

Silver Bird

Jasper Spenser-Smith

Silver Bird Ben Ray, 2019-08 Samantha Gibbons was a tomboy, born and raised in Boston, from a wealthy family who tried in vain to turn her into a lady. Samantha, or Sam as she preferred, was eager to explore and lead a life of adventure, rather than the tea and cake circle she was being forced into. Then she read about the Wright Brothers, Wilbur and Orville, and her life would change for ever. Buying her own aeroplane, she headed out into what was still termed as the Wild West. What followed was an adventure filled with thrills, fear, danger, and friendships, and a journey she would never forget.

Tangle and the Silver Bird Benedict Blathwayt, 1989 Tiny Tangle and his friend Burr accidentally take a ride on an airplane and have many adventures in a strange countryside before returning home.

The Two Lives of Lydia Bird Josie Silver, 2022-01-25 Two lives. Two loves. One impossible choice. From the #1 New York Times bestselling author of the Reese's Book Club Pick *One Day in December* . . . "I read *The Two Lives of Lydia Bird* in a single sitting. What a beautiful, emotional gift Josie Silver

has given us.”—Jodi Picoult Written with Josie Silver’s trademark warmth and wit, *The Two Lives of Lydia Bird* is a powerful and thrilling love story about the what-ifs that arise at life’s crossroads, and what happens when one woman is given a miraculous chance to answer them. Lydia and Freddie. Freddie and Lydia. They’d been together for more than a decade and Lydia thought their love was indestructible. But she was wrong. On Lydia’s twenty-eighth birthday, Freddie died in a car accident. So now it’s just Lydia, and all she wants is to hide indoors and sob until her eyes fall out. But Lydia knows that Freddie would want her to try to live fully, happily, even without him. So, enlisting the help of his best friend, Jonah, and her sister, Elle, she takes her first tentative steps into the world, open to life—and perhaps even love—again. But then something inexplicable happens that gives her another chance at her old life with Freddie. A life where none of the tragic events of the past few months have happened. Lydia is pulled again and again through the doorway to her past, living two lives, impossibly, at once. But there’s an emotional toll to returning to a world where Freddie, alive, still owns her heart. Because there’s someone in her new life, her real life, who wants her to stay.

Stormbite T. Hearts,2018-08-30 Fight or Flight. No time for thinking it through.Flight was always her answer.Storm isn't human, none of the Rogues are. They're Synthetic and hidden in the very heart of London, making it their job to help other Synths in trouble with ARCD and Hasekura, with the assistance of the group of renegade humans known as the Rioteers. However, when Storm makes

one inadvertent mistake on what seems to be a fairly routine mission to track down a group of missing Synths and discover what has happened to them, little does she realise that she has inadvertently sparked a chain reaction that will have dire consequences for not just her family of Rogues, but for all Synths across the world.-----18+ Contains Violence and Foul Language

Silver Bird in the Black Cadillac Linda Regula, 2017-11-05 I view my memories as a vast collection of photographic images, many retaining clear images and brilliant colors; these are distinct reproductions of remembered events that, on demand, I display in vivid arrays in my mind. Others have also retained their images but colors are faded, shapes ghost-like, edges so tattered they will never fit into the complicated puzzle that is my life. I'm fearful that the movement of time is not the only reason they have become so damaged. I suspect that feelings of sadness and pain drifting out of my childhood are solely responsible for their distortion so, to discover their truth, these are the memories I've compared with those of my remaining siblings. There are darker and scarier pictures, more closely affecting my life and my family; these are the ones I keep under mental lock and key. I'm

only brave enough to look into that dark place in my mind, whenever I need motivation to keep on...keeping on.

