My Promised Land Ari Shavit, 2013-11-19 NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE ECONOMIST Winner of the Natan Book Award, the National Jewish Book Award, and the Anisfield-Wolf Book Award An authoritative and deeply personal narrative history of the State of Israel, by one of the most influential journalists writing about the Middle East today Not since Thomas L. Friedman's groundbreaking *From Beirut to Jerusalem* has a book captured the essence and the beating heart of the Middle East as keenly and dynamically as *My Promised Land*. Facing unprecedented internal and external pressures, Israel today is at a moment of existential crisis. Ari Shavit draws on interviews, historical documents, private diaries, and letters, as well as his own family's story, illuminating the pivotal moments of the Zionist century to tell a riveting narrative that is larger than the sum of its parts: both personal and national, both deeply human and of profound historical dimension. We meet Shavit's great-grandfather, a British Zionist who in 1897 visited the Holy Land on a Thomas Cook tour and understood that it was the way of the future for his people; the idealist young farmer who bought land from his Arab neighbor in the 1920s to grow the Jaffa oranges that would create Palestine's booming economy; the visionary youth group leader who, in the 1940s, transformed Masada from the neglected ruins of an extremist sect into a powerful symbol for Zionism; the Palestinian who as a young man in 1948 was driven with his family from his home during the expulsion from Lydda; the immigrant orphans of Europe's Holocaust, who took on menial work and focused on raising their children to become the leaders of the new state; the pragmatic engineer who was instrumental in developing Israel's nuclear program in the 1960s, in the only interview he ever gave; the zealous religious Zionists who started the settler movement in the 1970s; the dot-com entrepreneurs and young men and women behind Tel-Aviv's booming club scene; and today's architects of Israel's foreign policy with Iran, whose nuclear threat looms ominously over the tiny country. As it examines the complexities and contradictions of the Israeli condition, *My Promised Land* asks difficult but important questions: Why did Israel come to be? How did it come to be? Can Israel survive? Culminating with an analysis of the issues and threats that Israel is currently facing, *My Promised Land* uses the defining events of the past to shed new light on the present. The result is a landmark portrait of a small, vibrant country living on the edge, whose identity and presence play a crucial role in today's global political landscape. Praise for *My Promised Land* "This book will sweep you up in its narrative force and not let go of you until it is done. [Shavit's] accomplishment is so unlikely, so total . . . that it makes you believe anything is possible, even, God help us, peace in the Middle East."—Simon Schama, *Financial Times* "[A] must-read book."—Thomas L. Friedman, *The New York Times* "Important and powerful . . . the least tendentious book about Israel I have ever read."—Leon Wieseltier, *The New York Times Book Review* "Spellbinding . . . Shavit's prophetic voice carries lessons that all sides need to hear."—*The Economist* "One of the most nuanced and challenging books written on Israel in years."—*The Wall Street Journal*

My Promised Land Ari Shavit, 2015-02-03 NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE ECONOMIST Winner of the Natan Book Award, the National Jewish Book Award, and the Anisfield-Wolf Book Award An authoritative and deeply personal narrative history of the State of Israel, by one of the most influential journalists writing about the Middle East today Not since Thomas L. The New Hebrew Nation Jacob Shavit, 1987 First Published in 1987. Routledge is an imprint of Taylor & Francis, an informa company.

Head of the Mossad Shabtai Shavit, 2020-09-30 Shabtai Shavit, director of the Mossad from 1989 to 1996, is one of the most influential leaders to shape the recent history of the State of Israel. In this exciting and engaging book, Shavit combines memoir with sober reflection to reveal what happened during the seven years he led what is widely recognized today as one of the most powerful and proficient intelligence agencies in the world. Shavit provides an inside account of his intelligence and geostrategic philosophy, the operations he directed, and anecdotes about his family, colleagues, and time spent in, among other places, the United States as a graduate student and at the CIA. Shavit's tenure occurred during many crucial junctures in the history of the Middle East, including the collapse of the Soviet Union and the end of the Cold War era; the first Gulf War and Prime Minister Yitzhak Shamir's navigation of the state and the Israeli Defense Forces (IDF) during the conflict; the peace agreement with Jordan, in which the Mossad played a central role; and the assassination of Prime Minister Yitzhak Rabin. Shavit offers a broad sweep of the integral importance of intelligence in these historical settings and reflects on the role that intelligence can and should play in Israel's future against Islamist terrorism and Iran's eschatological vision. *Head of the Mossad* is a compelling guide to the reach of and limits facing intelligence practitioners, government officials, and activists throughout Israel and the Middle East. This is an essential book for everyone who cares for Israel's security and future, and everyone who is interested in intelligence gathering and covert action.

