Rebecca intends to continue writing, self-publishing her own works and illustrating many more children's books in the

future. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

Naming Your Little Geek Scott Rubin, 2020-08-04 The ultimate book of baby names for comic book nerds, sci-fi fans and more—with the meanings and stories behind more than 1,000 names! Having trouble finding a baby name that celebrates your favorite fandom? Whether you want your child's name to stand out in a crowd or fit in on the playground, *Naming Your Little Geek* is here to save the day! This ultimate guidebook is complete with every name a geek could want to give their baby—from Anakin and Frodo to Indiana and Clark; and from Gwen and Wanda to Buffy and Xena—plus their meanings, and a list of all the legends who have borne them. *Naming Your Little Geek* covers everything from comic book superheroes to role-playing game icons, Starfleet officers to sword and sorcery legends with characters who have appeared on film and TV, in novels and comic books, on the tabletop, and beyond. With nearly 1,100 names referencing more than 4,400 characters from over 1,800 unique sources, it's the perfect resource for parents naming a child or anyone looking for a super cool and meaningful new name.

Comic Book Movies - Virgin Film David Hughes, 2012-10-31 The superheroes are back! Since the 1970s, the film world has found inspiration in comic books and graphic novels. These days no summer is complete without a major blockbuster movie based on a comic: Superman, Batman, Spider-Man, X-Men, Men in Black, Daredevil, and The Hulk. Modern special effects have made large-scale superhero epics possible, but the diversity of the comics being published has made for a wide variety of subjects, as evidenced by Ghost World, From Hell, Akira and Road to Perdition. This book looks in detail at twenty key titles, covering every step of the development from comic book panel to feature film frame. Includes interviews with key creative artists about the evolution of the films from the original comics, and speculates about future films.

Intelligent Human Systems Integration 2023 Tareq Ahram, Waldemar Karwowski, Pepetto Di Bucchianico, Redha Taiar, Luca Casarotto and Pietro Costa, 2023-02-22 Proceedings of the 6th International Conference on Intelligent Human Systems Integration (IHSI 2023): Integrating People and Intelligent Systems, February 22–24, 2023, Venice, Italy

Child and Youth Agency in Science Fiction Ingrid E. Castro, Jessica Clark, 2019-10-15 This collection merges representations of children and youth in various science fiction texts with childhood studies theories and debates. Set in the past, present, and future, science fiction landscapes and technologies sometimes constrain, but often expand, agentic expression, movement, and collaboration.

Loving the Machine Timothy N. Hornyak, 2006-05-25 While the US sponsors robot-on-robot destruction contests, Japan's feature tasks that mimic non-violent human activities. Why is this? What accounts for Japan's unique relationship with robots as potential colleagues in life, rather than potential adversaries? This book answers this query by looking at Japan's historical connections with robots. Japan stands out for its long love affair with robots, a phenomenon that is creating what will likely be the world's first mass robot culture. While US companies have created robot vacuum cleaners and war machines, Japan has

Boy Culture [2 volumes] Shirley R. Steinberg, Michael Kehler, Lindsay Cornish, 2010-06-17 In this two-volume set, a series of expert contributors look at what it means to be a boy growing up in North

America, with entries covering everything from toys and games, friends and family, and psychological and social development. *Boy Culture: An Encyclopedia* spans the breadth of the country and the full scope of a pivotal growing-up time to show what a boy's life is really like today. With hundreds of entries across two volumes, it offers a series of vivid snapshots of boys of all kinds and ages at home, school, and at play; interacting with family or knocking around with friends, or pursuing interests alone as they begin their journey to adulthood. *Boy Culture* shows an uncanny understanding of just how exciting, confusing, and difficult the years between childhood and young adulthood can be. The toys, games, clothes, music, sports, and feelings—they are all a part of this remarkable resource. But most important is the book's focus on the things that shape boyhood identities—the rituals of masculinity among friends, the enduring conflict between fitting in and standing out, the effects of pop culture images, and the influence of role models from parents and teachers to athletes and entertainers to fictional characters.

The Impact of Akira Rémi Lopez, 2020-09-02 Discover Katsuhiro Otomo's visionary work and post-

Akira Japanese comic culture. The catalyst of an era, of a world that was unaware of its downfall, Katsuhiro Otomo's visionary work marked a turning point in the industry. First, in his homeland, Japan, in terms of graphics and plot on an entire generation of post-Akira artists who adopted his attention to detail, his realism and his dizzying views. But above all with his international reach, which threw Japanese comic strips and animations into the limelight in numerous countries, by trampling the rest of the world's notion that cartoons are exclusively for children. This book dives headfirst into the radioactive culture that is the creative power of Katsuhiro Otomo, from the mangaka's— already explosive—beginnings, up to winning recognition for Akira. Discover the themes and influences of this fundamentally anti-establishment work by exploring its socio-economic or simply literary aspects. The author of the work analyzes the phenomenon, from its tiny seed to the mighty tree, and reveals why Akira is, above all, a purely Japanese series. This book will provide you with an analysis of the socio-historical context of Akira. It aims to help Western readers to better understand the essence of this graphic and narrative treasure. ABOUT THE AUTHOR Rémi Lopez graduated with a degree in

Japanese from Bordeaux III University. In 2004, he cut his teeth as an author when he wrote website columns on video game soundtracks. Two years later, he joined the Gameplay RPG magazine in which he carried out the same task. He then followed the then editor-in-chief, Christophe Brondy, and his entire team to a new project: the monthly Role Playing Game magazine. Rémi wrote The Legend of Final Fantasy VIII and the book on the Original Soundtrack for Pix'n Love publications in 2013.

