Understanding Tourism Mobilities in Japan Hideki Endo,2020-10-08 The total number of foreign tourists received in countries throughout the world was 530 million in 1995. That number broke through the 1 billion mark for the first time in 2012, at 1,035,000,000. In 2015, it reached 1,180,000,000. According to Anthony Elliott and John Urry, modern society has been characterized as being mobile, and within that we are also living mobile lives. In modern society, flows of people, things, capital, information, ideas and technologies are constantly occurring, and as they are merging like a violently rushing stream, what could be termed a landscape of mobilities has appeared. Social realities are in flux and are transforming to become different than they were before. This volume will expand the inquiry of tourism mobilities comprehensively and clearly from the fields of humanities and social sciences. In particular, tourism mobilities has been actively investigated up to now in the UK, US, Europe and Australia, but even though the Japanese body of literature contains a great many excellent studies of Japanese examples, there are almost no English-language articles

as a decorating trend and social media phenomenon. What started as a label for beautiful bookshelves is now applied to artfully stylish arrangements of collectables, flowers, photos, crafting ephemera, perfume bottles - and of course books. And shelfies don't just appear on shelves but also on tabletops, fireplaces and desks. At a time when we own six times more objects than our parents did, and move house more often, decluttering, and then curating our possessions stylishly, is an important way of having a dedicated space that is a 'little bit of us', injecting stylish personality into the home and workplace. In the first book on the subject, Martha Roberts explores the art of creating great shelfies, explaining color, scale and composition then showing inspiring shelfies in every room in the house, from the kitchen to the bedroom, the home office to a hallway, allowing you to declutter your surroundings without throwing away the things you love in the ultimate form of self-expression. The book's photographer, Nick Pope, took the photographs for *At Home with Plants*, also published by Mitchell Beazley.