Old Wine, Broken Bottle Norman G. Finkelstein, 2014-04-24 *My Promised Land* by Haaretz journalist Ari Shavit has been one of the most widely discussed and lavishly praised books about Israel in recent years. It has garnered encomiums from a broad spectrum of influential voices, including Thomas Friedman, David Remnick, Jonathan Freedland, Jeffrey Goldberg, Franklin Foer, and Dwight Garner. Were he not already inured to the logrolling that passes for informed opinion on this topic, Norman Finkelstein might have been surprised, astonished even. That's because, as he reveals with typical precision, *My Promised Land* is riddled with omission, distortion, falsehood, and sheer nonsense. In brief chapters that analyze Shavit's defense of Zionism and Israel's Jewish identity, its nuclear arsenal and its refusal to negotiate peace, Finkelstein shows how highly selective criticism and sanctimonious handwringing are deployed to create a paean to modern Israel more sophisticated than the traditional our-country-right-or-wrong. In this way, Shavit hopes to win back an American Jewish community increasingly alienated from a place it once regarded as home. However, because the myths he recycles have been so comprehensively shattered, this project is unlikely to succeed. Like his landmark debunking of Joan Peters's *From Time Immemorial*, Finkelstein's clinical dissection of *My Promised Land* will be welcomed by those who prefer truth to propaganda, and who yearn for a resolution of the Israel-Palestine conflict based on justice, rather than arguments framed by anguish and schmaltz.

Summary of Ari Shavit's My Promised Land Everest Media, 2022-06-11T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The need to give Palestine to the Jews is almost tangible. If the Jews won't disembark here, they will have no future.

The Jewish people desperately need a new place, a new beginning, and a new mode of existence. #2 My great-grandfather, Herbert Bentwich, was a leading figure in the Anglo-Jewish community. He was married to a beautiful, artistic wife who was raising nine children in their magisterial Avenue Road home. He was a self-made man who loved travel, poetry, and theater. #3 The second answer is that Herbert Bentwich was way ahead of his time. He was committed to ending Jewish misery in the East, but his main reason for taking this journey was to escape the futility of Jewish life in the West. He saw the calamity that would follow the Holocaust. #4 The British Isles were a temporary respite for the Bentwich delegation, but not for the Anglo-Jewish community. The demography of the British Isles tells a clear story: In the second half of the twentieth century, which Herbert Bentwich will not live to see, the Anglo-Jewish community will shrink by a third.

The Art of Multiprocessor Programming, Revised Reprint Maurice Herlihy, Nir Shavit, 2012-06-25 Revised and updated with improvements conceived in parallel programming courses, The Art of Multiprocessor Programming is an authoritative guide to multicore programming. It introduces a higher level set of software development skills than that needed for efficient single-core programming. This book provides comprehensive coverage of the new principles, algorithms, and tools necessary for effective multiprocessor programming. Students and professionals alike will benefit from thorough coverage of key multiprocessor programming issues. This revised edition incorporates much-demanded updates throughout the book, based on feedback and corrections reported from classrooms since 2008 Learn the fundamentals of programming multiple threads accessing shared memory Explore mainstream concurrent data structures and the key elements of their design, as well as synchronization techniques from simple locks to transactional memory systems Visit the companion site and download source code, example Java programs, and materials to support and enhance the learning experience

Poetics of Children's Literature Zohar Shavit, 2009-11-01 Since its emergence in the seventeenth century as a distinctive cultural system, children's literature has had a culturally inferior status resulting from its existence in a netherworld between the literary system and the educational system. In addition to its official readership—children—it has to be approved of by adults. Writers for children, explains Zohar Shavit, are constrained to respond to these multiple systems of often mutually contradictory demands. Most writers do not try to bypass these constraints, but accept them as a framework for their work. In the most extreme cases an author may ignore one segment of the readership. If the adult reader is ignored, the writer risks rejection, as is the case of popular literature. If the writer utilizes the child as a pseudo addressee in order to appeal to an adult audience, the result can be what Shavit terms an ambivalent work. Shavit analyzes the conventions and the moral aims that have structured children's literature, from the fairy tales collected and reworked by Charles Perrault and the Brothers Grimm—in particular, “Little Red Riding Hood”—through the complex manipulations of Lewis Carroll in Alice's Adventures in Wonderland, to the subversion of the genre's canonical requirements in the chapbooks of the eighteenth century, and in the formulaic Nancy Drew books of the twentieth century. Throughout her study Shavit, explores not only how society has shaped children's literature, but also how society has been reflected in the literary works it produces for its children.

