*Silencer* Campbell Armstrong, 2015-04-21 When the US Federal Witness Protection Program fails to protect a star witness, a tough female former prosecutor risks her life to get answers in international bestselling author Campbell Armstrong's high-stakes thriller Reuben Galindez's testimony helped put away brutal arms smuggler Ángel Sanchez, and he thought the trial would be the last time he'd ever have to deal with Sanchez again. Of course Sanchez's organization was looking for him, but Galindez wasn't alone; he had the US government, the FBI, and the Witness Protection Program to keep him safe. When Galindez's body is found floating face-down in the river, riddled with bullets, former state prosecutor Amanda Scholes, who believed she'd put Sanchez in jail forever, is determined to find out what went wrong. Did the witness reveal his identity and leave the program? Did someone from inside Sanchez's organization track down Galindez? Or is his death the result of something far more insidious? Has someone managed to infiltrate the fortresslike security surrounding the program in order to exact revenge?

*The Silencer Series Box Set Books 9-12* Mike Ryan, 2020-04-26 This box set includes books 9-12 of *The Silencer Series*. Close Range After getting back from vacation, Recker finds himself with not much to do. With work in the city at an all-time low, Recker is approached by a familiar face. Michelle Lawson has a job for him in regards to an illegal arms dealer that has continuously given the CIA the slip. Feeling like he can trust her and work for the agency again for one job, Recker agrees to do the assignment once all his conditions are met. With Jones and Haley on board, the teams heads off to London to find their target. It's back to where everything started for Recker when the CIA initially tried to terminate him. But what they hope is a short-term assignment turns into a much longer stay, and with Mia having problems of her own at home, Recker turns to old friends in order to help him accomplish his mission and get home faster. Trigger Pull After getting back from London, Recker and the team are immediately swept up in Vincent and Nowak's feud again. Though they initially refuse in getting involved, their minds are changed when they start getting ambushed. Recker is ambushed in an alley while trying to prevent a jewelry store heist, Haley has his car blown up in trying to track down the suspects, and Tyrell's relationship with Recker is found out, leaving him in a vulnerable position. The team learns it's all part of Nowak's plan to get rid of all of them, leading them into an eventual final confrontation with her. One that will be deadly. Lethal Force Another menacing force has entered the city. The Tri-State Scorpions have migrated from New Jersey and are looking to make the city their own. Recker and the team have plans to stop them, but it will come at a cost. After one of the leaders of the Scorpions gets in a shootout with Haley, he is transported to a local hospital that Mia is working at. The Scorpions take over the hospital, causing it to go on lockdown. After receiving a troublesome text message that indicates Mia is in some type of danger, Recker must find a way to get into the hospital and save her... before it's too late. Zeroed In With the events of the hospital still fresh in their minds, The Scorpions are regrouping and ready to wage war. With Recker being their main target, they'll do anything to lure him into their grasp, including taking his partner hostage. Will *The Silencer* get there in time to save his friend, or will Haley pay the price for his partner's sins?

*Silent But Deadly* George Hayduke, 1995-01-01 Despite what the Brady bunch might say, silencers serve some very civilized functions and contribute to a saner, quieter way of life, which is why a lot of folks like them. After reading *The Hayduke Silencer Book*, many readers shared their own ideas for simple designs you can build at home, legally. Here is the cream of the crop.

The Silencer Series Box Set Books 5-8 Mike Ryan, 2020-04-25 This Box Set contains books 5-8 in The Silencer Series, including: Point Blank After six months away in Detroit, Recker and Jones return their operation to Philadelphia. They're almost immediately thrown into trying to prevent a cop killing. They also come back to find things aren't quite the way they left them. One of the city's crime leaders tries to force Recker's hand, by using Mia as bait, in helping them take control of the city. Despite getting the cold shoulder from Mia initially upon his return, Recker works hard at freeing her from danger, taking her to the only place he knows she'll be safe. It leads to a violent conclusion, one that finds Recker working with the police by his side. Double Tap Recker and Jones go hunting to add a third member to the team. After an exhaustive search, Jones has finally found the perfect candidate. Former CIA Operative Chris Haley has been out of the game for a couple of years, but jumps at the chance to jump back into things as the new Silencer. As Recker and Haley start settling in with their new work dynamic, things don't go as smoothly as they have in the past. They get into a rough situation that leads to Recker getting put in handcuffs and taken away in a police car. Can Jones engineer Recker's release? Or will they once again become a two man team with only Jones and Haley? Hollow Point Somebody is shooting police officers. After several killings, and no progress on finding the shooter by the police department, Recker is asked to lend a hand. One of Vincent's men inside the department, a homicide detective, reaches out to The Silencer, setting up a meeting through Vincent. As Recker, Haley, and Jones investigate the killings, they start to find more questions than answers, and realize that everything is not as cut and dried as it seems. Once the supposed killer is finally found, Recker thinks he may have been played. He's not so sure that it wasn't a plant and the man was framed. All of which leads him to question, if it's someone else behind the shootings, who has the power and motivation to pull it off? And why? High Velocity There's a new criminal element in town and they state their arrival by knocking off a few of Vincent's men. Recker and the team get drawn into the middle of it and start investigating to learn the identity of the mystery player. Recker and Haley get a tip about a high-level meeting of the new crew in an abandoned building, but all is not what it seems. Instead of a meeting, they run into Malloy, who's also there to investigate, and an otherwise empty building. It turns out to be an ambush, and only two of the three will escape uninjured. Will they find out who's responsible for the attack and bring them to their brand of justice? Or will the perpetrators slip out from under their fingers to cause more chaos and destruction?

