Jewel in the Ashes Brian D. Ruppert,2020-03-23
Focusing on the ninth to the fourteenth centuries, this study analyzes the ways in which relics functioned as material media for the interactions of Buddhist clerics, the imperial family, lay aristocrats, and warrior society and explores the multivocality of relics by dealing with specific historical examples. Brian Ruppert argues that relics offered means for reinforcing or subverting hierarchical relations. The author's critical literary and anthropological analyses attest to the prominence of relic veneration in government, in lay practice associated with the maintenance of the imperial line and warrior houses, and in the promotion of specific Buddhist sects in Japan.

gendered contingency of existence in crisis ordinary Cambodia. Provides an original book-length study which brings domestic violence and forced eviction into twin view Offers relational insights between different violences to build an integrated understanding of women's experiences of home life Mobilises the crisis ordinary as a critical pedagogy and imaginary through which to understand everyday gendered politics of survival Positions domestic violence and forced eviction as manifestations of intimate war against women's homes and bodies located inside and outside of the traditional purview of war Reaffirms and reprioritises the home as a political entity which is foundational to the concerns of human geography

Hun Sen's Cambodia Sebastian Strangio, 2014-11-28 To many in the West, the name Cambodia still conjures up indelible images of destruction and death, the legacy of the brutal Khmer Rouge regime and the terror it inflicted in its attempt to create a communist utopia in the 1970s. Sebastian Strangio, a journalist based in the capital city of Phnom Penh, now offers an eye-opening appraisal of modern-day Cambodia in the years following its emergence from bitter conflict and bloody upheaval. In the early 1990s, Cambodia became the focus of the UN's first great post-Cold War nation-building project, with billions in international aid rolling in to support the fledgling democracy. But since the UN-supervised elections in 1993, the nation has slipped steadily backward into neo-authoritarian rule under Prime Minister Hun Sen. Behind a mirage of democracy, ordinary people have few rights and corruption infuses virtually every facet of everyday life. In this lively and compelling study, the first of its kind, Strangio explores the present state of Cambodian society under Hun Sen's leadership, painting a vivid portrait of a

nation struggling to reconcile the promise of peace and democracy with a violent and tumultuous past.

The Making of Shinkokinshū Robert N. Huey, 2020-03-23

This study of the Japanese imperial court in the early thirteenth century focuses on the compilation of one of Japan's most important poetry collections, Shinkokinshū. Using personal diaries, court records, poetry texts, and literary treatises, Robert N. Huey reconstructs the process by which Retired Emperor Go-Toba brought together contending factions to produce this collection and laid the groundwork for his later attempt at imperial restoration. The work analyzes how poetic discourse of the imperial court animated both other kinds of writing and other activities. Finally, it underscores the inextricable ties between the writing of poetry and court politics. Shinkokinshū—the “New Kokinshū”—has been viewed as a neo-classical effort. Reading history backward, scholars have often taken the work to be the outgrowth of a nostalgia for greatness presumed to have been lost in the wars of the origins of the collection. The author argues that the compilers of Shinkokinshū instead saw it as a “new” beginning, a revitalization and affirmation of courtly traditions, and not a reaction to loss. It is a dynamic collection, full of innovative, challenging poetry—not an elegy for a lost age.

Human Security and Cross-Border Cooperation in East Asia Carolina G. Hernandez, Eun Mee Kim, Yoichi Mine, Ren Xiao, 2018-09-01 This book takes up a wide variety of human security challenges beyond the dimension of human conflict, and looks at both natural and human disasters that the East Asian region faces or is attempting to resolve. Plus Three and beyond. Against the backdrop of multifaceted globalization and parochial reactions thereto, this book is a powerful contribution to universal human security.

Esoteric Pure Land Buddhism Aaron P.

