Heart-Shaped Box LP Joe Hill, 2007-05-01 Judas Coyne is a collector of the macabre: a cookbook for cannibals . . . a used hangman's noose . . . a snuff film. An aging death-metal rock god, his taste for the unnatural is as widely known to his legions of fans as the notorious excesses of his youth. But nothing he possesses is as unlikely or as dreadful as his latest purchase, an item he discovered on the Internet: I will sell my stepfather's ghost to the highest bidder . . . For a thousand dollars, Jude has become the owner of a dead man's suit, said to be haunted by a restless spirit. But what UPS delivers to his door in a black heart-shaped box is no metaphorical ghost, no benign conversation piece. Suddenly the suit's previous owner is everywhere: behind the bedroom door . . . seated in Jude's restored Mustang . . . staring out from his widescreen TV. Waiting—with a gleaming razor blade on a chain dangling from one hand . . .

Heart-shaped Box April Henry, 2001 Claire Montrose goes to her twenty-year high school class reunion. Soon, a former classmate is strangled while holding a heart-shaped box with her yearbook photo inside, the same mysterious gift Claire and five other women have received.

Heart-Shaped Box April Henry, 2002 Amateur sleuth Claire Montrose gets more than she bargained for when she attends her twenty-year high-school reunion and a secret admirer sends her a heart-shaped box marked with death, and she must uncover an elusive killer. Reprint.

My Box-Shaped Heart Rachael Lucas, 2019-08-20 Rachel Lucas's *My Box-Shaped Heart* is a powerful YA novel about an unlikely friendship between two struggling teens—and how they come together to help one another. Holly's mom is a hoarder, and Holly is fed up with being picked on at school for being weird . . . and having the wrong clothes . . . and sticking out. All she wants is to fit in. She loves swimming, because in the water everyone is the same. Ed goes to the swimming pool because everything else in

his life has changed. In his old life, he had money, was on the swim team, knew who he was and what he wanted. In his old life, his dad hit his mom. Holly is swimming in one direction and Ed's swimming in the other. As their worlds collide they find a window into each other's lives—and learn how to meet in the middle.

From a Heart-Shaped Box Keira Lane, Autumn Curtis, W. H. Ringer, 2021-11-07 From the fractured soul of author Keira Lane, who helped bring *The East Wind: A Horror & Weird Fiction Collection* to life, comes a new anthology straight from her heart. Though the stories within *From A Heart-Shaped Box* are works of fiction, Keira Lane draws upon her own experiences to share glimpses of her heart and soul. She captures raw sentiment and shares it with the reader to let them know that while life experiences differ, emotions don't, and we are truly never alone.

Imogene is young and beautiful. She kisses like a movie star and knows everything about every film ever made. She's also dead and waiting in the Rosebud Theater for Alec Sheldon one afternoon in 1945. . . . Arthur Roth is a lonely kid with big ideas and a gift for attracting abuse. It isn't easy to make friends when you're the only inflatable boy in town. . . . Francis is unhappy. Francis was human once, but that was then. Now he's an eight-foot-tall locust and everyone in Calliphora will tremble when they hear him sing. . . . John Finney is locked in a basement that's stained with the blood of half a dozen other murdered children. In the cellar with him is an antique telephone, long since disconnected, but which rings at night with calls from the dead. . .

The Best Laid Plans Cameron Lund,2021-02-02 High school senior Keely Collins takes on firsts, lasts, and everything in between in this sweet, sex-positive rom-com for fans of Meg Cabot and Jenny Han. It seemed like a good plan at first. When the only other virgin in her group of friends loses it at Keely's own eighteenth birthday party, she's inspired to take things into her

own hands. She wants to have that experience too (well, not exactly like that--but with someone she trusts and actually likes), so she's going to need to find the guy, and fast. Problem is, she's known all the boys in her small high school forever, and it's kinda hard to be into a guy when you watched him eat crayons in kindergarten. So she can't believe her luck when she meets a ridiculously hot new guy named Dean. Not only does he look like he's fallen out of a classic movie poster, but he drives a motorcycle, flirts with ease, and might actually be into her. But Dean's already in college, and Keely is convinced he'll drop her if he finds out how inexperienced she is. That's when she talks herself into a new plan: her lifelong best friend, Andrew, would never hurt or betray her, and he's clearly been with enough girls that he can show her the ropes before she goes all the way with Dean. Of course, the plan only works if Andrew and Keely stay friends--just friends--so things are about to get complicated. Cameron Lund's delightful debut is a hilarious and heartfelt story of first loves, first friends, and first times--and how making them your own is all that really matters.

