searches for what the soul of Obsidian wishes her to find at the foot of Mount Fuji she meets with Ryu, a spirit of the mountain and bearing a striking resemblance to the soul she is searching for. By the time these two meet her own spirit is shattered, and it is up to Ryu and a mysterious concurrent incarnation of Obsidian to begin the process of healing her spirit and mind. However, she has her own destiny that waits to be fulfilled, and spirits from both her old and new lives have tests to administer during everything. Unlike the print version of the book, the ebook will have a few images that have been done by the author herself, and the story of how Dragon Shaman, Ryu, and Blowing Wind came to be. Also included will be the songs used in the story itself the way they were meant to be seen, instead of hidden within the dialog.

Highway 61 Revisited Colleen Josephine Sheehy, Thomas Swiss, 2009 The young man from Hibbing released Highway 61 Revisited in 1965, and the rest, as they say, is history. Or is it? From his roots in Hibbing, to his rise as a cultural icon in New York, to his prominence on the worldwide stage, Colleen J. Sheehy and Thomas Swiss bring together the most eminent Dylan scholars at work today--as well as people from such farreaching fields as labor history, African American studies, and Japanese studies--to assess Dylan's career, influences, and his global impact on music and culture.

Shadow Man James D. Doss, 2010-04-01 When a local prosecuting attorney is killed by long-range rifle while dining at an exclusive Granite Creek, Colorado, restaurant, it seems obvious that a vengeful criminal is to blame. But odontologist Manfred Blinkoe was sitting ten feet away and he insists that he was the intended victim. In fact, he claims that just before the shot was fired, he saw his doppelganger--an eerie lookalike--as he has in the past just before a near-death experience. Terrified, Blinkoe hires Charlie Moon to find the lookalike, but before Charlie can get anywhere, Blinkoe is murdered for real. As usual in Doss's clever, intricately drawn mysteries, the cagey Charlie Moon and his Ute shaman Aunt Daisy share the spotlight.

Light in the Shaman's Shadow Sienna V. Green, 2012-08 I recognized that this man knew and saw things that others cannot and that was the best part of him. One mature woman's journey....into the unknown. She was sent to him in the New Mexican high desert, a Medicine Man. She lived by following her feelings, her bliss (in Campbell's words) and was shocked to recognize him so instantly. Not his body nor features but his soul-spirit, one she knew intimately for centuries. She knew these things. Her work had proven it so. That there exist dimensions of realities between the worlds is not news. The depth of her feelings, intuition or guidance and his overwhelming magnetism held her captive over five years and altered the direction of her life, which became a weaving of the winds of synchronicity. Her fierce determination to resolve the mystery she was living, to live an authentic life and integrate diverse forces caused her to plunge into the unconventional relationship with its natural intimacy and wild dreams and wanderings. To live with passion, power and grace was her star. That this Shaman was using his power not only for healing but for the shadows became evident and this is the true story of an adventure in the life of a woman of compassion. To release judgment is to love without conditions. The author has lived a semi-nomadic life and enjoyed most all of it. She has been an Artist and Past Life Therapist for many years and traveled with her work. She is close to the natural forces and the earth energy. An intuitive sense is what directs her life and her spiritual quest. She lives at the moment in the Colorado Rockies.