**The Heavy Hand of the Editor** Cora Buhlert, 2020-01-30 New York City, 1938: Richard Blakemore, hardworking pulp writer by day and the masked vigilante only known as the Silencer by night, has faced many a horror in his day. But few of them can match the terror of the blank page. Especially since Donald A. Stuart, the upstart young editor of an upstart young magazine called Stunning Science Stories, has already rejected Richard's story The Icy Cold of Space four times. Stuart demands changes that Richard does not want to make. Worse, he also holds Richard's story hostage. Unless Stuart permanently rejects the story, Richard cannot sell it elsewhere. There are a lot of shady practices in the pulp business, but Stuart's actions are beyond the pale even for the wild west of publishing. And so the Silencer decides to pay Stuart a visit to put the fear of God into an editor who believes himself to be one. This is a novelette of 10800 words or approx. 38 print pages in the Silencer series, but may be read as a standalone. Any resemblances to editors, writers and magazines living, dead or undead are entirely not coincidental.

**Silencer** James W. Hall, 2010-01-19 Silencer pits brother against brother and wife against husband in a thriller that proves once again that Hall is a master of suspense (Publishers Weekly).

**Silencer** Marcus Wicker, 2017-09-05 "Tough talk for tough times. Silencer is both lyrical and merciless-Wicker's mind hums in overdrive, but with the calm and clarity of a marksman." -Tim Seibles, author of One Turn Around the Sun and finalist for the National Book Award A suburban park, church, a good job, a cocktail party for the literati: to many, these sound like safe places, but for a young black man these insular spaces don't keep out the news-and the actual threat-of gun violence and police brutality, or the biases that keeps body, property, and hope in the crosshairs. Continuing conversations begun by Citizen and Between the World and Me, Silencer sings out the dangers of unspoken taboos present on quiet Midwestern cul-de-sacs and in stifling professional settings, the dangers in closing the window on "a rainbow coalition of cops doing calisthenics around/a six-foot, three-hundred-fifty-pound man, choked back into the earth for what/looked a lot, to me, like sport." Here, the language and cadences of hip-hop and academia meet prayer-these poems are crucibles, from which emerge profound allegories and subtle elegies, sharp humor and incisive critiques. "There is not a moment in this book when you are allowed to forget the complexities of a black man's life in America. These poems evoke so much-strength, beauty, passion, fear. There is the quiet, ironic pleasure of life on a cul-de-sac juxtaposed with the tensions of always wondering when a police officer's gun or fists might get in the way of the black body. The stylistic range of these poems, the wit, and the intelligence of them offers so much to be admired. There is nothing silent about Silencer. What an outstanding second book from Marcus Wicker." -Roxane Gay "Marcus Wicker's masterful and hard-hitting second collection is exactly the book we need in this time of malfeasance, systemic violence, and the double talk that obfuscates it all... He writes the kinds of vital, clear-eyed poems we can turn to when codeswitching slogans and online power fists no longer get the job done. These are poems whose ink is made from anger and quarter notes. They remind us that to remain silent in the face of aggression is to be complicit and to be complicit is not an option for any of us." -Adrian Matejka, author of The Big Smoke and finalist for the National Book Award and Pulitzer Prize "Silencer is an important book of American poetry: wonderfully subtle, wholly original, and subversive. Politics and social realities aside, this is foremost a book that delights in language, how it sounds to the ear and plays to the mind. We have suburban complacency played against hip-hop resistance, Christian prayers uttered in the face of dread violence, real meaning pitted against materialism, and love, in its largest measure, set against ignorance. To say Silencer is a tour de force would be an understatement. What a work of true art this is, and what a gift Marcus Wicker has given to us." -Maurice Manning, author of One Man's Dark and finalist for the Pulitzer Prize Silencer disarms and dazzles with its wisdom and full-throated wit. [This]

collection snaps to attention with a soundtrack full of salty swagger and a most skillful use of formal inventions that'll surely knock you out. Here in these pages, sailfish and hummingbirds assert their frenetic movements on a planet simmering with racial tensions, which in turn forms its own kind of bopping and buoyant religion. What a thrill to read these poems that provoke and beg for beauty and song-calling into the darkest of nights. -Aimee Nezhukumatathil, author of *Lucky Fish* and poetry editor at Orion Magazine

Art and Science of Wet Silencers Klaus Rompanen, 2012-03-01 Using a fluid to cool and contract exhaust gases from a firearm is one of the most effective ways to silence the report. For some reason, this principle has been neglected -or simply overlooked -by the ordnance community. For this reason, it may well be the new frontier for research in the field of firearm suppression.