Horns LP Joe Hill, 2010-02-16 Ignatius Perrish spent the night drunk and doing terrible things. He awoke the next morning with a thunderous hangover, a raging headache . . . and two horns growing from his temples.

The World in a Box Anke te Heesen, 2002-05 This is a book about a box that contained the world. The box was the Picture Academy for the Young, a popular encyclopedia in pictures invented by preacher-turned-publisher Johann Siegmund Stoy in eighteenth-century Germany. Children were expected to cut out the pictures from the Academy, glue them onto cards, and arrange those cards in ordered compartments—the whole world filed in a box of images. As Anke te Heesen demonstrates, Stoy and his world in a box epitomized the Enlightenment concern with the creation and maintenance of an appropriate moral, intellectual, and social order. The box, and its images from nature, myth, and biblical history, were intended to teach children how to collect, store, and order knowledge. te Heesen compares the Academy with other aspects of Enlightenment material culture, such as commercial warehouses and natural history cabinets, to show how the kinds of collecting and ordering practices taught by the Academy shaped both the developing middle class in Germany and Enlightenment thought. *The World in a Box*, illustrated with a multitude of images of and from Stoy's Academy, offers a glimpse into a time when it was believed that knowledge could be contained and controlled.

The Fireman Joe Hill, 2016-05-17 From the award-winning, New York Times bestselling author of *NOS4A2* and *Heart-Shaped Box* comes a chilling novel about a worldwide pandemic of spontaneous combustion that threatens to reduce civilization to ashes and a band of improbable heroes who battle to save it, led by one powerful and enigmatic man known as the Fireman. The

fireman is coming. Stay cool. No one knows exactly when it began or where it originated. A terrifying new plague is spreading like wildfire across the country, striking cities one by one: Boston, Detroit, Seattle. The doctors call it *Draco Incendia Trychophyton*. To everyone else it's Dragonscale, a highly contagious, deadly spore that marks its hosts with beautiful black and gold marks across their bodies—before causing them to burst into flames. Millions are infected; blazes erupt everywhere. There is no antidote. No one is safe. Harper Grayson, a compassionate, dedicated nurse as pragmatic as Mary Poppins, treated hundreds of infected patients before her hospital burned to the ground. Now she's discovered the telltale gold-flecked marks on her skin. When the outbreak first began, she and her husband, Jakob, had made a pact: they would take matters into their own hands if they became infected. To Jakob's dismay, Harper wants to live—at least until the fetus she is carrying comes to term. At the hospital, she witnessed infected mothers give birth to healthy babies and believes hers will be fine too. . . if she can live long enough to deliver the child. Convinced that his do-gooding wife has made him sick, Jakob becomes unhinged, and eventually abandons her as their placid New England community collapses in terror. The chaos gives rise to ruthless Cremation Squads—armed, self-appointed posses roaming the streets and woods to exterminate those who they believe carry the spore. But Harper isn't as alone as she fears: a mysterious and compelling stranger she briefly met at the hospital, a man in a dirty yellow fire fighter's jacket, carrying a hooked iron bar, straddles the abyss between insanity and death. Known as The Fireman, he strolls the ruins of New Hampshire, a madman afflicted with Dragonscale who has learned to control the fire within himself, using it as a shield to protect the hunted . . . and as a weapon to avenge the wronged. In the desperate season to come, as the world burns out of control, Harper must learn the Fireman's secrets before her life—and that of her unborn child—goes up in smoke.

Life is already strange enough for Patrick—being a medical student with Asperger's Syndrome doesn't come without its challenges. And that's before he is faced with solving a possible murder, especially when no one believes a crime has even taken place. Now he must stay out of danger long enough to unravel the mystery. But as Patrick learns one truth from a dead man, he discovers there have been many other lies closer to home. "A murder mystery with more twists and turns than a rollercoaster." —Bustle