The Road to September 1939 Jehuda Reinharz, Yaacov Shavit, 2018-01-02 In European and Holocaust historiography, it is generally believed that neither the Zionist movement nor the Yishuv, acting primarily out of self-interest, energetically attempted to help European Jews escape the Nazi threat. Drawing on the memoirs, letters, and institutional reports of Chaim Weizmann, Zeev Jabotinsky, David Ben-Gurion, and many others, this volume sheds new light on a troubled period in Jewish history. Reinharz and Shavit trace Jewish responses to developments in Eastern and Central Europe to show that - contrary to recent scholarship and popular belief - Zionists in the Yishuv worked tirelessly on the international stage on behalf of their coreligionists in Europe. Focusing particularly on Poland, while explicating conditions in Germany and Czechoslovakia as well, the authors examine the complicated political issues that arose not just among Jews themselves, but also within national governments in Britain, Europe, and America. Piercing to the heart of conversations about how or whether to save Jews in an increasingly hostile Europe, this volume provides a nuanced and thoughtful assessment of what could and could not be achieved in the years just prior to World War II and the Holocaust.

Radome Electromagnetic Theory and Design Reuven Shavit, 2018-04-09 em style=mso-bidi-font-style: normal; Radome Electromagnetic Theory and Design explores the theoretical tools and methods required to design radomes that are fully transparent to the electromagnetic energy transmitted or received by the enclosed antenna. A radome is a weatherproof and camouflaged enclosure that protects the enclosed radar or communication antenna, and are typically used on a fixed or moving platform such as an aircraft, ship or missile. The author — a noted expert in the field — examines the theoretical methods that apply to all type of radomes: planar, conformal, airborne and ground based. The text offers a description of the various measurement methods that characterise the electrical parameters of a radome, and discusses their merits in terms of accuracy. This groundbreaking book brings together in one volume all the necessary theoretical tools to design radomes

A Past Without Shadow Zohar Shavit, 2005-02-22 In this controversial study of postwar German's children's books, Zohar Shavit reveals a troubling perspective on the German understanding of the Holocaust.

History in Black Yaacov Shavit, 2013-11-12 The development of Afrocentric historical writing is explored in this study which traces this recording of history from the Hellenistic-Roman period to the 19th century. Afrocentric writers are depicted as searching for the unique primary source of culture from one period to the next. Such passing on of cultural traits from the ancient model from the classical period to the origin of culture in Egypt and Africa is shown as being a product purely of creative history.

The United States in Asia David Shavit, 1990-11-30 Shavit's historical dictionary addresses the critical need in academic libraries for reference sources that provide undergraduate and beginning graduate students of American foreign policy with introductory information on the persons, events, and institutions that have influenced US relations with other nations. . . . a useful dictionary. Choice Contact between the United States and Asia began in the 17th century when several Americans went to India as employees of the East India company. A myriad of sea captains and merchants, missionaries, consuls and diplomats, travelers, journalists, businessmen, engineers, naturalists, educators, and authors and artists followed, establishing a gamut of relationships between the United States and Asia. This volume provides, in alphabetical format, information about those individuals, institutions, and events that most affected the relationships between the United States and Asia. The dictionary focuses on individuals who contributed in a significant way to U.S.-Asian relations, especially those who left a written record of their experiences. The book covers all countries of Asia, except those of the Middle East, which are in a separate volume by Shavit. Shavit has succeeded in making the information highly accessible as well as comprehensive. The front matter includes a list of abbreviations, place names, and a chronology. A short introduction then leads into the dictionary itself. References at the end of each entry note whether the subject is covered in general biographical dictionaries and list books and articles on the subject. A system of asterisks cross-references people, events, and institutions that have their own entries in the dictionary. Two appendixes--a list of the chiefs of American diplomatic missions to Asia from 1843 to 1989, and a list of individuals organized by profession and occupation--are added handy reference materials. A bibliographical essay and index complete the book. This impressive new historical dictionary is a useful reference guide for any student of American relations with Asia.

Thermodynamics Arthur Shavit, Chaim Gutfinger, 2008-12-09 There are many thermodynamics texts on the market, yet most provide a presentation that is at a level too high for those new to the field. This second edition of Thermodynamics continues to provide an accessible introduction to thermodynamics, which maintains an appropriate rigor to prepare newcomers for subsequent, more advanced topics. The book presents a logical methodology for solving problems in the context of conservation laws and property tables or equations. The authors elucidate the terms around which thermodynamics has historically developed, such as work, heat, temperature, energy, and entropy. Using a pedagogical approach that builds from basic principles to laws and eventually corollaries of the laws, the text enables students to think in clear and correct thermodynamic terms as well as solve real engineering problems. For those just beginning their studies in the field, Thermodynamics, Second Edition provides the core fundamentals in a rigorous, accurate, and accessible presentation.