The Toho Studios Story Stuart Galbraith, IV, 2008-05-16 Since its inception in 1933, Toho Co., Ltd., Japan's most famous movie production company and distributor, has produced and/or distributed some of the most notable films ever to come out of Asia, including Seven Samurai, Godzilla, Ringu, and Spirited Away. The Toho Studios Story provides a complete picture of every Toho feature the Japanese studio produced and released.

Anime Classics Zettai! Brian Camp, Julie Davis, 2011-10-01 For anime connoisseurs, beginners, and the curious, the best of the best!

The Comics of Asaf Hanuka Matt Reingold, 2024-02-20 The Comics of Asaf Hanuka: Telling

Particular and Universal Stories tells the story of how cartoonist Asaf Hanuka illustrates both universal and particular narratives. Through close readings of Hanuka's entire catalogue of comics and graphic narratives, Hanuka's work is situated within the broader story of his own experiences of being an insider (as a Jew and Israeli) and an outsider (as a Mizrahi, or Judeo-Arab) in Israeli society. By moving chronologically through Hanuka's works, the book traces how Hanuka navigates these disparate particular identities alongside more universal concerns about how to be a present partner to his spouse and to his children.

The Science Fiction & Fantasy Quiz Book Joseph A. McCullough, 2015-09-20 A quiz book containing over 1,000 questions about the classics of science-fiction and fantasy drawn from all media. In J. R. R. Tolkien's *The Fellowship of the Ring*, what is the name of Tom Bombadil's wife? Which character does Scarlett Johansson play in the 2012 film *The Avengers*? Who is the protagonist of the video game *The Legend of Zelda*? Which barbarian hero carried a sword called "Graywand"? How well do you know the who, where, what, when and how of science fiction and fantasy? Do you dare

face the ultimate test of knowledge drawn from the greatest novels, movies, comic books, video games and televisions shows in the history of these genres? Complete with questions ranging from easy to mind-bogglingly hard and including true or false, multiple choice, short answer, and match-up sections, this fun-filled book is the perfect gift for all lovers of science fiction and fantasy.

The Rough Guide to Manga Jason S. Yadao, 2009-10-01 The Rough Guide to Manga is the ultimate handbook offering a comprehensive overview of one of the most fashionable genre's in today's popular culture. The guide features the manga story: from manga's twelfth-century roots to the rise of English-language manga with profiles of influential creators like Leiji Matsumoto and CLAMP as well as publishers to look out for. You'll find an overview of manga's unique styles, techniques and genres decoded as well as a canon of fifty must-read manga, including the iconic Astro Boy, global hits Fruits Basket and Battle Royale, plus less well-known works like Please Save My Earth. The Rough Guide to Manga demystifies unfamiliar terms and genres for newcomers whilst offering manga fans plenty of new recommendations including listings for manga magazines and websites along with a

glossary of terms. Crammed with illustrations, and including a section on the anime connection, this is must-have Manga for beginners and enthusiasts alike.

Japan Michelle Mackintosh, Steve Wide, 2022-10-04 There is something about Japan that works its way into every fibre of your being. No matter how many times you visit, you'll always uncover new experiences and life-altering adventures. Pack your bags and travel with us to a country rich in cultural history and full of fascinating contrasts, from the frantic pace of Tokyo and Osaka, to the wintry soul of Hokkaido in the north and the natural wonders of Kyushu in the south. Navigate the dynamic cities, walk the roads of old Japan in Kyoto, Nara, Kanazawa and Nikko, or go off-grid to smaller, far-flung towns, each with their own unique traditions, crafts, sights, food and art. Packed with cultural insights and stunning photography, this experiential and eclectic guide takes you on a deeper journey into Japan. Read up on history and local knowledge before you go, learn how to navigate the Shinkansen (bullet train), contemplate modern art and architecture, lose yourself in gardens, shrines and temples, and indulge in the best food tourism of your life. This tightly curated list of must-see places and

experiences is for people who want to get an up close and personal look at the real Japan. This is a specially formatted fixed-layout ebook that retains the look and feel of the print book.

Imagining Urban Futures Carl Abbott, 2016-09-13 Carl Abbott, who has taught urban studies and urban planning in five decades, brings together urban studies and literary studies to examine how fictional cities in work by authors as different as E. M. Forster, Isaac Asimov, Kim Stanley Robinson, and China Miéville might help us to envision an urban future that is viable and resilient. *Imagining Urban Futures* is a remarkable treatise on what is best and strongest in urban theory and practice today, as refracted and intensely imagined in science fiction. As the human population grows, we can envision an increasingly urban society. Shifting weather patterns, rising sea levels, reduced access to resources, and a host of other issues will radically impact urban environments, while technology holds out the dream of cities beyond Earth. Abbott delivers a compelling critical discussion of science fiction cities found in literary works, television programs, and films of many eras from *Metropolis* to *Blade Runner* and *Soylent Green* to *The Hunger Games*, among many others.

~~~~~ : ~~~~~ Cocoro Books,2003 The posters,

programs and flyers that launched a revolution in animated film! Anime, now 50 years old, is as much a part of Japanese culture as sushi and Sony.
