The Chronicles of Nai Nai Mary Shao Mei Lee Chen, Krissie Schuster

Cilano, 2021-12-07 The Chronicles of Nai Nai is a story of faith, perseverance, hard work, and success through God's mercy and grace. Mary Shao Mei Lee Chen was born in post-World War II Taiwan. The fourth of six girls born to an accountant and office worker, Mary discovered her Christian faith at an early age. One of her earliest memories was memorizing Psalm 121:1-2 NIV - "I lift up my eyes to the mountains - where does my help come from? My help comes from the LORD, the Maker of heaven and earth." Before coming to America Mary met Jen-Ling Chen, the top student in his class at Taiwan's most prestigious university. They came to America to pursue their education. Eventually they married, started a family, and Jen-Ling attended medical school. Their road, however, was not an easy one. Modest success gave way to poverty and homelessness. A successful medical practice was threatened by a deadly medical diagnosis. Through it all, they trusted in God to look after their family and show them their path. Together with God's guidance, they created a mission-driven healthcare organization that brings affordable, quality healthcare to America's poorest, sickest, and most forgotten senior citizens. The Chronicles of Nai Nai is their story of faith, perseverance, hard work, and ultimately, success, through God's mercy and grace.

The Mystery of Moutai G.X. Chen, 2014-04-14 A teenager returns home from school to

find a gruesome scene: the apartment he shares with his mother, Shao Mei, in Boston's Chinatown has been ransacked and his mother is dead. There is a bottle of Moutai, the most expensive and exotic Chinese liquor, left at the scene and traces of rat poison in one of the two shot glasses on the kitchen counter. This was evidently a homicide, but who could possibly be the killer? Ann Lee and Fang Chen, close friends of the victim, are eager to help the Police unearth her murderer. Realizing that important clues behind the motive may be buried deep in Shao Mei's past, they travel to Beijing where the victim spent decades of her adult life. Surrounded by the antiquities of China's rich history, they stumble into a cobweb of mystery and danger. Fearing for their lives but determined to press on, they unearth a scandal far greater than either could have imagined.

The aim is to present a coherent argument for the significance of social factors and how they contribute to phonological acquisition.

Forbidden City Muriel Molland Jernigan,2017-01-12 A fictionalized account of the Empress Dowager of China, Tsu Hsi, last of the Manchus. She was one who “ate life,” one for whom all the power of the Dragon throne could not give her what she sought. This is the story of Nala, born to luxury, who was sent at sixteen to the Summer Palace, to be the Emperor’s concubine, and who lived to wrest the throne from the dying monarch. It is the story of Jung Lu, the Manchu Lord who gave her the only love she was ever to know, and whose quiet and wise counsel gave her the wisdom to rule. It is the story of a country, a people, a way of life, and a hatred born of misunderstanding which carried tragic consequences. For nothing Jung Lu could say or do could soothe her hatred of the “foreign devils” and their woman ruler who dared to call herself by a name that meant “victorious.” For the first time the full picture of the Empress Dowager of China, Tsu His, last of the Manchus, is drawn to life. From her seat on the Dragon throne she commanded an Empire. The decisions she made still leave their mark on the world. Few women in history have held as much power. Yet the days were never long enough for all she wanted to do. Mrs. Jernigan tells the strange story of Tsu His’s love for her Prime Minister, which defied

tradition, with smooth-paced narrative power, in an absorbing novel, full of pageantry and turbulence. FORBIDDEN CITY is a vivid portrait of one of the least-known but one of the most remarkable figures of history.

Transition to Neo-Confucianism Anne D. Birdwhistell, 1989-08-01 The Sung Neo-Confucian synthesis is one of the two great formative periods in the history of Confucianism. Shao Yung (1011-77) was a key contributor to this synthesis, and this study attempts to make understandable the complex and highly theoretical thought of a philosopher who has been, for the most part, misunderstood for a thousand years. It is the first full-length study in any language of Shao Yung's philosophy. Using an explicit metaphilosophical approach, the author examines the implicit and assumed aspects of Shao Yung's thought and shows how it makes sense to view his philosophy as an explanatory theory. Shao Yung explained all kinds of change and activity in the universe with six fundamental concepts that he applied to three realms of reality: subsensorial matter, the phenomenal world of human experience, and the theoretical realm of symbols. The author also analyzes the place of the sage in Shao's philosophy. Not only would the sage restore political and moral unity in society, but through his special kind of knowing he also would restore cosmological unity. Shao's recognition that the perceiver had a critical role in making and shaping reality led to his ideal of the sage as the perfect knower. Utilizing Shao's own device of a moving observational viewpoint, the study concludes with an examination of the divergent interpretations of Shao's philosophy from the eleventh to the twentieth century. Because Shao took very seriously numerological

aspects of Chinese thought that are often greatly misunderstood in the West (e.g., the I Ching), the study is also a very good introduction to the epistemological implications of an important strand of all traditional Chinese philosophical thought.

Tania in China Ben Foster, 2021-02-28 If people think that the meteoric rise of China during the last 40 years is amazing, think again. Early in the twentieth century, a handful of young people totally changed the most populous nation on Earth in as little as 30 years, and that sweeping transformation still dominates China's destiny today. Would anyone believe it? The product of a rare combination of commanding knowledge and piercing observations, *Tania in China* is an epic saga which unfolds that momentous story from inside out with matching audacity, insight and lucidity. It centres on Tania, the dedicated Russian heroine, whose adventures in love, marriage, family life and female friendship have been intertwined with a torrent of ferocious events in her adopted country for half a century. Following her odyssey into China's tumultuous society, intricate politics, enchanting culture and rich folklore, readers will witness how a radical ideology is turning China completely upside down in the most intimate and incisive fashion that few existing books have been able to show, fictional or otherwise.

Workers and Workplaces in Revolutionary China Stephen Andors, 2015-12-14 *Workers and Workplaces in Revolutionary China* collates documents detailing the conflict and politics of Chinese industrial development in the 1970s. Originally published in 1974, issues discussed in this volume include socialism, the harbour docks in China and tobacco factory workers. This title will be of interest to students of Asian studies, anthropology and politics.

Casting Off the Shackles of Family Shuei-may Chang,2004 Nora, a character from Henrik Ibsen's play A Doll House, was a model for liberal-thinking Chinese women during the May Fourth Era of the 1920s and 1930s. Nora-like figures appeared often in modern Chinese literature to illustrate the issue of women's emancipation. Casting Off the Shackles of Family explores the reception and transformation of the Nora theme in the works of Lu Hsün, Mao Tun, Ting Ling, and other May Fourth writers. In particular, it uses female heroic journey theories to trace women's pursuit of independence and freedom in modern China.