The Everyday Torah Bradley Shavit Artson, 2008-07-27 “Like any classic, the Torah appears in different guises with each rereading. Its infinite layers of meaning and depth offer the opportunity to harvest anew, without any fear of exhausting its supply of wisdom, counsel, and kedushah

(holiness). To encounter Torah is to encounter God.” --from the Introduction In this inspiring collection, Rabbi Bradley Shavit Artson illuminates the sacred text at the heart of Jewish spirituality. Enlightening and original, The Everyday Torah brings the ancient text to life with poignant reflections that will guide to you to a deeper understanding of the Torah, of Judaism, of yourself. Torah goes its weekly way, and we go ours, and do the two paths ever cross? They cross often in many minds and hearts, but when it is Bradley Shavit Artson who provides their point of intersection, the crossroads widens into a town square. --Jack Miles, author of God: A Biography Every page is a joy to read. Many, many readers will treasure this book. --Richard Elliott Friedman, author of Commentary on the Torah and Who Wrote the Bible? Rabbi Bradley Artson remains one of the most inviting of modern day teachers of Torah. This book will offer needed guidance and inspiration to all who turn its pages. --Rabbi David Ellenson, Ph.D., president of the Hebrew Union College-Jewish Institute of Religion

The Place of the Mediterranean in Modern Israeli Identity Alexandra Nocke,2009-03-25 This book offers new perspectives on Israel’s evolving Mediterranean identity, which centers around the longing to find a natural place in the region. It explores Mediterraneanism as reflected in popular music, literature, architecture, and daily life, and analyzes ways in which the notion comprises cultural identity and polical realities.

The Muslim Brotherhood Joas Wagemakers,2022-06-24 The Muslim Brotherhood is often represented in mainstream media as a theocratic organisation that preaches Qur'an-based violence and is out to grab power in the West. As this book shows, such representations are wrought with prejudice and oversimplification; the organisation is in reality much more dynamic and diverse. Its goals, ideology and influence have never been static and vary greatly amongst its descendants in both Europe and the Middle East. Joas Wagemakers introduces the reader to this fascinating organisation and the major ideological and historical developments that it has gone through since its emergence in 1928.

Passing Life's Tests Bradley Shavit Artson,2013 Among stories so terrible they rend our hearts, so profound they touch the depths of our souls and so exalted they reach to heaven, none is more poignant than the Bible story of Abraham's sacrifice of his son, Isaac. A story revered by Jews, Christians and Muslims and turned over and over by great secular thinkers searching for meaning, this gripping tale shocks us into complete attention, then takes us - in nineteen short verses - on a roller coaster ride of emotion, challenge, and hope.

Stratification in Higher Education Yossi Shavit,2007-06-13 The mass expansion of higher education is one of the most important social transformations of the second half of the twentieth century. In this book, scholars from 15 countries, representing Western and Eastern Europe, East Asia, Israel, Australia, and the United States, assess the links between this expansion and inequality in the national context. Contrary to most expectations, the authors show that as access to higher education expands, all social classes benefit. Neither greater diversification nor privatization in higher education results in greater inequality. In some cases, especially where the most advantaged already have significant access to higher education, opportunities increase most for persons from disadvantaged origins. Also, during the late twentieth century, opportunities for women increased faster than those for men. Offering a new spin on conventional wisdom, this book shows how all social classes benefit from the expansion of higher education.

Dust & Grooves Eilon Paz,2015-09-15 A photographic look into the world of vinyl record collectors—including Questlove—in the most intimate of environments—their record rooms. Compelling photographic essays from photographer Eilon Paz are paired with in-depth and insightful interviews to illustrate what motivates these collectors to keep digging for more records. The reader gets an up close and personal look at a variety of well-known vinyl champions, including Gilles Peterson and King Britt, as well as a glimpse into the collections of known and unknown DJs, producers, record dealers, and everyday enthusiasts. Driven by his love for vinyl records, Paz takes us on a five-year journey unearthing the very soul of the vinyl community.

Immerse yourself in the artistry of words with is expressive creation, **Shavit** . This ebook, presented in a PDF format (*), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge. Download now to let the beauty of literature and artistry envelop your mind in a unique and expressive way.

Shavit Introduction

In the digital age, access to information has become easier than ever before. The ability to download Shavit has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Shavit has opened up a world of possibilities. Downloading Shavit provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading

Shavit has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Shavit. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Shavit. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Shavit, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Shavit has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Shavit Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Shavit is one of the best book in our library for free trial. We provide copy of Shavit in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Shavit. Where to download Shavit online for free? Are you looking for Shavit PDF? This is definitely going to save you time and cash in something you should think about.