The Wrecking Crew Kent Hartman, 2012-02-14 Winner of the Oregon Book Award for General Nonfiction and Los Angeles Times bestseller It makes good music sound better.-Janet Maslin in The New York Times A fascinating look into the West Coast recording studio scene of the '60s and the inside story of the music you heard on the radio. If you always assumed the musicians you listened to were the same people you saw onstage, you are in for a big surprise!-Dusty Street, host of Classic Vinyl on Sirius XM Satellite Radio If you were a fan of popular music in the 1960s and early '70s, you were a fan of the Wrecking Crew-whether you knew it or not. On hit record after hit record by everyone from the Byrds, the Beach Boys, and the Monkees to the Grass Roots, the 5th Dimension, Sonny & Cher, and Simon & Garfunkel, this collection of West Coast studio musicians from diverse backgrounds established themselves in Los Angeles, California as the driving sound of pop music-sometimes over the objection of actual band members forced to make way for Wrecking Crew

members. Industry insider Kent Hartman tells the dramatic, definitive story of the musicians who forged a reputation throughout the business as the secret weapons behind the top recording stars. Mining invaluable interviews, the author follows the careers of such session masters as drummer Hal Blaine and keyboardist Larry Knechtel, as well as trailblazing bassist Carol Kaye-the only female in the bunch-who went on to play in thousands of recording sessions in this rock history. Readers will discover the Wrecking Crew members who would forge careers in their own right, including Glen Campbell and Leon Russell, and learn of the relationship between the Crew and such legends as Phil Spector and Jimmy Webb. Hartman also takes us inside the studio for the legendary sessions that gave us Pet Sounds, Bridge Over Troubled Water, and the rock classic Layla, which Wrecking Crew drummer Jim Gordon cowrote with Eric Clapton for Derek and the Dominos. And the author recounts priceless scenes such as Mike Nesmith of the Monkees facing off with studio head Don Kirshner, Grass Roots lead guitarist (and future star of The Office) Creed Bratton getting fired from the group, and Michel Rubini unseating Frank Sinatra's pianist for the session in which the iconic singer

improvised the hit-making ending to *Strangers in the Night*. *The Wrecking Crew* tells the collective, behind-the-scenes stories of the artists who dominated Top 40 radio during the most exciting time in American popular culture.

The Bird of Destiny P.J. Sanderson,2020-11-17 Nothing makes Horus happier than being with his

family in their jungle home. But the human bulldozers are about to move in on his paradise. Not only will the destruction of all the trees leave his family homeless, the rising temperatures due to climate change are about to leave his species with no food – meaning Hummingbirds could be gone forever. With his dad missing and no bird willing to make a stand, Horus needs a miracle. So when he hears of a mystical bird called the ‘Bird of Destiny’ who can listen to the wind and change the future, he makes it his mission to find this extraordinary bird so they can save his species and shake up the humans so they see how climate change is killing the planet. But does the Bird of Destiny truly exist? Can Horus save Hummingbirds from extinction? And will he ever get to see his dad again?

Propliners Jasper Spenser-Smith,1998-02-01 A history of propliners, from the old Handley-Page 42 four-engined 1930s biplane to today's successful fuel-efficient short- and medium-haul turboprops - the BAE Jetstream and the Saab 2000. The romantic era of early passenger flight is evoked with Qantas Catalinas flying non-stop to Perth in 1935, or taking cocktails over the Atlantic with BOAC. The drama of the Dakotas and the Berlin airlift are covered together with famous failures such as the Brabazon Princess flying boat and Russian Tupolev 114. The change from piston to turbo, the inevitable victory of jet technology and the fightback of the turboprops to dominate sectors of the market provides a parallel technological narrative.

Something More John Swearingen,2023-03-03 Whether one takes the road less-traveled, or takes the well-traveled road more slowly, each choice is a deliberate one made on the calculated chance that, perhaps, such particular choice will yield an ever-desired, but always elusive 'something more' that will grace one's life. For example: the unexpected perception of something sublime in the ordinary;

the mysteries of an open door; a new awareness of a familiar voice; intrigues of a fragrant hour; the thrill of a sudden, new consciousness-raising thought or emotion; any ‘something more’, really, that at once sustains us and comforts us. In this book, it is these moments of experiencing something more that author, John Swearingen, shares with the reader, in verse form, the delight he found in each such moment of experiencing something more, hoping they, too, will be delighted in the telling.