Proffitt, 2023-04-30 What, if anything, is Esoteric Pure Land Buddhism? In 1224, the medieval Japanese scholar-monk Dōhan (1179–1252) composed *The Compendium on Esoteric Mindfulness of Buddha* (Himitsu nenbutsu shō), which begins with another seemingly simple question: Why is it that practitioners of mantra and meditation rely on the recitation of the name of the Buddha Amitābha? To answer this question, Dōhan explored diverse areas of study spanning the whole of the East Asian Mahayana Buddhist tradition. Although contemporary scholars often study Esoteric Buddhism and Pure Land Buddhism as if they were mutually exclusive and diametrically opposed schools of Buddhism, in the present volume Aaron Proffitt examines Dōhan’s *Compendium* in the context of the eastward flow of Mahayana Buddhism from India to Japan and uncovers Mahayana Buddhists employing multiple, overlapping, so-called “esoteric” approaches along the path to awakening. Proffitt divides his study into two parts. In Part I he considers how early Buddhologists, working under colonialism, first constructed Mahayana Buddhism, Pure Land Buddhism, and Esoteric Buddhism as discrete fields of inquiry. He then surveys the flow of Indian Buddhist spells, dhāraṇī, and mantra texts into China and Japan and the diverse range of Buddhist masters who employed these esoteric techniques to achieve rebirth in Sukhāvatī, the Pure Land of Bliss. In Part II, he considers the life of Dōhan and analyzes the monk’s comprehensive view of buddhānusmṛti as a form of ritual technology that unified body and mind, Sukhāvatī as a this-worldly or other-worldly

soteriological goal synonymous with nirvana itself, and the Buddha Amitābha as an object of devotion beyond this world of suffering. The work concludes with the first full translation of Dōhan's Himitsu nenbutsu shō into a modern language.

The Red Thread Bernard Faure, 1998-10-26 Is there a Buddhist discourse on sex? In this innovative study, Bernard Faure reveals Buddhism's paradoxical attitudes toward sexuality. His remarkably broad range covers the entire geography of this religion, and its long evolution from the time of its founder, Xvkyamuni, to the premodern age. The author's anthropological approach uncovers the inherent discrepancies between the normative teachings of Buddhism and what its followers practice. Framing his discussion on some of the most prominent Western thinkers of sexuality--Georges Bataille and Michel Foucault--Faure draws from different reservoirs of writings, such as the orthodox and heterodox doctrines of Buddhism, and its monastic codes. Virtually untapped mythological as well as legal sources are also used. The dialectics inherent in Mahavyvna Buddhism, in particular in the Tantric and Chan/Zen traditions, seemed to allow for greater laxity and even encouraged breaking of taboos. Faure also offers a history of Buddhist monastic life, which has been buffeted by anticlerical attitudes, and by attempts to regulate sexual behavior from both within and beyond the monastery. In two chapters devoted to Buddhist homosexuality, he examines the way in which this sexual behavior was simultaneously condemned and idealized in medieval Japan. This book will appeal especially to those interested in the cultural history of Buddhism and in premodern Japanese culture. But the story of how one of the world's oldest religions has faced one of life's greatest problems makes fascinating reading for all.

Last Days of the Mighty Mekong Brian Eyler, 2019-02-15 Celebrated for its natural beauty and its abundance of wildlife, the Mekong river runs thousands of miles through China, Myanmar, Laos, Thailand, Cambodia, and Vietnam. Its basin is home to more than 70 million people and has for centuries been one of the world's richest agricultural areas and a biodynamic wonder. Today, however, it is undergoing profound changes. Development policies, led by a rising China in particular, aim to interconnect the region and urbanize the inhabitants. And a series of dams will harness the river's energy, while also stymieing its natural cycles and cutting off food supplies for swathes of the population. In *Last Days of the Mighty Mekong*, Brian Eyler travels from the river's headwaters in China to its delta in southern Vietnam to explore its modern evolution. Along the way he meets the region's diverse peoples, from villagers to community leaders, politicians to

policy makers. Through conversations with them he reveals the urgent struggle to save the Mekong and its unique ecosystem.

Reflecting the Past Erin L Brightwell, 2022-03-07

Reflecting the Past is the first English-language study to address the role of historiography in medieval Japan, an age at the time widely believed to be one of irreversible decline. Drawing on a decade of research, including work with medieval manuscripts, it analyzes a set of texts—eight *Mirrors*—that recount the past in an effort to order the world around them. They confront rebellions, civil war, “China,” attempted invasions, and even the fracturing of the court into two lines. To interrogate the significance for medieval writers of narrating such pasts as a *Mirror*, Erin Brightwell traces a series of innovations across these and related texts that emerge in the face of disorder. In so doing, she uncovers how a dynamic web of evolving concepts of time, place, language use, and cosmological forces was deployed to order the past in an age of unprecedented social movement and upheaval. Despite the *Mirrors*’ common concerns and commitments, traditional linguistic and disciplinary boundaries have downplayed or obscured their significance for medieval thinkers. Through their treatment here as a multilingual, multi-structured genre, the *Mirrors* are revealed, however, as the dominant mode for reading and writing the past over almost three centuries of Japanese history.

