Features an audio read-along. I have dreams about those shoes. Black high-tops. Two white stripes. All Jeremy wants is a pair of those shoes, the ones everyone at school seems to be wearing. But Jeremy's grandma tells him they don't have room for want, just need, and what Jeremy needs are new boots for winter. When Jeremy's shoes fall apart at school, and the guidance counselor gives him a hand-me-down pair, the boy is more determined than ever to have those shoes, even a thrift-shop pair that are much too small. But sore feet aren't much fun, and Jeremy comes to realize that the things he has -- warm boots, a loving grandma, and the chance to help a friend -- are worth more than the things he wants.

**Sneaker Century** Amber J. Keyser,2017-01-01 Whether you call them kicks or sneakers, runners or gutties, you probably have a pair of athletic shoes in your closet. The earliest sneakers debuted in the 1800s and weren't much more than a canvas upper and a flexible sole made of a crazy new materialrubber. The stuff might have been new to Americans then, but for thousands of years, the indigenous peoples of the Amazon Basin of South America had been using latex made from the milky sap of hevea trees to protect their feet from rocks, sticks, and biting insects. Once Charles Goodyear figured out how to make the stuff more durable, sneakers were here to stay. Early sneakers were initially designed for elite athletes, but kids and teens quickly adopted them. Some of the first brands included Converse, Brooks, and Saucony.

German companies Adidas and Puma started up during World War II. The Nike shoe debuted in the 1970s (with a bit of inspiration from a waffle iron). As fitness crazes took off in the 1980s, people all over the world started buying the shoes for workouts and everyday wear. At about the same time, companies began hiring high-profile athletes and pop stars for big-dollar endorsements, and shoe sales soared into the stratosphere to the tune of billions of dollars each year. In Sneaker Century, follow sneaker fashions and the larger-than-life personalities behind the best known athletic shoe brands in history. Learn how teen sneakerheads became important style makers and drove the success of NIKE, Inc., and other shoe companies. Look behind the scenes at the labor-intensive process of manufacturing sneakers. Explore the sneaker frontier of the futurerecycled shoes, earth-friendly initiatives, and high-fashion statements. Get ready to speed through the Sneaker Century!

New Shoes Susan Lynn Meyer,2015-01-23 Ella Mae is used to wearing her cousin's hand-me-down shoes—but when her latest pair is already too tight, she's thrilled at the chance to get new shoes. But at the shoe store, Ella Mae and her mother have to wait until there are no white customers to serve first. She doesn't get to try anything on, either—her mother traces her feet onto a sheet of paper, and the salesman brings them a pair he thinks will fit. Disappointed by her treatment, Ella Mae and her cousin Charlotte hatch a plan to help others in their community find better-fitting shoes without humiliation. Eric Velasquez' realistic oil paintings bring life to this story of a young girl's determination in the face of injustice. The book includes an author's note from Susan Lynn Meyer, discussing the historical context of the story and how the Civil Rights Movement worked to abolish unfair laws like the ones Ella Mae encounters. A 2016 NAACP Image Award Nominee, and a Jane Addams Children's Book Award winner.

*The Silver Shoes* Jill G. Hall,2018-06-19 In her second novel, Jill G. Hall, author of *The Black Velvet Coat*, brings readers another dual tale of two dynamic women from two very different eras searching for fulfillment. San Francisco artist Anne McFarland has been distracted by a cross-country romance with sexy Sergio and has veered from her creative path. While visiting him in New York, she buys a pair of rhinestone shoes in an antique shop that spark her imagination and lead her on a quest to learn more about the shoes’ original owner. Almost ninety years earlier, Clair Deveraux, a sheltered 1929 New York debutante, tries to reside within the bounds of polite society and please her father. But when she meets Winnie, a carefree Macy’s shop girl, Clair is lured into the steamy side of Manhattan—a place filled with speakeasies, flappers, and the beat of “that devil music”—and her true desires explode wide open. Secrets and lies heap up until her father loses everything in the stock market crash and Clair becomes entangled in the burlesque world in an effort to save her family and herself. Ultimately, both Anne and Clair—two very different women living in very different eras—attain true fulfillment . . . with some help from their silver shoes.
