Silk Road (How to Buy Drugs Online) and Rules for Being a Man Alex Oates,2018-04-03 How is it delivered? That's the best bit! Royal Mail. Postman Pat brings your smack to your door with a smile and his black and white cat is none the wiser. Bruce is nineteen, unemployed and living with his Nan. A struggling young Geordie tech-head, he's the unlikeliest international criminal mastermind you can imagine. But sucked into an underworld dark web of new-age pirates, local gangsters and tea-cosies, it isn't long before Bruce discovers how easy it is to buy narcotics online. Prompted by the arrest in October 2013 of the alleged owner of Silk Road, and the first play ever to be funded by bitcoin, Alex Oates's play is a biting black comedy about how simple it is not only to buy, but also sell drugs online. Published alongside Rules For Being a Man, a stirring new play that uses silent disco technology to create a vivid soundscape and take the audience into the head of three generations of men as they struggle with mental health issues and contemplate suicide. Rules For Being a Man depicts the everyday battle of masculinity, whilst these men go about their lives and struggle to hold on. Three different generations of men come to terms with love, life and other peoples expectations. Living in a society where the scars of toxic masculinity are becoming more and more visible on the cultural

landscape, Rules For Being A Man looks at the marks men create in themselves, and others. Following three generations of a family centred around one pivotal action, this honest new play attempts to try to come to terms with the different pressures men face going through life trying to be a man and the damaging toll they take on their mental health. Inspired by interviews with survivors of suicide and The Samaritans.

Surviving Antarctica Andrea White, 2011-03-22 The wind and snow blow so hard, you can't see your hand in front of your face. Your heating fuel is

nearly gone, and so is your food. How do you survive? Five fourteen-year-olds face this desperate situation on a deadly journey in Antarctica. It is 2083. They are contestants on a reality TV show, Antarctic Survivor, which is set up to re-create Robert F. Scott's 1912 doomed attempt to be the first to reach the South Pole. But in 2083 reality TV is not just an act. Contestants literally relive - or die during - the simulations of events. Robert Scott and his team were experienced explorers and scientists, but their attempt to reach the Pole proved fatal. What chance does the Antarctic Survivor team have? This action-packed, riveting adventure - full of fascinating direct quotes from Scott's journals and other accounts of the expedition - is both a heart-wrenching drama from the past and a disquieting glimpse into the future. True Biz Sara Novic, 2022-04-05 NEW YORK TIMES BESTSELLER • REESE'S BOOK CLUB PICK • A "tender, beautiful and radiantly outraged" (The New York Times Book Review) novel that follows a year of seismic romantic, political, and familial shifts for a teacher and her students at a boarding school for the deaf, from the acclaimed author of *Girl at War* "For those who loved the Oscar-winning film CODA, a boarding school for deaf students is the setting for a kaleidoscope of experiences."—The Washington Post ONE OF THE BEST BOOKS OF THE YEAR: NPR, Publishers Weekly True biz (adj./exclamation; American Sign Language): really, seriously, definitely, real-talk True biz? The students at the River Valley School for the Deaf just want to hook up, pass their history finals, and have politicians, doctors, and their parents stop telling them what to do with their bodies. This revelatory novel plunges readers into the

halls of a residential school for the deaf, where they'll meet Charlie, a rebellious transfer student who's never met another deaf person before; Austin, the school's golden boy, whose world is rocked when his baby sister is born hearing; and February, the hearing headmistress, a CODA (child of deaf adult(s)) who is fighting to keep her school open and her marriage intact, but might not be able to do both. As a series of crises both personal and political threaten to unravel each of them, Charlie, Austin, and February find their lives inextricable from one another—and changed forever. This is a story of sign language and lip-reading, disability and civil rights, isolation and injustice, first love and loss, and, above all, great persistence, daring, and joy. Absorbing and assured, idiosyncratic and relatable, this is an unforgettable journey into the Deaf community and a universal celebration of human connection.