Kon Ichikawa Cinematheque Ontario, 2001-05-24 Kon Ichikawa has long been internationally acknowledged as one of the most accomplished and prolific masters of Japanese cinema, in the exalted company of Akira Kurosawa, Kenji Mizoguchi, and Yasujiro Ozu. Celebrated for his many adaptations of famous Japanese novels such as *Fires on the Plain*, *Harp of Burma*, *Kagi*, *Conflagration*, and *The Makioka Sisters*, Ichikawa is an artist with an astounding command of many genres, forms and tones, from ferociously humanist war films to sophisticated social

satires, formalist documentaries (the acclaimed Tokyo Olympiad) to extravagant period pieces (An Actor's Revenge.) This volume, designed to accompany a retrospective of Ichikawa's films, spans his entire career and includes essays and commentaries by such leading scholars of Japanese cinema as Donald Richie, Tadao Sato, Max Tessier, David Desser, Linda Erlich, and Keiko McDonald. Many articles and translations were commissioned for the book, including those by Tony Rayns, Aaron Gerow, Dennis Washburn and Catherine Russell. A new career interview with critic Mark Schilling is one of several illuminating discussions with the director included in this volume. Appraisals of Ichikawa by novelist Yukio Mishima, director Yasuzo Masumura, and critic Pauline Kael round out the portrait of a director prized for his elegant compositional style, venomous wit, and unerring humanism. Published by Cinematheque Ontario. Distributed in Canada by Wilfrid Laurier University Press. Distributed outside Canada by Indiana University Press.

The Handbook of Contemporary Cambodia

Katherine Brickell, Simon Springer, 2016-09-13 Offering a comprehensive overview of the current situation in the country, The Handbook of Contemporary Cambodia provides a broad coverage of social, cultural, political and economic development within both rural and urban contexts during the last decade. A detailed introduction places Cambodia within its global and regional frame, and the handbook is then divided into five thematic sections: Political and Economic Tensions Rural Developments Urban Conflicts Social Processes Cultural Currents The first section looks at the major political implications and tensions that have occurred in Cambodia, as well as the changing parameters of its economic profile. The handbook then highlights the major developments that are unfolding within

the rural sphere, before moving on to consider how cities in Cambodia, and particularly Phnom Penh, have become primary sites of change. The fourth section covers the major processes that have shaped social understandings of the country, and how Cambodians have come to understand themselves in relation to each other and the outside world. Section five analyses the cultural dimensions of Cambodia's current experience, and how identity comes into contact with and responds to other cultural themes. Bringing together a team of leading scholars on Cambodia, the handbook presents an understanding of how sociocultural and political economic processes in the country have evolved. It is a cutting edge and interdisciplinary resource for scholars and students of Southeast Asian Studies, as well as policymakers, sociologists and political scientists with an interest in contemporary Cambodia.

Ryōgen and Mount Hiei Paul Groner, 2002-06-30

Ryogen and Mount Hiei focuses on the transformation of the Tendai School from a small and impoverished group of monks in the early ninth century to its emergence as the most powerful and influential school of Japanese Buddhism in the last half of the tenth century—a position it would maintain throughout the medieval period. This is the first study in a Western language of the institutional factors that lay behind the school's success. At its core is a biography of a major figure behind this transformation, Ryogen (912–985). The discussion, however, extends well beyond a simple biography as Ryogen's activities are placed in their historical and institutional context. Unlike the recluses and eccentrics that have so often attracted Western readers of Buddhism, Ryogen was a consummate politician and builder. Because he lost his major monastic sponsor at an early age, he was forced to find ways to advance his career with little support. His activities reveal much about the path

to success for monks during the tenth century. Skill in debate, the performance of Esoteric Buddhist ritual, and strategic alliances with powerful lay and monastic figures were important to his advance. In 966 Ryogen was appointed head of the Tendai School and served until his death nineteen years later. He has been vilified at times for his loyalty to his own faction within Tendai at the expense of other groups. Careful analysis of the political and social factors behind his attitudes, however, places his activities in their appropriate context. The study concludes with a discussion of the ordinations and roles of nuns during the early Heian period. An examination of Ryogen's close relation with his mother helps define the ambiguities of a school that prohibited women from the precincts of its temple yet performed rituals to insure safe childbirth and frequently attracted their patronage. A number of primary sources are translated in the appendices.
